No. 943M.R.—The 26th November 1912.—In exercise of the power conferred by clause (*j*) of section 31 of the Indian Forest Act, 1878 (VII of 1878), the Governor in Council is pleased to make the following rules to regulate hunting, shooting, trapping and fishing in the protected forests of the Sundarbans division of the Bakarganj district:—

Bakarganj.

Rules for the regulation of hunting, shooting, trapping and fishing in the Bakarganj Protected Forests.

1. (1) The following close seasons in respect of the animals or birds mentioned against each season shall be observed in the Protected Forests of the Bakarganj Sundarbans division, and no person shall kill or attempt to kill or snare or attempt to snare any such animal or bird during such season, namely :—

Rhinoceros and buffalo	...	... The whole year.
Deer of all kinds	...	... 1st May to 31st October.
Green pigeon	...	... 15th March to 15th June.
Jungle fowl	...	... 1st April to 30th September.

(2) The killing of fish by poisoning, dynamiting, damming and baling is absolutely prohibited.

2. (1) Permits to hunt, shoot, trap or fish within the said Protected Forests may, subject to the provisions of Rule 1, be granted by the Collector of Bakarganj in Form A in the Schedule to these rules and on payment of a fee of Rs. 10.

(2) No person other than a permit-holder shall hunt, shoot, set traps or fish within such forests.

3. Every permit shall be—

(*a*) non-transferable,

(*b*) granted for a certain block or blocks of forest which shall be entered thereon, and

(*c*) available only for the period specified thereon.

4. Permits to hunt, shoot, trap or pursue game in the said forests shall be of two classes only, namely :—

(i) a sportsman's permit permitting the holder to shoot animals of all kinds with the exception of female deer, hornless male deer or deer with horns in velvet, subject to observance of the close seasons prescribed in Rule 1. The fee for each such permit, which shall hold good for the period between the date on which the permit is issued and the 30th June following the date of its issue, shall be Rs. 10; and

(ii) a tiger-killing permit permitting the holder to shoot or trap tigers and such animals other than deer as he may require for baits. Permits of this class may be issued free of charge and for periods not exceeding six months in any case.

5. In any case in which an application for a permit is refused by the Collector, an appeal shall lie to the Commissioner of the Dacca Division.

6. Every person to whom a permit has been granted under these rules and who is found hunting, shooting, trapping or fishing in the said Protected Forests shall produce his permit if required to do so by any Magistrate, Forest Officer or Police Officer having jurisdiction in the locality.

7. The Commissioner of the Dacca Division may close absolutely to hunting, shooting, trapping or fishing the said Protected Forests or any portion thereof when the extinction of any species is feared or when it may appear necessary either to form a sanctuary for game or for any other reason. Hunting, shooting, trapping or fishing in such closed forest is altogether prohibited.

8. Gazetted Officers of Government while on duty within the said Protected Forests area, are exempted from taking out permits, but shall be bound by the provisions of Rule 1.

9. A breach of these rules shall be punishable under section 32 of the Indian Forest Act, 1878.

PUBLIC WORKS (IRRIGATION) DEPARTMENT.

The 26th November 1912.

No. 10—Notification.—The following draft of amendments which in exercise of the power conferred by sections 6 and 11 of the Canals Act, 1864 (Bengal Act V of 1864), the Governor in Council intends to make in the revised Schedule of Tolls in force on the Calcutta Canals and Tolly's Nala and in the rules for the management of navigation thereon published in Notification No. 144, dated the 30th May 1893 (at page 493 of Part I of the *Calcutta Gazette* of the 31st *idem*), is hereby published for the information of persons likely to be affected thereby.

2. The draft will be taken into consideration on or after the 1st January 1913 and any objection or suggestion received by the undersigned before that date will be duly considered,

Draft of amendments.

After item 13 *add* the following item :—

"14. During the period from the 1st December to 15th June boats laden with rice will be allowed to proceed to or from the river Biddiadhari through the Circular Canal and the Tolly's Nala *viâ* Kidderpore on payment of a rate of one rupee and twelve annas per hundred maunds of measured maundage for passage through these canals.

For purposes of reckoning demurrage charges under item 11 of this schedule, in the case of such boats during the said period, two extra days will be allowed over and above those provided for vessels plying on the Tolly's Nala.

Boats plying under this concession will not be allowed either to load or to unload along the Circular Canal or the river Hooghly. Infringement of this rule will render the boats liable to the ordinary tolls in force for the Circular Canal and Tolly's Nala."

MARINE DEPARTMENT.

The 26th November 1912.

EXAMINATION OF MASTERS AND MATES.

Instructions to Examiners and Notice to Candidates.

No. 120Marine.—Notification.—The Government of Bengal desire to draw the attention of candidates to the fact that for all certificates of competency as Master or Mate in the Mercantile Marine, the qualifying service usually required is service performed in ordinary trading vessels. While the regulations relating to the examination of Masters and Mates provide for the acceptance in part of certain kinds of non-trading service (*e.g.*, that performed in fishing boats, yachts, pilot vessels, &c.), non-trading service not specially provided for in the Regulations cannot be accepted as qualifying service unless it has been submitted to the Government of Bengal and their sanction obtained.

Service performed in War Department or Naval Ordnance vessels employed outside partially smooth water limits (see paragraph 125 of the Regulations) may be accepted as sea service to qualify a candidate for a Mate's or Master's Certificate for Home Trade Passenger Ships only. The service cannot be accepted towards qualifying a candidate for a Foreign-going Certificate unless there should be some very exceptional circumstances, when the case, together with all the candidate's papers, should be submitted to the Government of Bengal for their consideration.

Examiners are reminded that they should not allow any candidate to proceed with his examination until his service qualifications have been properly considered.

Orders by the Governor of Bengal in Council.

MUNICIPAL AND LOCAL.

NOTIFICATIONS.

Nadia.

No. 1578M.—The 21st November 1912.—In exercise of the power conferred by clause (*a*) of section 59 of the Bengal Municipal Act, 1884 (Bengal Act III of 1884), His Excellency the Governor in Council is pleased to approve the resolution passed by the Commissioners of the Kushtia Municipality, in the district of Nadia, under section 23 of that Act, electing Babu Purna Chandra Ray to be Chairman of that Municipality.

24-Parganas.

No. 1604M.—The 25th November 1912.—The following draft orders which His Excellency the Governor in Council proposes to make in exercise of the powers conferred by section 221 of the Bengal Municipal Act, 1884 (Bengal Act III of 1884), are published for the information of persons likely to be affected thereby.

2. The draft will be taken into consideration on the 28th December 1912, and any objection or suggestion which may be received by the undersigned through the District Magistrate and the Divisional Commissioner before that date will be duly considered.

Draft orders.

In exercise of the power conferred by section 221 of the Bengal Municipal Act, 1884 (Bengal Act III of 1884), and upon the application of the Commissioners of the South Suburban Municipality, in the district of 24-Parganas, made in pursuance of a resolution passed at a meeting specially convened to consider the question, His Excellency the Governor in Council is pleased to extend all the provisions of Part IX of that Act to the area of the South Suburban Municipality, the boundaries of which are specified below:—

1,000 feet on both sides of the Harisova Jingirpole Road and Budge-Budge Road in Behala Ward of the Municipality.

No. 1613M.—The 25th November 1912.—The following draft of rules, which, in exercise of the power conferred by section 290 of the Bengal Municipal Act, 1884 (Ben. Act III of 1884), His Excellency the Governor in Council proposes to make, and subject to which the Commissioners of the Tollygunge Municipality may allow communication-pipes to be laid down from the service-pipes of the Commissioners for the purpose of leading water to premises for domestic purposes only, are published for the information of persons likely to be affected thereby.

24-Parganas.

II. The draft rules will be taken into consideration on the 2nd January 1913 and any objection or suggestion which may be received by the undersigned before that date will be duly considered.

Draft Rules.

1. So long as the Commissioners deem it practicable and consistent with the maintenance of an efficient water-supply, they may allow any owner or occupier of a masonry building paying a water-rate imposed under the provisions of Part VII of the Bengal Municipal Act, 1884, on the annual value of such building when such annual value is not *less than Rs. 200* to lay down communication-pipes from the service-pipes of the Commissioners for the purpose of leading water to such building for domestic purposes only, subject to the following rules and conditions.

2. The owner or occupier of any masonry building requiring water to be laid on to such building for domestic purposes, or requiring any addition or alteration to an existing water-supply, must apply for the same on a printed form to be supplied free of cost at the Municipal office.

3. A fee of Rs. 2 must be paid to the Commissioners by such owner or occupier for each building connection before any work is commenced; such fee to be in addition to all other costs and charges imposed under these rules.

4. Each building must have a separate connection, and extensions from the communication-pipe of one building to another shall not be permitted.

5. The owner or occupier of the building in respect of which the connection is required must pay the entire cost of the connection, including the supply and fixing of the fittings referred to in rule 7, and must also pay the cost of such alterations in, or repairs to, roads, drains sewers, gas or water-mains or pipes, and the cost of such other works as may be necessitated by, or result from, the work of making such connection.

6. (1) The work required may, at the option of the Commissioners, either be carried out by the Commissioners themselves at the expense of the owner or occupier of the building in respect of which the work is required, or may be carried out by a person or firm employed by such owner or occupier and approved by the Commissioners.

(2) The work must be done under the supervision of an officer appointed by the Commissioners in this behalf, and no connection must be made with the municipal water-main except at such time as may be appointed, and in such position as may be selected, by an authorised Municipal officer.

7. A building connection shall comprise the following parts or fittings:—

(*a*) a brass or gun-metal ferrule inserted in the main supply-pipe;

(*b*) a galvanised iron communication-pipe from the ferrule to the meter;

(*c*) a stop-cock and its surface-box;

(*d*) a meter

(*e*) service pipes from the stop-cock to the taps; and

(*f*) taps.

8. (1) All the fittings referred to in rule 7 shall be exact duplicates of standard samples kept in the office of the Commissioners, and approved by them in meeting.

(2) All fittings shall be inspected and tested and stamped by an officer of the municipality before being fixed.

(3) If any owner or occupier shall desire to adopt any fitting of a pattern different from the standard patterns, he must present such fitting for the approval of the Chairman, and any fittings so presented may, if considered satisfactory by the Chairman, be stamped, and samples thereof may be purchased and placed among the standard fittings.

9. The size of the ferrule referred to in clause (*a*) of rule 7 shall be decided by the Commissioners, but its diameter shall not differ from that of the communication-pipe referred to in clause (*b*) of that rule by more than ¼ inch.

10. (1) The diameter of the communication-pipe shall be determined with regard to the average pressure in the main supply-pipe at the point nearest the building for which a connection is required, and to the quantity of water to be supplied.

(2) The diameter of the communication-pipe shall be such that it will be capable of delivering the estimated daily supply in six hours.

(3) The building connection, when fitted in position, must be capable of standing a pressure of 100 feet, and no water shall be supplied until this test has been applied by the Commissioners.

11. (1) On every communication-pipe a brass or gun-metal stop-cock having the same waterway as such pipe shall be placed as near as practicable to the point where that pipe enters the building to be supplied.

(2) The stop-cock shall be built in a brick chamber provided with a cast-iron surface cover-box so designed that it can be locked, and the key of this box shall remain under the control of the Chairman.

(3) The stop-cock shall be capable of adjustment so that the supply to the building may be regulated thereby.

12. (1) The meter shall be placed as near to the stop-cock as possible and in a position where it can be conveniently examined.

(2) The meter must be fixed in a brick chamber covered over with a cast-iron surface-box of approved pattern.

(3) Subject to the provisions of rule 13, no meter must be touched or interfered with in any way except with the permission of the Chairman.

13. The Commissioners shall depute an authorized person to read every meter not less than once a quarter, and shall give notice to the occupier at least 24 hours before the reading is recorded.

14. (1) Every owner or occupier of any building in respect of which a connection has been made under these rules shall be entitled to a supply of 3,000 gallons of water per quarter for each rupee paid by him quarterly as water-rate, in respect of such building.

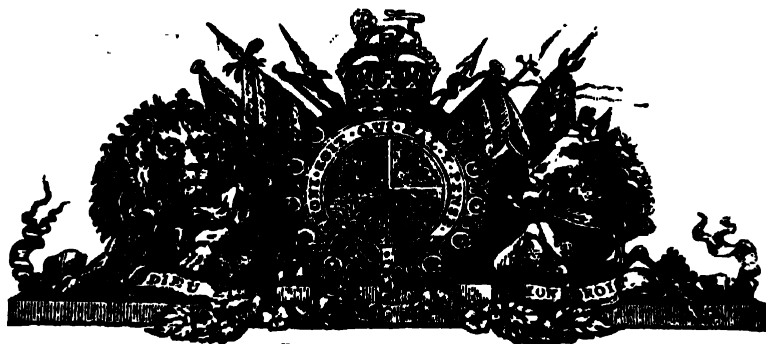
(2) For all water in excess of the 3,000 gallons allowed under sub-rule (1) such owner or occupier shall be charged quarterly as follows:—

	Per 1,000 gallons. Rs.	A.
(*a*) For any excess quantity of water not exceeding 1,500 gallons	0	5
(*b*) For any excess quantity of water exceeding 1,500 gallons, but not exceeding 3,000 gallons ...	0	8
(*c*) For any excess quantity of water exceeding 3,000 gallons, but not exceeding 6,000 gallons ...	0	12
(*d*) For any excess quantity of water exceeding 6,000 gallons	1	0

15. If the owner or occupier of any building which is supplied with water under these rules shall refuse or neglect to pay any of the fees or charges imposed in accordance with these rules for a space of fourteen days after he has been served with a notice of demand for the same, the Commissioners may, at any time after the expiration of that period, and without further notice disconnect any pipe forming part of the connection made in respect of such building, and may recover the cost of disconnecting such pipe from such owner or occupier:

Provided that the disconnection of such pipe shall not relieve any person from any liabilities which he may have incurred under these rules.

16. (1) Every tap shall be of the same size as the pipe to which it is attached and shall be of brass and of the pattern known as screw-down. Every tap shall be at least three feet above the road level.



(2) The number of taps in a building shall be fixed in accordance with the annual valuation of such building as follows :—

	Annual valuation of building.		Number of taps.
	Rs.	Rs.	
Under	300		 1
From	300 to	499	 2
,,	500 to	1,500	 3

No. 68D.—A special scholarship of Rs. 20 (twenty only) a month is granted to Shanta Sil Barua, tenable at the City College, Calcutta, for two years, with effect from the 1st May 1912, subject to the usual conditions of good conduct and satisfactory progress.

G. W. KÜCHLER,
Director of Public Instruction, Bengal.

NOTIFICATION,

STATE SCHOLARSHIPS TENABLE IN ENGLAND BY EUROPEANS AND EURASIANS EDUCATED IN INDIA.

No. 15241.—The 26th Novem er 1912.—In the year 1907 His Majesty's Secretary of State for India sanctioned the institution of one scholarship of £200 per annum tenable at a European University to be awarded in each year to a member of the domiciled European and Eurasian community in India on the understanding that candidates belonging to this community should no longer be regarded as eligible for the two University State Scholarships at present granted to natives of India. *For the scholarship to be awarded in the year 1913 applications are now invited.*

2. The scholarship will entitle the holder to an allowance not exceeding £200 per annum payable from the date of his arrival in England and will be tenable for three or four years, as circumstances may require, at any University in the United Kingdom or, with the special sanction of the Government of India, at a foreign University. The candidate to whom the scholarship is awarded will be required to proceed to England within a reasonable period from the date of his selection, and to reside there for a period of three or four years, as the case may be, unless compelled to return sooner by ill-health. He will be provided with a free second class passage to England, and also with a free return passage if he completes the full period of residence or is compelled by sickness to return within that period.

3. The two main principles which govern the grant of the scholarship are—

(*i*) that as the object in view is to assist a domiciled European or Eurasian to go through a University course in England the scholarship will ordinarily be awarded to a young man at the close of his school career in India so that he may join the University at practically the same age as boys educated in England: the Government of India place the age limits at 18 to 21, *i.e.*, the candidate must have completed 18 years of age and not have completed 21 years on 31st March of the year in which the scholarship is awarded, and

(*ii*) the scholarship will be given to the candidate who is most likely to win distinction at the University.

4. The following rules are to be observed in regard to the form in which applications are to be submitted:—

(1) The application should ordinarily be in the handwriting of the applicant. In the exceptional case of his being out of India, the parent or guardian may submit an application.

(2) The application should give full details as to the applicant's age, family circumstances, the schools or colleges which he has attended, his studies, the distinctions he has gained, and the course of study he wishes to follow. Information should also be given as to—

(*a*) the University at which the candidate proposes to study and the reasons for selecting the particular University;

(*b*) the special aptitude, if any, which the candidate has shown for the kind of study which he proposes to pursue.

(3) The application should be accompanied by a birth certificate, a certificate from a commissioned officer of the Indian Medical Service testifying to the general health of the candidate and certifying that his physique is such that there is good prospect of the University course not being seriously interrupted by ill-health, and testimonials as to character and capacity. If original testimonials are not sent in, certified copies must be submitted. The testimonials should include—

(*a*) A certificate from the Principal of the institution last attended, stating that the applicant is of good moral

character and of active habits, and in the event of his having left school or college more than six months before the date of application, a certificate by a person of recognised position well acquainted with him, stating how he has been employed since he left school and certifying to his moral integrity.

(b) A certificate from some person of recognised position well acquainted with the candidate and his family, to the effect that he is a native of India within the meaning of Statute 33 Vict. Cap. 3, section 6, and that his parents are not resident in India for temporary purposes only.

5. The Director of Public Instruction will personally interview those applicants whose names he thinks worthy of submission to Government. If a personal interview is impossible (*e.g.*, owing to a candidate being absent from India), the fullest possible information should be given as to the physique and character of the candidate.

6. All applications for the scholarship to be awarded during the year 1913 should be submitted in the first instance to the Inspector of European Schools, Bengal, in time to reach the Director of Public Instruction on or before the 31st January 1913.

7. No application will be considered unless the applicant declares that the conditions of the scholarship as laid down in paragraphs 2 and 8 of this notification are known to him, and that he is prepared to abide by them.

8. The scholar will, on arrival in England, be required to bind himself by a written engagement to submit to the following rules, and to such other regulations as may from time to time be framed by His Majesty's Secretary of State for the guidance of scholars in England:—

(*a*) Every scholar shall, on reaching England, at once present himself to the Secretary, Judicial and Public Department, at the India Office, and report his arrival in writing.

(*b*) Every scholar shall, without any unnecessary delay, inform the Secretary of State to which University or College he is about to proceed, and shall at once take steps to enter himself thereat.

(*c*) Every scholar shall, at the end of each term of residence at a University, submit to the Secretary of State a certificate from the proper University or College authority showing that his residence, conduct and progress in study have been satisfactory during the term.

(*d*) Every scholar shall at all times obey such instructions as he may receive from the Secretary of State.

(*e*) Subject to a due compliance with the above conditions, the allowance, at the rate of £200 a year for three years, or four years, if so determined, will be paid quarterly, in advance, by the India Office, commencing from the date of the scholar's reporting his arrival in England.

(*f*) Every scholar will forfeit his scholarship who, not being disabled by illness or prevented by any other cause which the Secretary of State may consider sufficient, fails to complete the required terms of residence at a University or who is guilty of misconduct, persistent idleness, or disregard of the orders of the Secretary of State. If the scholarship be forfeited, the scholar will lose his claim to a free return passage to India and will further become liable to refund the cost of his free passage to England.

(*g*) The scholar will be under the supervision and charge of the Political A.-D.-C. to the Secretary of State, through whom the necessary orders will be given, and to whom all reports and other communications respecting him should be sent.

SIBPUR GHAT DISASTER.

POLITICAL DEPARTMENT.

POLITICAL.

CALCUTTA, THE 25TH NOVEMBER 1912.

RESOLUTION No. 5881P.

THE circumstances connected with the accident which occurred on Tuesday, the 19th November last, to a dinghy employed on conveying passengers from the landing stage at Sibpur to one of the Port Commissioners' ferry steamers in the river Hooghly, and which resulted in a very deplorable

loss of life, has been engaging the serious attention of the Government. More particularly, the Governor in Council has had under consideration the means which can best be adopted in order to secure a complete elucidation of the actual facts, a thorough exposition of any defects which may be found in existing arrangements, and a careful statement of practical suggestions for remedying them.

The Commissioners of the Port of Calcutta have proposed that an independent Committee should be appointed by Government to enquire into the circumstances attending this accident, and Government is of opinion that the objects in view will be attained most satisfactorily by accepting their recommendation. The Governor in Council has accordingly decided to appoint a Committee consisting of the following gentlemen :—

The Hon'ble Mr. E. W. Collin, I.C.S., Officiating Member, Board of Revenue, L. P.	*President.*
Mr. J. C. K. Peterson	*Members.*
Commander C. J. C. Kendall, D.S.O., R.I.M., Port Officer	
Babu Nando Lal Bagchi, Presidency Magistrate ...	

The Committee will hold its meetings in public, take such evidence as it may think necessary for the purposes of the enquiry entrusted to it, and submit its report to Government with the least possible delay.

The terms of reference to the Committee are as follows :—

(1) To enquire into the circumstances attending the recent accident in connection with the ferry service at the Sibpur College landing stage.

(2) To ascertain the defects, if any, in the existing arrangements.

(3) To suggest practical measures for remedying these defects.

By order of the Governor in Council,

C. J. STEVENSON-MOORE,

Chief Secy. to the Govt. of Bengal.

REPORT ON THE STATE OF THE SALT MARKET FOR THE SECOND QUARTER OF THE YEAR 1912-13.

FINANCIAL DEPARTMENT.

SEPARATE REVENUE BRANCH (SALT).

Dated Calcutta, the 22nd November 1912.

THE following report on the state of the salt market for the second quarter of the year 1912-13, comprising the months of July, August and September 1912, in the Presidency of Bengal, is published for general information.

2. The quantity of salt of every description cleared during the quarter amounted to 3,096,293 maunds (including 1,191,035 maunds issued under the credit system), as compared with 3,366,227 maunds (including 1,554,605 maunds issued under the credit system) in the previous quarter and 3,304,572 maunds (including 1,193,599 maunds issued under the credit system) in the corresponding quarter of the previous year. The net amount of duty levied was Rs. 27,65,935 (including Rs. 13,65,395 adjusted under the credit system), as against Rs. 28,91,713 (including Rs. 13,76,910 adjusted under the credit system) in the previous quarter, and Rs. 28,47,274 (including Rs. 10,03,989 adjusted under the credit system) in the corresponding quarter of the previous year.

3. The subjoined Table I shows in detail the importations into the port of Calcutta and the total clearances of sea-imported salt during the quarter, compared with the figures of the corresponding quarters of the two previous years :—

* Inclusive of 1,494,035 maunds of salt issued under the credit system. Besides this quantity, 14,124 maunds of salt were issued under the credit system to inland bonded warehouses.

Compared with the corresponding quarter of the previous year and the same quarter of 1910-11, importations were less by 32·1 per cent. and 10·5 per cent., respectively, and clearances were less by 9·7 and 4·5 per cent. As compared with the corresponding period of the previous year, the increased imports from Aden and the decreased imports from the United Kingdom, Spain, Massowah and Port Said are especially noticeable. There were no imports of Salif and Bombay salt during the quarter under report.

4. Table II shows the quantity of sea-imported salt remaining in the warehouses at the close of the quarter as compared with the preceding four quarters :—

The stocks remaining in the *golas* at the close of the quarter were less than those of the previous quarter, but greater than those of the quarters September 1911 to March 1912.

5. The figures showing the despatches of salt from Calcutta by different routes during the quarter under report will be published as usual in the *Calcutta Gazette* by the Director-General of Commercial Intelligence when they are available.

6. The quantity of salt despatched by the East Indian Railway to stations beyond Buxar was *nil* both in the quarter under report and in the previous quarter, as against 2,650 maunds in the corresponding quarter of the previous year.

7. The quantity of saltpetre salt excised in the refineries of Bengal during the quarter amounted to 80 maunds, as compared with 140 maunds in the previous quarter, and 560 maunds (inclusive of 320 maunds of *sitta*) in the corresponding quarter of the previous year.

8. The shipments of Liverpool salt during the quarter for the port of Calcutta according to the published market reports amounted to 33,991 tons. No vessel is at present on the sea bound for Calcutta with salt from Hamburg and Bremen.

9. Table III shows the average wholesale prices* per 100 maunds of Liverpool and other descriptions of salt at the port of Calcutta during each fortnight of the quarter:—

(7) Ditto for every additional year	0 4 0	0 4 0	0 2 0	
(8) For giving copies or duplicates of certificates	1 0 0	1 0 0	0 4 0	

3. (*1*) Registers and forms shall, whenever required, be supplied to Marriage Registrars by the Assistant Manager free of charge. Supply of registers and forms *gratis*

(*2*) One full set of registers and forms shall be supplied by the Assistant Manager free of charge to licensed ministers and to persons authorised to grant certificates of marriages between Native Christians.

4. (*1*) Registers and forms required by any person referred to in sub-rule (*2*) of rule 3, to whom one full set has already been supplied under that sub-rule, may be supplied by the Assistant Manager on payment being made for the same by such person out of the fees received by him under rule 2. Supply of registers and forms on payment

(*2*) When the Assistant Manager receives an indent under sub-rule (*1*), he shall intimate to the indenting officer the cost of the registers and forms required.

(*3*) The indenting officer shall send the amount of such cost to the nearest civil treasury, with a chalan, in duplicate, stating the date of the Assistant Manager's intimation.

(*4*) One copy of such chalan shall be retained in the treasury, and the other shall be returned, duly receipted to the indenting officer, for transmission to the Assistant Manager.

(5) On receipt of the receipted chalan, the Assistant Manager shall comply with the indent.

Submission of indents to the Assistant Manager of forms.

5. (*1*) Indents for registers and forms required by the Registrar of the Archdeaconry, the Senior Chaplain of the Church of Scotland, the Most Reverend Archbishop Dr. Brice Meuleman, S.J., or the Vicar-General of the Portuguese Mission in Bengal, shall be submitted by them direct to the Assistant Manager.

(*2*) Indents for registers and forms required by other officers shall be submitted by or through the Commissioner of the Division, or the Senior Marriage Registrar, Calcutta, to the Assistant Manager.

Form of indent.

6. All indents for registers and forms shall be submitted in the form prescribed in Appendix I to these rules.

Certificate on returns.

7. (*1*) Every return submitted under sections 29, 30 or 31 shall have endorsed thereon a certificate of truth in the form prescribed in Appendix II to these rules.

(*2*) Such certificate shall be written or printed on the face of the form on which the returns are made, and the number of entries recorded shall be mentioned in the certificate.

Certificates of no occurrence

8. If during any quarter no marriages have been recorded, a certificate to that effect in the form prescribed in Appendix III to these rules shall be forwarded both by the officers who are required, under the Indian Christian Marriage Act, 1872, to furnish returns of marriages, and by those who are required by sections 34, 55 and 56 to submit certificates of marriages in original.

Separate returns for each quarter.

9. Returns of marriages for each quarter shall be kept distinct.

Time for sending returns to Registrar-General

10. The officers to whom returns of marriages are submitted, and who are, by sections 29, 30 and 31, entrusted with the duty of forwarding a copy of such returns to the Registrar-General of Births, Deaths and Marriages, shall forward such copy within two months from the end of the quarter to which the returns relate.

No. 6750.—The 30th November 1912.—The following orders of Government regarding the preparation and submission of returns of marriages, baptisms and burials are published for general information :—

MARRIAGES.

1. No returns other than those prescribed by the Indian Christian Marriage Act are required.

2. The procedure to be observed in the submission of the original certificates of marriages by ministers of religions other than those who are empowered to submit returns and by Marriage Registrars is laid down in the Indian Christian Marriage Act and shall be observed.

BAPTISMS.

Returns of baptisms

1. Every minister, of whatever denomination, who baptises European Christians, *i.e.*, all Christians of European birth or descent, or of mixed European and native decent, and Armenian Christians, shall record such baptisms in the register to be kept by him for the purpose.

To facilitate the filling in of the quarterly returns (form specified in Appendix I) it will be found convenient to adopt for the register the form given in Appendix III.

Baptisms by laymen

2. As the Government desire to possess a record of all baptisms of European, Eurasian and Armenian Christians solemnised by the laity, and not only of those solemnised by the clergy, all magisterial officers are required to report every baptism by laymen within their several jurisdictions to the Registrar-General through the Divisional Commissioners. The Magistrate will enter such baptisms in a register in the form given in Appendix III to be kept by him for the purpose.

Exception.—When a layman solemnises a baptism in a church, and the rules of that church require that an entry of such baptism shall be made in the church register, it will suffice to make such entry, and a report thereof need not be made by the District Magistrate.

Quarterly return of baptisms.

3. (*1*) A quarterly return showing all baptisms of European and Armenian Christians solemnised in whatever church or other place shall be submitted by every clergyman of the Churches of England, Rome, Scotland and Armenia to the authority to whom he submits his quarterly return of marriages under Act XV of 1872.

(*2*) A quarterly return of all baptisms of European and Armenian Christians solemnised by him shall be submitted by ministers of every denomination other than those mentioned in clause (*1*) above to the District Magistrate within two months of the end of the quarters to which they relate.

Certificate correctness.

4. (*1*) Every quarterly return prescribed under clauses (*1*) and (*2*) of paragraph 3 shall have endorsed on it the "Certificate of truth" in the form prescribed in Appendix VI.

(*2*) Such certificate should be written or printed on the face of the form on which the returns are made, the number of entries recorded being mentioned in words as well as figures in such certificate.

Returns to be kept distinct and supplementary returns

5. Returns of baptisms for each quarter shall be kept distinct, and shall not contain entries which belong to other quarters. If necessary, supplementary returns can be submitted.

Native Christians.

6. These returns shall not include entries in respect of Native Christians.

No-occurrence certificate.

7. If during any quarter no baptisms have been recorded, a "Certificate of no occurrence" in the form prescribed in Appendix VII shall be forwarded.

8. The officers to whom the returns under paragraph 3 (*1*) and (*2*) are submitted shall forward to the Registrar-General, within two months of the end of the quarter to which they relate, a consolidated return embodying all the baptisms so reported, and the District Magistrate shall, in addition to the above, also submit at the same time to the Registrar-General direct a quarterly return embodying all the entries relating to that quarter in the register kept by him under paragraph 2.

9. The form prescribed in Appendix V shall be used for indents.

BURIALS.

1. For every Government cemetery there shall be kept a register of burials of European Christians (*i.e.*, of all Christians of European birth or descent, or of mixed European and native descent), and of Armenian Christians in the form prescribed in Appendix IV. This register shall be in charge of the officer to whom, under rule I of the Rules for the care and use of Government cemeteries, the charge of the cemetery belongs.

2. On receipt of the notice of burial under rule VII (*1*) of the Rules for the care and use of Government cemeteries, the person in charge of the register prescribed in paragraph 1 above shall cause this register to be produced at the cemetery at the time of the ceremony.

3. The person solemnising the burial shall immediately after the burial make an entry of the same therein.

4. Every person solemnising a burial of a European or Armenian Christian in a place other than a cemetery should submit a report thereof to the District Magistrate, who will record such burial in a register to be kept by him for the purpose in the form prescribed in Appendix IV.

5. As the Government desire to possess a record of all deaths of European, Eurasian and Armenian Christians buried by the laity, and not only of those buried by the clergy, all magisterial officers are required to report every burial by laymen within their several jurisdictions to the Registrar-General through the Divisional Commissioners. The Magistrate will enter such burials in a register in the form given in Appendix IV to be kept by him for the purpose.

Quarterly returns of burials.

6. Quarterly returns of burials of European Christians and of Armenian Christians should, in the case of burials solemnised at Government cemeteries, be forwarded by the officers in charge of the register to the Registrar-General of Births, Deaths and Marriages in the form specified in Appendix II within two months of the end of the quarter to which they belong.

In the case of burials solemnised in a place other than a cemetery the Magistrate should within the same period submit to the Registrar General a copy of all the entries in his register relating to the same quarter.

7. In the case of a cemetery other than a Government cemetery the managing body should make similar arrangements for the submission to the Registrar-General of Births, Deaths and Marriages within two months of the quarter to which they relate, of similar quarterly returns of the burials of all European and Armenian Christians buried in such cemetery.

Certificate of correctness.

8. (*1*) Every return submitted to Registrar-General of Births, Deaths and Marriages should have endorsed on it the "Certificate of truth" in the form prescribed in Appendix VI.

(*2*) Such certificate should be written or printed on the face of the form on which the returns are made, the number of entries recorded being mentioned in such certificate.

Returns to be kept distinct and supplementary returns.

9. (*1*) Returns of burials for each quarter shall be kept distinct, and shall not contain entries which belong to other quarters. If necessary, supplementary returns can be submitted.

(*2*) In order to meet the requirements of the India Office, returns of burials should be separately classified, and be separately submitted for the different Christian churches and denominations.

Native Christians.

10. These returns are not to include entries in respect of Native Christians.

No-occurrence certificate.

11. If in any cemetery during any quarter no burials have been recorded a "Certificate of no occurrence" in the form prescibed in Appendix VII shall be forwarded to the Registrar-General.

12. The form prescribed in Appendix V shall be used for indents.

3. (*a*) Government reserves to itself the right to alter the quantity and class of opium to be offered for sale in each month. No reduction in the quantities to be sold, however, will be made without three months' previous notice.

(*b*) The chests sold for China will be marked in a distinguishing manner and covered by a special permit to be granted by Government.

(c) All chests of certified opium sold for export to China must be shipped from Calcutta, on or before the 15th of December 1913, and if they are not so shipped, the option will be cancelled, and permits for their export to China will not be given either in 1913 or at any future time.

4. The following are the conditions of sale. Government reserves to itself the right of altering all or any of these conditions after giving three months' previous notice, and power is reserved to vary the upset prices referred to in condition (ii) at any time without such previous notice:—

(i) The opium will be sold for exportation by sea only, and no certificate will be granted except to cover such export.

(ii) The opium will be ordinarily offered for sale at an upset price of Rs. 2,000 per chest of certified opium and of Rs. 1,200 per chest of uncertified opium and will be sold to the highest bidder above these prices except under the circumstances for which provision is made by clause xiii of these conditions of sale. The bids must advance by Rs. 5 at a time.

(iii) The sale shall commence at the hour of 11 A.M. of the day fixed by previous notification, and shall not be continued after the hour of 5 P.M., but if at that hour any of the lots advertised for sale shall remain unsold, the sale may, at the discretion of Government, be resumed on the next day following (not being Sunday or a public holiday), at the hour of 11 A.M., and so on until the whole of the remaining lots are disposed of; or if the whole quantity advertised shall not be sold on the day appointed, the Government may dispose of the lots which remain on hand at a future sale.

(iv) Each lot shall contain five chests.

(v) A Promissory Note for a sum, calculated according to the scale noted in the margin, shall be taken as a deposit on each lot from the purchaser in the sale-room and before the lot is registered in the sale-book, and all such Promissory Notes shall be redeemed on the part of the purchasers at this office by Bank of Bengal receipts, or by substitution of other public securities of the Government of India, on or before 3-30 P.M., in the afternoon of the fifth day after the sale, provided it does not fall on a Saturday; if it falls on a Saturday, the said notes must be redeemed by 1-30 P.M., or, on the other hand, failing such redemption by the time aforesaid, then the lot or lots for which no Bank of Bengal receipts or deposit of other public securities as aforesaid shall have been delivered in, shall be re-sold at such time or times and under such conditions of re-sale as Government shall see fit; and all losses and expenses whatsoever attending such re-sale shall be borne and paid by the defaulters, whilst any profit accruing from such re-sale shall be forfeited to Government.

DEPOSIT.

When the amount bid is less than Rs. 1,200 per chest, Rs. 200 per chest.

On bids of Rs. 1,200 and upwards, but less than Rs. 1,600 per chest, Rs. 300 per chest.

On bids of Rs. 1,600 and upwards, but less than Rs 2,000 per chest, Rs. 400 per chest.

And so on, Rs. 100 being added to the deposit for every bid additional to the extent of Rs. 100

(vi) The said Promissory Notes shall be absolutely payable in any event, and the amount thereof shall be absolutely forfeited upon such default as before mentioned, and the amount thereof shall not go or be credited in reduction of any loss on re-sale or expenses thereby incurred, but shall be recoverable whether such re-sale shall be had or not, or whether there shall be a loss on such re-sale or not.

(vii) The Promissory Notes taken on the day of sale under the fifth condition, if remaining unredeemed at 3-30 P.M. of the fifth day following the day of sale, or 1-30 P.M., if the last day falls on a Saturday, will be placed in the hands of the Solicitor to the Government for realization in such manner as to him shall seem fit.

(viii) No tender of money, Bank of Bengal receipts, or public securities, on account of opium upon which the prescribed deposit may not have been made before the prescribed time n clause (v) on the fifth day following the day of sale, will be afterwards accepted: Provided always that money so subsequently tendered may be taken in payment of the said Promissory Note, but such acceptance of money shall in no way entitle the payer thereof to any right to delivery of the lot or lots in respect whereof the said note was given, or to any of the rights of a purchaser thereof, or release the payer from liability for any unpaid balance of such notes or from the additional liability for the loss and expenses of such re-sale as provided for in clauses No. (v) and No. (vi).

(ix) The opium advertised for sale shall be paid for not later than by 3-30 P.M. of the fifteenth day from the day of sale, provided it does not fall

on a Saturday; if it falls on a Saturday, the opium must be paid for by 1-30 P.M.; and, in case any lots of such opium shall not be so paid for and adjusted, then the cash deposit made under the fifth condition, or any public securities that may have been deposited on account of such lots or chests, shall be forfeited, and the opium shall be disposed of on account of Government at such time and in such manner as Government shall think fit; and the first purchaser shall further be required to make good all expenses and any loss or difference of price between that obtained at the re-sale and the amount at which the opium was first purchased, forfeiting all advantages that may arise from such re-sale, and the liability for the loss or difference of price and expenses shall be in addition to, and wholly independent of, the amount of the deposit so forfeited.

(*x*) Purchasers taking out certificates or orders for the delivery of opium, after making full payment as above prescribed, shall have the option of naming the number of lots of their purchase, which they may desire to be included in each certificate or order; and it is to be clearly understood that the certificates or orders so taken out shall be considered final, and not afterwards changeable for other certificates or orders authorizing the delivery of single lots or of a different number of lots or chests, whether more or less, than the number of lots or chests ordinarily required to be included in each certificate or order.

(*xi*) No deposit of public securities under the fifth of the present conditions will be received in this office except from the party recorded as the purchaser in the sale-book, or his authorized agent. The receipt for deposit of public securities will be granted only in the name of such purchaser, and the securities so deposited will be returned when payment in full has been made by the said purchaser or his order.

(*xii*) The officer superintending the sale on the part of the Government is empowered to reject, at his discretion, the bid of any individual, unless such individual shall on demand render at the time a deposit either in Government of India Notes, Bank of Bengal receipts, or Government securities, a sum equal to the amount for which a Promissory Note would otherwise be taken under the fifth of these conditions.

(*xiii*) With a view to prevent fictitious biddings designed to obstruct the sale, it is hereby notified that the officer of Government superintending the sale shall be competent, at any time during the sale, to withdraw any unsold lot, and immediately to put it up again for sale at a maximum upset price, diminishing the same gradually by Rs. 5 at a time until a bid is obtained; and the first *bonâ fide* bidder for a lot, after it has been offered for sale in the mode here described, shall be held and declared to be the purchaser of the said lot, and the officer of Government superintending the sale shall also be competent to dispose, in the same manner, of as many of the subsequent lots as he may think proper, provided always that no lot shall be sold below the minimum prices of Rs. 2,000 and Rs. 1,200 specified in the second of these conditions.

(*xiv*) The purchaser of any lot shall have the option of naming and purchasing in immediate succession, at the same price and under the same conditions, any number of lots of the same Agency opium not exceeding altogether fifteen lots, provided always that there remain a sufficient number of lots of the opium to complete the sa d fifteen.

(*xv*) In the event of any dispute or difference touching or concerning any matter or question arising out of the sale of the opium included in this notification, or adjustment of the account thereof, the same shall and may be tried and decided in the High Court of Judicature at Fort William in Bengal.

(5) The following papers will be exhibited for inspection on the day of sale, or may be seen previously to that date by personal application at the office of the Government of Bengal:—

No. 1—Certificate of the opium advertised for sale.
No. 2—Report of the examination of such opium.

(6) The public are hereby informed that in providing the investment of the opium manufactured at the Patna Factory and the opium manufactured at the Ghazipur Factory, the same precautions have been taken as those which have been observed during past years to have the drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the cakes, and to have the due proportion of opium

put into each cake. An account of the weight of the drug, when packed at the Patna and Ghazipur Factories, and a statement of the average weight of the chests, indiscriminately taken, for the purpose of comparison, from the despatches on arrival at Calcutta, may be seen on personal application at the office of the Government of Bengal.

(7) Any further information respecting weight or quality of the opium advertised for sale that may be desired by parties connected with the trade will, as heretofore, be furnished to them on personal application at the office of the Government of Bengal. But, in accordance with established usage, under no circumstances will the Government entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of opium, or adulteration of the drug, which may be preferred on reference to chests after the sale and delivery of the opium for shipment.

Deputy Secy. to the Govt. of Bengal.

(Second publication).

The 26th November 1912.

No. 10.—Notification.—The following draft of amendments which in exercise of the power conferred by sections 6 and 11 of the Canals Act, 1864 (Bengal Act V of 1864), the Governor in Council intends to make in the revised Schedule of Tolls in force on the Calcutta Canals and Tolly's Nala and in the rules for the management of navigation thereon published in Notification No. 144, dated the 30th May 1893 (at page 493 of Part I of the *Calcutta Gazette* of the 31st *idem*), is hereby published for the information of persons likely to be affected thereby.

2. The draft will be taken into consideration on or after the 1st January 1913 and any objection or suggestion received by the undersigned before that date will be duly considered,

Draft of amendments.

After item 13 *add* the following item:—

"14. During the period from the 1st December to 15th June boats laden with rice will be allowed to proceed to or from the river Biddiadhari through the Circular Canal and the Tolly's Nala *vid* Kidderpore on payment of a rate of one rupee and twelve annas per hundred maunds of measured maundage for passage through these canals.

For purposes of reckoning demurrage charges under item 11 of this schedule, in the case of such boats during the said period, two extra days will be allowed over and above those provided for vessels plying on the Tolly's Nala.

Boats plying under this concession will not be allowed either to load or to unload along the Circular Canal or the river Hooghly. Infringement of this rule will render the boats liable to the ordinary tolls in force for the Circular Canal and Tolly's Nala."

No. 523-F.

Simla, the 12th November 1912.

RESOLUTION—By the Government of India, Finance Department.

THE Government of India have had under their consideration the question of the value to the public and to the police of the system maintained in Currency Offices of registering the numbers of notes reported lost and stolen. Under present orders, "stopped note" lists are maintained in the case of currency notes of the denomination of Rs. 50 and upwards; in the case of notes for Rs. 50, Rs. 100 and Rs. 500, the numbers of the notes are removed from the list after the expiry of one year from the date of the stoppage, and in the case of notes of Rs. 1,000 the numbers are removed after three years.

2. The working of the system necessitates the maintenance of a detailed record of all transactions and the checking of the notes tendered with the list of stopped notes, and for this reason not only entails considerable expense and trouble in Currency Offices, but also materially hampers the prompt disposal of work at the public counters, thereby causing general inconvenience. The system is also open to criticism on account of the inconvenience and annoyance to which innocent holders of notes are liable to be subjected. The presenter of a "stopped" note is entitled by law to be paid, but if he is unknown to the officials in the Currency Office the result is generally that he finds himself in the hands of the police.

3. Looking at the matter from the police point of view, it is the general opinion that the present procedure is of very little use either as a preventive of crime or as a means of detection. As regards the prevention of crime, it is extremely doubtful if would-be thieves are to any considerable extent prevented from stealing notes merely by the knowledge that encashment will be attended by risks owing to stoppage. The utility of the procedure now followed depends in fact largely on the assumption that recourse must be had to a currency Office. There are ample facilities however for

passing notes elsewhere and either for this reason or because the notes are presented before stoppage can be registered, it is a fact that a guilty person is very seldom discovered in a Currency Office. As regards detection, if a stolen note happens to be brought to a Currency Office by the thief himself, it is certain that he will give a false name or address. If the presenter has come by the note honestly, the "stopped note" system, it may be urged, enables the police to trace back possession to a guilty person. The prospects of success however in any such enquiry depend entirely on the practice of the public of registering the numbers of the notes passing through their hands, and there is evidence that this practice is being steadily abandoned, particularly since the universalisation of the Rs. 50 and Rs. 100 notes. It is clear further that the chain is likely to break down just at the point where evidence is most necessary, and a charge can be brought home to a guilty person only in those cases in which in disposing of the note he has been careless enough to frame evidence against himself.

4. The Government of India have come to the conclusion that the "stopped" note list does not afford adequate protection to the public, that it renders no material assistance to the police, that it tends to hamper in the case of currrency notes that free and unquestioned interchangeability which is the desideratum of every medium of exchange, and, in any case, that the benefits secured are not commensurate with the expense and trouble to which the Currency Department is put, and the delay and inconvenience occasioned to the public. The Chambers of Commerce, who were consulted on the subject, are generally in favour of the abolition of the system and the Governor General in Council is therefore pleased to direct its abolition forthwith.

Ordered that this Resolution be published in the *Gazette of India*.

No. 1672L.S.-G.—The 3rd December 1912.—It is hereby notified that the members of the Jamalpur Local Board, in the district of Mymensingh, having at a meeting requested the Local Government, under section 25 of the Bengal Local Self-Government Act, III of 1885, to appoint a Chairman, His Excellency the Governor in Council is pleased to appoint the Subdivisional Officer of Jamalpur to be their Chairman.

No. 1674L.S.-G.—The 28th November 1912.—In exercise of the power conferred by clauses (*l*) and (*m*) of section 138 of the Bengal Local Self-Government Act, 1885 (Bengal Act III of 1885), the Governor in Council is pleased to make the following amendment in the rules published with notification No. 3334L.S.-G., dated the 20th December 1901, at page 293 of Part IB of the *Calcutta Gazette* of the 25th *idem*, as amended by the subsequent notifications, namely :—

For rule 57 *substitute* the following :—

57. In the case of the following classes of estimate or projects, the sanction of the District or Local Boards shall be subject to the confirmation and approval of the authority indicated :—

(*a*) All projects for new works, the estimated cost of which amounts to Rs. 50,000 or more. (*b*) All projects for works which may affect or alter the course of any river which is navigable at any time of the year, or in either bank of which there is any public embankment. (*c*) All projects for embanked roads which are liable seriously to affect the drainage or irrigation of any considerable tract of country.	Approval of the Local Government in the Public Works Department to be obtained through the Inspector of Local Works and Commissioner of the Division.
(*d*) Plans and estimates for new works and tools and plant, including live-stock and office furniture :— In the case of a district in class III, if the cost exceeds Rs. 1,500. In the case of a district in class II, if the cost exceeds Rs. 2,500. In the case of a district in class I, if the cost exceeds Rs. 10,000.	Approval of the Commissioner of the Division to be obtained through the Inspector of Local Works.

(*e*) In the case of plans and estimates for repairs, District Boards have full powers of sanction subject to the proviso that the Inspector of Local Works has power to call for any such plans and estimates which he desired to see.

The sanction of the District or Local Board to an estimate for an original work which forms part of a contemplated scheme, although such estimate may in itself be within the limit up to which the Board can sanction, shall be subject to the confirmation and approval of the same authority as the estimate for the whole scheme would be, and no such estimate for a part of a scheme shall be sanctioned, unless the nature and approximate cost of the entire scheme is fully set forth in the report of the estimate.

When the approval of the authority indicated is received, the execution of the work may be proceeded with in accordance with any provision that may be made for it in the budget of the year. If the plans have been materially altered, or if the estimate has been raised by the controlling authority, they must be resubmitted to and approved by a formal resolution of the District or Local Board before the work is begun.

NOTIFICATION.

STATE SCHOLARSHIPS TENABLE IN ENGLAND BY EUROPEANS AND EURASIANS EDUCATED IN INDIA.

No. 15241.—The 26th November 1912.—In the year 1907 His Majesty's Secretary of State for India sanctioned the institution of one scholarship of £200 per annum tenable at a European University to be awarded in each year to a member of the domiciled European and Eurasian community in India on the understanding that candidates belonging to this community should no longer be regarded as eligible for the two University State Scholarships at present granted to natives of India. *For the scholarship to be awarded in the year 1913 applications are now invited.*

2. The scholarship will entitle the holder to an allowance not exceeding £200 per annum payable from the date of his arrival in England and will be tenable for three or four years, as circumstances may require, at any University in the United Kingdom or, with the special sanction of the Government of India, at a foreign University. The candidate to whom the scholarship is awarded will be required to proceed to England within a reasonable period from the date of his selection, and to reside there for a period of three or four years, as the case may be, unless compelled to return sooner by ill-health. He will be provided with a free second class passage to England, and also with a free return passage if he completes the full period of residence or is compelled by sickness to return within that period.

3. The two main principles which govern the grant of the scholarship are—

(*i*) that as the object in view is to assist a domiciled European or Eurasian to go through a University course in England the scholarship will ordinarily be awarded to a young man at the close of his school career in India so that he may join the University at practically the same age as boys educated in England: the Government of India place the age limits at 18 to 21, *i.e.*, the candidate must have completed 18 years of age and not have completed 21 years on 31st March of the year in which the scholarship is awarded, and

(*ii*) the scholarship will be given to the candidate who is most likely to win distinction at the University.

4. The following rules are to be observed in regard to the form in which applications are to be submitted:—

(1) The application should ordinarily be in the handwriting of the applicant. In the exceptional case of his being out of India, the parent or guardian may submit an application.

(2) The application should give full details as to the applicant's age, family circumstances, the schools or colleges which he has attended, his studies, the distinctions he has gained, and the course of study he wishes to follow. Information should also be given as to—

(*a*) the University at which the candidate proposes to study and the reasons for selecting the particular University;

(*b*) the special aptitude, if any, which the candidate has shown for the kind of study which he proposes to pursue.

(3) The application should be accompanied by a birth certificate, a certificate from a commissioned officer of the Indian Medical Service testifying to the general health of the candidate and certifying that his physique is such that there is good prospect of the University course not being seriously interrupted by ill-health, and testimonials as to character and capacity. If original testimonials are not sent in, certified copies must be submitted. The testimonials should include—

(*a*) A certificate from the Principal of the institution last attended, stating that the applicant is of good moral

character and of active habits, and in the event of his having left school or college more than six months before the date of application, a certificate by a person of recognised position well acquainted with him, stating how he has been employed since he left school and certifying to his moral integrity.

(*b*) A certificate from some person of recognised position well acquainted with the candidate and his family, to the effect that he is a native of India within the meaning of Statute 33 Vict. Cap. 3, section 6, and that his parents are not resident in India for temporary purposes only.

5. The Director of Public Instruction will personally interview those applicants whose names he thinks worthy of submission to Government. If a personal interview is impossible (*e.g.*, owing to a candidate being absent from India), the fullest possible information should be given as to the physique and character of the candidate.

6. All applications for the scholarship to be awarded during the year 1913 should be submitted in the first instance to the Inspector of European Schools, Bengal, in time to reach the Director of Public Instruction on or before the 31st January 1913.

7. No application will be considered unless the applicant declares that the conditions of the scholarship as laid down in paragraphs 2 and 8 of this notification are known to him, and that he is prepared to abide by them.

8. The scholar will, on arrival in England, be required to bind himself by a written engagement to submit to the following rules, and to such other regulations as may from time to time be framed by His Majesty's Secretary of State for the guidance of scholars in England:—

(*a*) Every scholar shall, on reaching England, at once present himself to the Secretary, Judicial and Public Department, at the India Office, and report his arrival in writing.

(*b*) Every scholar shall, without any unnecessary delay, inform the Secretary of State to which University or College he is about to proceed, and shall at once take steps to enter himself thereat.

(*c*) Every scholar shall, at the end of each term of residence at a University, submit to the Secretary of State a certificate from the proper University or College authority showing that his residence, conduct and progress in study have been satisfactory during the term.

(*d*) Every scholar shall at all times obey such instructions as he may receive from the Secretary of State.

(*e*) Subject to a due compliance with the above conditions, the allowance, at the rate of £200 a year for three years, or four years, if so determined, will be paid quarterly, in advance, by the India Office, commencing from the date of the scholar's reporting his arrival in England.

(*f*) Every scholar will forfeit his scholarship who, not being disabled by illness or prevented by any other cause which the Secretary of State may consider sufficient, fails to complete the required terms of residence at a University or who is guilty of misconduct, persistent idleness, or disregard of the orders of the Secretary of State. If the scholarship be forfeited, the scholar will lose his claim to a free return passage to India and will further become liable to refund the cost of his free passage to England.

(*g*) The scholar will be under the supervision and charge of the Political A.-D.-C. to the Secretary of State, through whom the necessary orders will be given, and to whom all reports and other communications respecting him should be sent.

UNIVERSITY OF CALCUTTA.

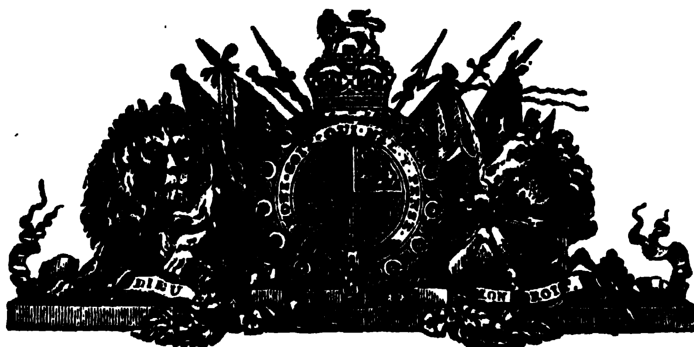
NOTIFICATION.

THE following extracts from the Oxford University Statutes on Colonial and Indian Universities (Statt. Titt. II, Sect. VIII) are published for general information :—

(*b*) Any member of an Indian University so admitted, who shall have passed the Examination at that University for the Degree of Bachelor of Arts or Bachelor of Science, may be admitted to the status and privileges of an Indian junior student.

7. The status and privileges of a junior student shall be as follows :—

(*a*) The Term in which he is matriculated shall be reckoned, for the purposes of any provisions respecting the standing of members of the University, as the fifth Term from his matriculation.



(*b*) A junior student shall not be required to pass Responsions, or to pass in an Additional Subject at Responsions.

(*c*) A junior student, who has passed the Second Public Examination and has obtained Honours either in the First or in the Second Public Examination, shall be entitled to supplicate for the Degree of Bachelor of Arts so soon as he shall have kept statutable residence for eight Terms. Provided that, if he is a Colonial student, he has shown a sufficient knowledge of the Greek language, and has satisfied the Moderators in Holy Scripture or in a book offered instead thereof.

(*d*) A junior student, who has passed the First and the Second Public Examinations, but has not obtained Honours either in the First or in the Second Public Examination, shall be entitled to supplicate for the Degree of Bachelor of Arts so soon as he shall have kept statutable residence for twelve Terms. Provided that, if he is a Colonial student, he has shown a sufficient knowledge of the Greek language.

That any member of the University of Calcutta, who shall have passed the Examination at that University for the Degree of Bachelor of Arts, and shall have been placed in the First Division in two or more subjects of that Examination, shall be deemed to have taken Honours as required by the provisions of Statt. Titt. II, Sect. VIII, cl. 3.

Postal Notice.

POSTAL ARRANGEMENTS FOR TROOPS ATTENDING THE NORTHERN ARMY MANŒUVRES.

THE following Notice is issued regarding the conditions under which postal articles may be sent to and from the field post offices which will be opened to serve the troops during the forthcoming Northern Army Manœuvres near Delhi in December 1912 :—

ARTICLES FOR FIELD POST OFFICES.

Mode of addressing postal articles :—

Articles posted for delivery from field post offices should be addressed as follows :—

X. Y.
(Regiment, Battery, Staff Appointment, Brigade or Department.)
Westland / Eastland Army.
Northern Army Manœuvres.

No post town should be added to the address, and special care should be taken to specify clearly the Regiment (Infantry or Cavalry), Battery, Staff Appointment, Brigade, Division or Department of the person addressed. If a post town is added in the address, the article is very liable to be delayed. Postal articles which cannot reach the Delhi Base Office till the 12th December 1912 should not be posted for delivery from field post offices.

WHAT MAY BE SENT.

All classes of postal articles (private and official), viz., letters, post cards, newspapers, packets and parcels, both registered and unregistered, may be posted for delivery from field post offices.

PREPAYMENT OF POSTAL COMPULSORY.

Full prepayment of postage on all articles is compulsory. Officers Commanding Corps proceeding to the manœuvres should warn the troops, followers, etc., to inform their correspondents of the necessity for fully prepaying the postage on all articles.

DELIVERY.

Unregistered articles of the letter mail will be delivered through Regimental Orderlies. Registered articles of the letter mail and all parcels will also be delivered through orderlies in the absence of written instructions to the contrary from the addressees. The receipt of the person to whom a registered article or parcel is delivered will be taken on a list against the entry of the article or parcel.

N.B.—Any person who does not wish his registered articles or parcels delivered through an orderly must give notice in writing to the field post office by which he is served.

INSURANCE, V.-P. POST AND MONEY-ORDERS.

Postal articles cannot be insured for despatch to field post offices, nor be sent to them under the V.-P. system. Money-orders will not be issued for payment by field post offices.

ARTICLES FROM FIELD POST OFFICES.

WHAT MAY BE SENT.

All classes of postal articles (private and official), viz., letters, post cards, newspapers, packets and parcels, both registered and unregistered, may be posted at field post offices. In the case of all articles which are for delivery from other field post offices, full prepayment of postage is compulsory.

Articles cannot be posted under the V.-P. system at field post offices, nor will any insurance work be done.

MONEY-ORDERS AND SAVINGS BANK.

Money-orders will not be issued from field post offices, nor will Savings Bank business be transacted.

POSTAGE STAMPS.

Postage stamps (including post cards and embossed envelopes other than one anna Soldiers' envelopes) both ordinary and service, and British postal orders, can be purchased from any field post office.

N.B.—None of the above restrictions refer to the regular permanent post offices which exist on the field of operations. These offices will perform as usual all classes of postal work, and the troops may use them in connection with any kind of postal business which field post offices are not authorised to perform.

THE INDIAN LAW REPORTS.

Published in FOUR SERIES, viz.

CALCUTTA, MADRAS, BOMBAY AND ALLAHABAD.

THE Indian Law Reports, published under the authority of the Governor-General in Council, are printed in monthly Parts, which are issued, as soon as possible after the first of each month, at Calcutta, Madras, Bombay and Allahabad, respectively.

The Reports comprise four Series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court.

The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depôt; and the Madras, Bombay and Allahabad Series are distributed direct from Madras, Bombay and Allahabad, respectively.

Persons desiring to subscribe for or purchase the Reports should apply to—

the Officer in charge Bengal Secretariat Book Depôt, Calcutta, or

the Superintendent, Government Press, Madras, or

the Superintendent, Government Central Press, Bombay, or

the Curator of Government Books, United Provinces of Agra and Oudh, Allahabad.

THE following Notices are published for general information.

B. K. FINNIMORE,
Secy. to the Govt. of Bengal.

CALCUTTA, *the 26th November 1912.*

WESTERN AUSTRALIA. NORTH-WEST COAST.

Port Hedland—Beacons established.

No. 567 (*first publication*).—The following particulars, etc., relative to **the above, issued** by the British Admiralty (No. 1417 of 1912), are **republished**:—

Position.—Hunt point, lat. 20° 17¾′ S., long. 118° 34¼′ E.

Details.—The positions of 5 beacons which have been established to mark the banks in Port Hedland are shown on the accompanying reproduction of a portion of Chart No. 1437.

This reproduction also shows the correct position of the flagstaff from which the light and tidal signals are exhibited and the extension of the jetty at Mangrove point.

Remarks.—The former rear beacon for leading over the bar has been removed, and the leading line is now the outermost black beacon (No. 1) and Lumsden beacon, in line with the flagstaff mentioned above. The view of the leading mark given on chart No. 1437 has been amended accordingly.

Chart affected.—No. 1437, Port Hedland.

Publication.—Australia Directory, Vol. III, 1905, pages 227, 228.

Authority.—Agent-General, Western Australia, 8th October 1912.

Reproduction of Portion of Chart N°1437.

SOUTH AFRICA—PROVINCE OF CAPE OF GOOD HOPE.

Simons bay—Regulations for Dockyard port.

No. 568 (first publication).—The following particulars, etc., relative to the above, issued by the British Admiralty (No. 1439 of 1912), are republished :—

HIS EXCELLENCY THE GOVERNOR-GENERAL IN COUNCIL has been pleased, under section *four* of the Simons Bay Dockyard Port Regulation Statutes, 1898-1912, to make the following regulations and to

cancel those published in the *Gazette* of the Colony of the Cape of Good Hope under Government Notice No. 732, dated 11th September 1899:—

1. The area of the Dockyard Port as defined by the statutes above mentioned is included within the following boundaries:—

On the east so much as is comprised within a line drawn due south (true) from the Phœnix Buoy to the shore, meeting a line drawn north 32° west (true) from the Phœnix Buoy to the shore on the south of Elsey Bay; on the north-west, west, and south, the line of highwater-mark of spring tides between the points where the above defined lines meet the shore, with all bays, creeks, lakes, pools, and rivers as far as the tide flows, which boundaries are delineated on a plan filed in the office of the Surveyor-General, marked 2,554 MM.

2. No vessel shall moor or anchor so as to obstruct navigation in or out of the Dockyard Port.

3. The Senior Naval Officer shall have exclusive right to lay down moorings within the area of the Dockyard Port. Merchant ships must anchor only in berths assigned to them by the Senior Naval Officer, or his representative. Freedom of access will be given at all times when the space is not required for His Majesty's ships and vessels.

4. No gunpowder or other explosive shall be allowed on board merchant vessels without the written permission of the Senior Naval Officer, and no merchant vessel shall be allowed to discharge loaded ordnance within the whole area of the Dockyard Port as laid down in section *one* of the "Simons Bay Dockyard Port Regulation Statutes, 1898-1912." The loading or unloading of gunpowder or other explosives shall be regulated by the Senior Naval Officer.

5. No merchant vessel shall be permitted to have on board any quantity of tar, oil, or other combustible substances beyond such as may be required for her general use within the limits of the Dockyard Port without the permission of the Senior Naval Officer.

6. The Senior Naval Officer is authorized from time to time, where the Naval Service requires it, to limit the speed of steam vessels to a speed not to exceed four knots per hour within the limit of the Dockyard Port, as laid down in section *one* of the Act above quoted.

7. Every merchant vessel of and above 150 tons anchored or moored within the Dockyard Port shall have on board at least one person at all hours of the day and night.

8. If at any time the anchor of any merchant or other private vessel hooks any Government moorings, or any electric cables, or moorings of buoys, the master or other person having the charge or command of such vessel shall not proceed to unhook the same, but shall forthwith give notice thereof to the Senior Naval Officer in order that aid may be given for clearing such moorings or cables without doing damage to the same.

9. No merchant or other private vessel or boat shall, without license in writing from the Senior Naval Officer, be moored or fastened to any Government moorings, buoys, piles, or vessels in the Dockyard Port.

10. No ballast, stones, earth, clay, refuse, ashes, rubbish, dust, filth of any description, and no refuse from any quarry, mine, or pit shall be unladen, cast, or allowed to fall into the waters of the Dockyard Port, except in such places as are appointed by the Senior Naval Officer, or into or upon the banks, or any portion of the shore of the said Dockyard Port, or into or upon the shores of any rivers or streams discharging into the said Dockyard Port where the same may be liable to be washed into the waters of the Dockyard Port by rain, tide, or otherwise..

11. Nothing, however, in the foregoing provision shall be deemed to exclude such vessels as require admission to the town pier for loading and unloading cargoes; and all such vessels shall continue to enjoy their accustomed privileges in this respect as fully as if these regulations had not been made, provided they do not impede or interfere with the navigation of His Majesty's vessels.

12. The master of every vessel to which these regulations relate shall observe and cause them to be observed so far as they relate to his vessel, and if any master or other person acts in any respect in contravention of any of these regulations, or fails to observe or cause to be observed, in any respect, any of them, he shall be liable on conviction to a penalty not exceeding ten

pounds, or to imprisonment with or without hard labour for a period not exceeding three months.

BENGAL COTTON-GAMBLING ORDINANCE, 1912.

WHEREAS it is expedient to prohibit the practice of cotton gambling in the Presidency of Fort William in Bengal;

And whereas, pending the consideration by the Governor in Council of a law to effect this object, an emergency has arisen which makes it expedient to prohibit such gambling by an Ordinance under section 23 of the Indian Councils Act, 1861: In the exercise of the power vested in him by the said

section, the Governor-General is pleased to make and promulgate the following Ordinance :—

ORDINANCE No. 1 OF 1912.

Short title and extent

1. (1) This Ordinance may be called the Bengal Cotton-gambling Ordinance, 1912; and

(2) It extends to the Presidency of Fort William in Bengal.

Extension of gaming provisions to cotton gambling

XXI of 1857
Ben Act IV of 1866
Ben Act II of 1867
Ben Act III of 1897

2. The definitions of "gaming," "instruments of gaming," and "common gaming-house" in section 59 of the Howrah Offences Act, 1857, section 3 of the Calcutta Police Act, 1866, and section 1 of the Bengal Public Gambling Act, 1867, as amended by the Bengal Rain-gambling Act, 1897, shall respectively be deemed to include—

cotton-gambling (that is to say, wagering on a number to be arrived at by a manipulation of figures showing rates for the sale of cotton or other marketable commodity),

books or registers in which cotton-gambling wagers are entered, all other documents containing evidence of such wagers, and any thing used as a means of cotton-gambling, and

any house, room, tent, enclosure, vehicle, vessel or place in which cotton-gambling is carried on for the profit or gain of the person owning, occupying, using or keeping such house, room, tent, enclosure, vehicle, vessel or place.

RULES FOR THE ASKING OF QUESTIONS IN THE BENGAL LEGISLATIVE COUNCIL.

No. 4993A.—The 17th December 1912.—In pursuance of section 5 of the Indian Councils Act, 1909 (as applied to the Governor in Council of the Presidency of Fort William in Bengal by section 1 of the Government of India Act, 1912), and with the sanction of the Governor-General in Council, the Governor in Council has made the following rules, authorising the asking of questions at meetings of the Bengal Legislative Council:—

Council.

1. These rules may be called the Bengal Legislative (Questions) Rules, 1912.
2. In these rules,—

(*1*) "President" means—

(*a*) the Governor, or

(*b*) in the absence of the Governor, the Vice-President appointed by the Governor under section 4 of the Indian Councils Act, 1909;

(*2*) "Member in charge" means the Member appointed by the Governor to be in charge of the Department of the Local Government to which the subject of a question pertains, and includes any Member to whom such Member in charge may delegate any function assigned to him by these rules; and

(*3*) "Secretary" means the Secretary to the Bengal Legislative Council, and includes the Assistant Secretary and every person for the time being exercising the functions of the Secretary.

3. Any question may be asked by any Member, subject to the following conditions and restrictions.

4. No question shall be permitted in regard to any of the following subjects, namely:—

(*a*) any matter affecting the relations of His Majesty's Government or of the Goverment of India or of the Governor or the Governor in Council with any Foreign State or any Native State in India, or relating to the internal affairs of any such Native State, or

(*b*) any matter under adjudication by a Court of Law having jurisdiction in any part of His Majesty's Dominions.

5. No question shall be asked unless it complies with the following conditions, namely:—

(*a*) it shall be so framed as to be merely a request for information,

(*b*) it shall not be of excessive length,

(*c*) it shall not contain arguments, inferences, ironical expressions or defamatory statements, nor shall it refer to the conduct or character of any person except in his official or public capacity, and

(*d*) it shall not ask for an expression of an opinion or the solution of a hypothetical proposition.

6 In matters which are or have been the subject of controversy between the Government of India or the Secretary of State and the Local Government, no question shall be asked except as to matters of fact, and the answer shall be confined to a statement of facts.

7. A Member who wishes to ask a question shall give notice in writing so as to reach the Secretary, not later than 11 A.M., on the tenth day before the meeting of the Council at which he desires to put the question, and shall, together with the notice, submit a copy of the question which he wishes to ask:

Provided that the President may allow a question to be put with shorter notice than ten days, and may, in any case, require longer notice, or may extend the time for answering a question.

8. (1) The Secretary shall submit every question of which notice has been given to him in accordance with rule 7, to the President, who may either allow it, or, when any question is not framed in accordance with rule 5 or rule 6, cause it to be returned to the Member concerned for the purpose of amendment.

(2) If the Member does not, within such time as the President may fix in this behalf, resubmit the question duly amended, the question shall be deemed to have been withdrawn.

9. The President may disallow any question, or any part of a question, without giving any reason therefor other than that, in his opinion, it cannot be answered consistently with the public interests or that it should be put in the Legislative Council of another Local Government or of the Governor-General.

10. No discussion in Council shall be permitted in respect of any order of the President under rule 8 or rule 9.

11. Questions which have been allowed by the President shall be entered in a separate list of business for the day, and shall be put, in the order in which they stand in the list, before any other business is entered upon at the meeting.

12. Questions shall be put and answers given in such manner as the President may in his discretion determine.

13. Any member who has asked a question may put a supplementary question for the purpose of further elucidating any matter or fact regarding which a request for information has been made in his original question.

14. The Member in charge may decline to answer a supplementary question without notice, in which case the supplementary question may be put only in the form of a fresh question at a subsequent meeting of the Council.

15. These rules, except rules 7 and 8, apply also to supplementary questions:

Provided that the President may disallow any supplementary question without giving any reason therefor.

16. The President may rule that an answer to a question entered in the list of business for the day shall be given on the ground of public interest, even though the question may have been withdrawn.

17. No discussion shall be permitted in respect of any question or of any answer given to a question.

18. All questions asked and the answers given shall be entered in the proceedings of the Council:

Provided that no question which has been disallowed by the President shall be so entered.

19. The President may assign such time as, with due regard to the public interests, he may consider reasonable for the putting and answering of questions.

C. J. STEVENSON-MOORE,
Chief Secy. to the Govt. of Bengal.

RULES FOR THE DISCUSSION OF MATTERS OF GENERAL PUBLIC INTEREST IN THE BENGAL LEGISLATIVE COUNCIL.

No. 4994A.—The 17th December 1912.—In pursuance of section 5 of the Indian Councils Act, 1909 (as applied to the Governor in Council of the Presidency of Fort William in Bengal by section 1 of the Government of India Act, 1912), and with the sanction of the Governor-General in Council, the Governor in Council has made the following rules, authorising the discussion of any matter of general public interest at meetings of the Bengal Legislative Council.

Council.

1. These rules may be called the Bengal Legislative (Resolutions) Rules, 1912.

2. In these rules,—

(*1*) "President" means—

(*a*) the Governor, or

(*b*) in the absence of the Governor, the Vice-President appointed by the Governor under section 4 of the Indian Councils Act, 1909, or

(*c*) the Member appointed to preside under rule 28;

(*2*) "Member in charge" means the Member appointed by the Governor to be in charge of the Department of the Local Government to which the subject under discussion pertains, and includes any Member to whom such Member in charge may delegate any function assigned to him by these rules; and

(*3*) "Secretary" means the Secretary to the Bengal Legislative Council, and includes the Assistant Secretary and every person for the time being exercising the functions of the Secretary.

Matters open to discussion.

3. Any matter of general public interest may be discussed in Council subject to the following conditions and restrictions.

4. No discussion shall be permitted in regard to any of the following subjects, namely :—

(*a*) any subject removed from the cognizance of the Council by section 43 of the Indian Councils Act, 1861; or

(*b*) any matter affecting the relations of His Majesty's Government or of the Government of India or of the Governor or the Governor in Council with any Foreign State or any Native State in India, or relating to the internal affairs of any such Native State; or

(*c*) except with the sanction of the Governor, any matter which is the subject of discussion between the Government of India or the Secretary of State and the Local Government; or

(*d*) any matter under adjudication by a Court of Law having jurisdiction in any part of His Majesty's dominions.

Resolutions.

5. Subject to the restrictions contained in rule 4, any Member may move a resolution relating to a matter of general public interest :

Provided that no resolution shall be moved which does not comply with the following conditions, namely :—

(*a*) it shall be in the form of a specific recommendation addressed to the Governor in Council;

(*b*) it shall be clearly and precisely expressed, and shall raise a definite issue ;

(*c*) it shall not contain arguments, inferences, ironical expressions or defamatory statements, nor shall it refer to the conduct or character of any person except in his official or public capacity.

6. A Member who wishes to move a resolution shall give notice in writing so as to reach the Secretary not later than 11 A.M. on the fifteenth day before the meeting of the Council at which he desires to move the same,

and shall, together with the notice, submit a copy of the resolution which he wishes to move :

Provided that the President may allow a resolution to be moved with shorter notice than fifteen days, and may, in any case, require longer notice, or may extend the time for moving the resolution.

7. (*1*) The Secretary shall submit every resolution of which notice has been given to him in accordance with rule 6 to the President, who may either admit it, or, when any resolution is not framed in accordance with rule 5, cause it to be returned to the Member concerned for the purpose of amendment.

(*2*) If the Member does not, within such time as the President may fix in this behalf, resubmit the resolution duly amended, the resolution shall be deemed to have been withdrawn.

8. The President may disallow any resolution or part of a resolution without giving any reason therefor other than that, in his opinion, it cannot be moved consistently with the public interests, or that it should be moved in the Legislative Council of another Local Government or of the Governor-General.

9. (*1*) No discussion in Council shall be permitted in respect of any order of the President under rule 7 or rule 8.

(*2*) A resolution that has been disallowed shall not be entered in the proceedings of the Council.

10. Resolutions admitted by the President shall be entered in the list of business for the day, in the order in which they are received by the Secretary:

Provided that the President may give priority to any resolution which he may consider to be of urgent public interest, or may postpone the moving of any resolution.

Discussion of Resolutions.

11. The discussion of resolutions shall take place after all the other business of the day has been concluded.

12. (*1*) After the mover of a resolution has spoken, other Members may speak to the motion in such order as the President may direct, and thereafter the mover may speak once by way of reply.

(*2*) No Member other than the mover and the Member in charge shall speak more than once to any motion, except, with the permission of the President, for the purpose of making an explanation.

13. No speech, except with the permission of the President, shall exceed fifteen minutes in duration :

Provided that the mover of a resolution, when moving the same, and the Member in charge, may speak for thirty minutes.

14. (*1*) Every Member shall speak from his place, shall rise when he speaks, and shall address the President.

(*2*) At any time, if the President rises, any Member speaking shall immediately resume his seat.

15. (*1*) Any Member may send his speech in print to the Secretary so as to reach the latter not later than 11 A.M. on the second day before the day fixed for the discussion of a resolution, with eighty spare copies; and the Secretary shall cause one of such copies to be supplied to every Member.

(*2*) If any Member desires to have his speech printed at the Government Press, he shall send it to the Secretary so as to reach him not later than 11 A.M. on the fifth day before the day fixed for the discussion of the resolution.

(*3*) Any such speech may, at the discretion of the President, be taken as read.

16. The discussion of a resolution shall be limited to the subject of the resolution, and shall not extend to any matter as to which a resolution may not be moved.

17. When a resolution is under discussion, any Member may, subject to all the conditions and restrictions relating to resolutions specified in rules 4 and 5, move an amendment to such resolution :

Provided that an amendment may not be moved which has merely the effect of a negative vote.

18. (*1*) If a copy of such amendment has not been sent so as to reach the Secretary by 11 A.M. on the third day before the day fixed for the discussion of the resolution, any Member may object to the moving of the amendment;

and such objection shall prevail unless the President, in exercise of his power to suspend any of these rules, allows the amendment to be moved.

(2) The Secretary shall, if time permits, cause every amendment to be printed, and send a copy for the information of each Member.

19. A Member who has moved a resolution or an amendment of a resolution may withdraw the same, unless some other Member desires that it be put to the vote.

20. When, in the opinion of the President, a resolution and any amendment thereto have been sufficiently discussed, he may close the discussion by calling upon the mover to reply and the Member in charge to submit any final observations which he may wish to make:

Provided that the President may, in any case, address the Council before putting the question to the vote.

21. (1) When any amendment to any resolution is moved, the President, when putting the amendment to the Council, shall read the terms of the amendment.

(2) It shall be in the discretion of the President to put first to the Council either the original motion or any of the amendments which have been moved.

22. If any resolution involves many points, the President may, at his discretion, divide it so that each point may be determined separately.

23. (1) Every question shall be decided by a majority of votes, the President having, in case of an equality of votes, a second or casting vote.

(2) Votes shall be taken by voices, by show of hands, or by division, and shall always be taken by division if any Member so desires.

(3) The President shall determine the method of taking votes by division.

General.

24. (1) The President may assign such time as, with due regard to the public interests, he may consider reasonable for the discussion of resolutions or of any particular resolution.

(2) Every resolution which has not been put to the vote within the time so assigned shall be deemed to have been withdrawn.

25. Every resolution, if carried, shall have effect only as a recommendation to the Governor in Council.

26. When a question has been discussed at a meeting of the Council, or when a resolution has been disallowed under rule 8 or withdrawn under rule 19, no resolution or amendment raising substantially the same question shall be moved within one year.

27. (1) The President shall preserve order, and all points of order shall be decided by him.

(2) No discussion on any point of order shall be allowed unless the President thinks fit to take the opinion of the Council thereon.

3. (*a*) Government reserves to itself the right to alter the quantity and class of opium to be offered for sale in each month. No reduction in the quantities to be sold, however, will be made without three months' previous notice.

(b) The chests sold for China will be marked in a distinguishing manner and covered by a special permit to be granted by Government.

(c) All chests of certified opium sold for export to China must be shipped from Calcutta, on or before the 15th of December 1913, and if they are not so shipped, the option will be cancelled, and permits for their export to China will not be given either in 1913 or at any future time.

4. The following are the conditions of sale. Government reserves to itself the right of altering all or any of these conditions after giving three months' previous notice, and power is reserved to vary the upset prices referred to in condition (ii) at any time without such previous notice :—

(i) The opium will be sold for exportation by sea only, and no certificate will be granted except to cover such export.

(ii) The opium will be ordinarily offered for sale at an upset price of Rs. 2,000 per chest of certified opium and of Rs. 1,200 per chest of uncertified opium and will be sold to the highest bidder above these prices except under the circumstances for which provision is made by clause xiii of these conditions of sale. The bids must advance by Rs. 5 at a time.

(iii) The sale shall commence at the hour of 11 A.M. of the day fixed by previous notification, and shall not be continued after the hour of 5 P.M., but if at that hour any of the lots advertised for sale shall remain unsold, the sale may, at the discretion of Government, be resumed on the next day following (not being Sunday or a public holiday), at the hour of 11 A.M., and so on until the whole of the remaining lots are disposed of; or if the whole quantity advertised shall not be sold on the day appointed, the Government may dispose of the lots which remain on hand at a future sale.

(iv) Each lot shall contain five chests.

(v) A Promissory Note for a sum, calculated according to the scale noted in the margin, shall be taken as a deposit on each lot from the purchaser in the sale-room and before the lot is registered in the sale-book, and all such Promissory Notes shall be redeemed on the part of the purchasers at this office by Bank of Bengal receipts, or by substitution of other public securities of the Government of India, on or before 3-30 P.M., in the afternoon of the fifth day after the sale, provided it does not fall on a Saturday; if it falls on a Saturday, the said notes must be redeemed by 1-30 P.M., or, on the other hand, failing such redemption by the time aforesaid, then the lot or lots for which no Bank of Bengal receipts or deposit of other public securities as aforesaid shall have been delivered in, shall be re-sold at such time or times and under such conditions of re-sale as Government shall see fit; and all losses and expenses whatsoever attending such re-sale shall be borne and paid by the defaulters, whilst any profit accruing from such re-sale shall be forfeited to Government.

DEPOSIT.

When the amount bid is less than Rs. 1,200 per chest, Rs. 200 per chest.

On bids of Rs. 1,200 and upwards, but less than Rs. 1,600 per chest, Rs. 300 per chest.

On bids of Rs. 1,600 and upwards, but less than Rs. 2,000 per chest, Rs. 400 per chest.

And so on, Rs. 100 being added to the deposit for every bid additional to the extent of Rs. 400.

(vi) The said Promissory Notes shall be absolutely payable in any event, and the amount thereof shall be absolutely forfeited upon such default as before mentioned, and the amount thereof shall not go or be credited in reduction of any loss on re-sale or expenses thereby incurred, but shall be recoverable whether such re-sale shall be had or not, or whether there shall be a loss on such re-sale or not.

(vii) The Promissory Notes taken on the day of sale under the fifth condition, if remaining unredeemed at 3-30 P.M. of the fifth day following the day of sale, or 1-30 P.M., if the last day falls on a Saturday, will be placed in the hands of the Solicitor to the Government for realization in such manner as to him shall seem fit.

(viii) No tender of money, Bank of Bengal receipts, or public securities, on account of opium upon which the prescribed deposit may not have been made before the prescribed time in clause (v) on the fifth day following the day of sale, will be afterwards accepted: Provided always that money so subsequently tendered may be taken in payment of the said Promissory Note, but such acceptance of money shall in no way entitle the payer thereof to any right to delivery of the lot or lots in respect whereof the said note was

given, or to any of the rights of a purchaser thereof, or release the payer from liability for any unpaid balance of such notes or from the additional liability for the loss and expenses of such re-sale as provided for in clauses No. (v) and No. (vi).

(*ix*) The opium advertised for sale shall be paid for not later than by 3-30 P.M. of the fifteenth day from the day of sale, provided it does not fall on a Saturday; if it falls on a Saturday, the opium must be paid for by 1-30 P.M.; and, in case any lots of such opium shall not be so paid for and adjusted, then the cash deposit made under the fifth condition, or any public securities that may have been deposited on account of such lots or chests, shall be forfeited, and the opium shall be disposed of on account of Government at such time and in such manner as Government shall think fit; and the first purchaser shall further be required to make good all expenses and any loss or difference of price between that obtained at the re-sale and the amount at which the opium was first purchased, forfeiting all advantages that may arise from such re-sale, and the liability for the loss or difference of price and expenses shall be in addition to, and wholly independent of, the amount of the deposit so forfeited.

(*x*) Purchasers taking out certificates or orders for the delivery of opium, after making full payment as above prescribed, shall have the option of naming the number of lots of their purchase, which they may desire to be included in each certificate or order; and it is to be clearly understood that the certificates or orders so taken out shall be considered final, and not afterwards changeable for other certificates or orders authorizing the delivery of single lots or of a different number of lots or chests, whether more or less, than the number of lots or chests ordinarily required to be included in each certificate or order.

(*xi*) No deposit of public securities under the fifth of the present conditions will be received in this office except from the party recorded as the purchaser in the sale-book, or his authorized agent. The receipt for deposit of public securities will be granted only in the name of such purchaser, and the securities so deposited will be returned when payment in full has been made by the said purchaser or his order.

(*xii*) The officer superintending the sale on the part of the Government is empowered to reject, at his discretion, the bid of any individual, unless such individual shall on demand render at the time a deposit either in Government of India Notes, Bank of Bengal receipts, or Government securities, a sum equal to the amount for which a Promissory Note would otherwise be taken under the fifth of these conditions.

(*xiii*) With a view to prevent fictitious biddings designed to obstruct the sale, it is hereby notified that the officer of Government superintending the sale shall be competent, at any time during the sale, to withdraw any unsold lot, and immediately to put it up again for sale at a maximum upset price, diminishing the same gradually by Rs. 5 at a time until a bid is obtained; and the first *bonâ fide* bidder for a lot, after it has been offered for sale in the mode here described, shall be held and declared to be the purchaser of the said lot, and the officer of Government superintending the sale shall also be competent to dispose, in the same manner, of as many of the subsequent lots as he may think proper, provided always that no lot shall be sold below the minimum prices of Rs. 2,000 and Rs. 1,200 specified in the second of these conditions.

(*xiv*) The purchaser of any lot shall have the option of naming and purchasing in immediate succession, at the same price and under the same conditions, any number of lots of the same Agency opium not exceeding altogether fifteen lots, provided always that there remain a sufficient number of lots of the opium to complete the said fifteen.

(*xv*) In the event of any dispute or difference touching or concerning any matter or question arising out of the sale of the opium included in this notification, or adjustment of the account thereof, the same shall and may be tried and decided in the High Court of Judicature at Fort William in Bengal.

(5) The following papers will be exhibited for inspection on the day of sale, or may be seen previously to that date by personal application at the office of the Government of Bengal:—

No. 1—Certificate of the opium advertised for sale.
No. 2—Report of the examination of such opium.

(6) The public are hereby informed that in providing the investment of the opium manufactured at the Patna Factory and the opium manufactured at the Ghazipur Factory, the same precautions have been taken as those which have been observed during past years to have the drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the cakes, and to have the due proportion of opium put into each cake. An account of the weight of the drug, when packed at the Patna and Ghazipur Factories, and a statement of the average weight of the chests, indiscriminately taken, for the purpose of comparison, from the despatches on arrival at Calcutta, may be seen on personal application at the office of the Government of Bengal.

(7) Any further information respecting weight or quality of the opium advertised for sale that may be desired by parties connected with the trade will, as heretofore, be furnished to them on personal application at the office of the Government of Bengal. But, in accordance with established usage, under no circumstances will the Government entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of opium, or adulteration of the drug, which may be preferred on reference to chests after the sale and delivery of the opium for shipment.

By order of the Governor in Council,

J. DONALD,

Offg. Secretary.

(1) a rate at seven per cent. on the annual value of holdings situated within the said Cantonment :

Provided that such rate shall not be imposed on any holding of which the annual value is less than six rupees ;

(2) a lighting-rate at one-quarter per cent. on the annual value of holdings situated within the said Cantonment ; and

(3) a fee for the cleansing of latrines at three and three-quarters per cent. on the annual value of holdings within the l mits of the said Cantonment :

Provided that such fee shall not exceed three rupees per annum where the valuation of the holdings amounts to or is less than twenty-five rupees, and that the fee on any one holding shall not exceed four hundred and eighty rupees.

NOTIFICATION II.

No. 6479P.—The 12th December 1912.—In exercise of the power conferred by section 15, sub-section (*2*), of the Cantonments Act, 1910 (XV of 1910), and with the previous sanction of the Governor-General in Council, the Governor in Council is pleased to apply for the assessment and recovery of the rate on the annual value of holdings, the lighting-rate and the latrine fee imposed in the Cantonment of Lebong by notification No. 6478P. of this date, the provisions of sections 44, 96, 97, 99, 101, 103, 104, 105, 107, 108, 109, 112 to 130, 310, 312 to 316, 322 to 326, 333 and 334, Form B in the third schedule and Form A, B, C, D and E in the fourth schedule, of the Bengal Municipal Act, 1884 (Bengal Act III of 1884), in the following adapted form :—

ASSESSMENT.

(Ben. Act III of 1884, s. 96.) The Cantonment Authority to determine the valuation of holdings.

1. The Cantonment Authority, after making such enquiries as may be necessary, shall determine the valuation of all holdings within the Cantonment as hereinafter provided.

(*Ibid*, s. 97.) Duration of assessment.

2. Save as herein otherwise provided, such valuation shall be valid for five years from the date on which it takes effect in the Cantonment, and until the beginning of the year next after the date on which a new valuation may be made, or until the valuation be revised and amended.

(*Ibid*, s. 99.) Returns for ascertaining annual value

3. The Cantonment Authority, in order to prepare the valuation list may, whenever they think fit, by notice, require the owners or occupiers of all holdings, to furnish them with returns of the rent or annual value thereof; and the Cantonment Authority or any person authorized by them in writing in that behalf, at any time between sunrise and sunset, may enter, inspect and measure any such holding after having given forty-eight hours' previous notice of their intention to the occupier thereof :

Provided that where an assessor is appointed, such assessor shall not be competent to authorize any other person to enter, inspect, and measure any such holding.

(*Ibid*, s. 101.) Annual value of holding, how to be ascertained.

4. The gross annual rental at which any holding may be reasonably expected to let shall be deemed to be the annual value thereof, and such value shall be accordingly determined by the Cantonment Authority and entered in the valuation-list :

Provided that, if there be on a holding any building or buildings the actual cost of erection of which can be ascertained or estimated, the annual value of such holding shall in no case be deemed to exceed an amount which would be equal to seven-and-a-half *per cent.*, on such cost, in addition to a reasonable ground rent for the land comprised in the holding :

Provided also that, in estimating the annual value of a holding under this rule, the value of any machinery that may be on such holding shall not be taken into consideration.

Preparation of valuation and rating list.

5. The Cantonment Authority shall cause to be prepared a valuation and rating list, which shall contain the following particulars, and any others which the Cantonment Authority may think proper to include :— (Ben. Act III 1884, s. 103.)

(a) number of the holding on the register;
(b) name of the street or road in which the holding is situated;
(c) description of the holding;
(d) annual value of the holding;
(e) name of owner;
(f) amount payable for the year;
(g) amount of quarterly instalment; and
(h) if the holding is exempted from assessment, a note to that effect.

The rate upon holdings shall be payable in quarterly instalments by the owner of the holding.

Power to assess upon house consolidated rate for house and land on which it stands.

6. If any house belongs to one owner, and the lands on which it stands and any adjacent land which is usually occupied therewith belongs to another, the Cantonment Authority may value such house and land together, and may impose thereon one consolidated rate. The total amount of the rate shall be payable by the owner of the house, who shall thereafter be entitled to deduct from the rent which he pays for the land one-fourth of the taxes so paid. (Ibid, s. 104.)

Application for reduction of assessment.

7. If the value of any holding shall be diminished from any cause beyond the control of the owner thereof, the owner thereof may apply for reduction of the valuation of the same. (Ibid, sec. 107.)

Power to revise valuation and assessment.

8. The Cantonment Authority may, at any time after the publication of the notice required by rule 10, value and rate any holding which was without authority omitted from the valuation and rating list, or which has become liable to valuation and rating after the publication thereof; and may enhance the valuation and rating of any holding which may appear to have been insufficiently valued or rated through mistake, oversight or fraud; and may revalue and reassess the taxes on any holding the value of which has been increased by additions or alterations to any building thereon. (Ibid, sec. 108.)

Any taxes imposed, or enhancement made under this rule shall take effect from the beginning of the month or quarter next following that on which the taxes shall be imposed or enhancement made.

Power to revise assessment list.

9. The Cantonment Authority may, at any time, substitute for any name mentioned in the valuation and rating list the name of any person to whom any holding mentioned therein shall have been transferred. Such person shall be liable to pay the taxes payable on such holding from the first day of the month or quarter next after the date of the transfer. (Ibid, s. 109.)

Publication of notice of assessment.

10. When the valuation and rating list of the rates on the annual value of holdings shall have been prepared or revised, the President shall sign the same, and shall cause it to be deposited in the office of the Cantonment Authority, and shall cause the notice in Form A of the First Schedule annexed to these rules to be published as far as possible in the manner prescribed by section 354 of the Bengal Municipal Act, 1884. (Ibid, s. 112.)

Application for review.

11. Any person who is dissatisfied with the amount assessed upon him or with the valuation or rating of any holding or who disputes his occupation of any holding, or his liability to be assessed or rated, may apply to the Cantonment Authority to revise the amount of valuation or rating or to exempt him from the rate or taxes. (Ibid, s. 113.)

(Ben Act III of 1884, s 114) Procedure upon review

12. Every application presented under the last preceding rule shall be heard and determined by not less than three members of the Cantonment Authority, who shall be appointed in that behalf by that Authority at a meeting. The members so appointed, after taking such evidence and making such inquiries as they may deem necessary, may pass such orders as they shall think fit in respect of such application.

The decision of such members, or of a majority thereof, in such cases shall be final.

(Ibid, s 115) Limitation of time for application of review

13. Unless good cause shall be shown to the satisfaction of such Cantonment Authority for extending the time allowed, no such application shall be received after the expiration of one month from the date of publication of the notice required by rule 10, relating to the list containing the valuation or rating in respect of which the application is made, or after the expiration of 15 days from the date of service of the first notice of demand for payment at the rate in respect of which the application is made, whichever period shall last expire.

(Ibid, s 116) Assessment to be questioned only under these rules

14. No objection shall be taken to any rating in any other manner than is provided for in these rules.

RECOVERY.

(Ibid, s 117) Office hours for payment of taxes

15. By notification to be posted up in their office, the Cantonment Authority shall declare at what hours of each day (not being a Sunday or other recognized holiday) the office shall be open for the receipt of money and the transaction of business.

(Ibid, s 118) Tax payable in advance

16. The amount due by any person on account of the rates of fees shall be deemed to be the amount entered in the lists, the notice relating to which is published under rule 10, unless the amount entered in such lists is subsequently altered by the Cantonment Authority as provided in these rules, in which case the amount to which the rating is so altered shall be deemed to be the amount due. Every instalment of such rate or fee shall be deemed to be due on the first day of the month or quarter in respect of which such instalment is payable.

(Ibid, s 119) Receipts to be given

17. For all sums paid on account of any rate or fee a receipt stating the amount and the rate or fee on account of which it is paid shall be given, signed by the tax-collector or by some other officer authorized by the Cantonment Authority to grant such receipt.

(Ibid, s 120) Bill and notice of demand to be presented

18. At any time within six months after any sum has become due on account of any rate or fee the Cantonment Authority shall cause to be presented to the person liable to the payment thereof a bill for the said sum which shall contain a statement of the periods for which such rate or fee is in arrear. If the amount mentioned in such bill be not paid on presentation thereof, a notice of demand, in the form marked "A" in the second schedule, with copy of the bill appended thereto, shall be served on the person liable to pay the same, and such notice of demand may be served at any subsequent time:

Provided that no charge shall be made in respect of the service of such notice.

Such notice shall be signed by the President or an officer authorized in that behalf, and shall be served by the person authorized to receive payment.

(Ibid, s 105) Tax or rate due from non-resident owner may be recovered from occupier

19. If the sum due from the owner of any holding remains unpaid after the notice of demand has been duly served, and such owner be not resident within the Cantonment, or the place of abode of such owner be not known, the same may be recovered from the occupier for the time being of such holding.

20. If any person after service upon him of the bill and notice, referred to in rule 18 shall not, within fifteen days of the service of such notice or from the date of any order made on an application for review under rule 11, pay the sum due, either to the Cantonment Authority at their office or to some person authorized by them to receive the money, or show to the Cantonment Authority sufficient cause for not paying the same, the amount of the arrear due, with costs on the scale shown in the table of fees marked "B" in the second schedule, may, at any time within three months after the date of service of the said notice, or of the order made on an application for review as aforesaid be levied by distress and sale of any moveable property belonging to the defaulter, except ploughs, plough cattle, tools or implements of agriculture or trade, wherever found or of any moveable property belonging to any other person, subject to the same exceptions, which may be found within the holding in respect of which such defaulter is liable to such rate: (Ben. Act III 1884, s. 121.)

If not paid in fifteen days, process of distress may issue.

Provided that when the holding in respect of which the default is committed is a place of business, and the moveable property distrained is shown to the satisfaction of the Cantonment Authority to have been left there for repairs or safe custody in the ordinary course of business it shall be released:

Provided also that if the said property or any part thereof belong to any person other than the defaulter, the defaulter shall be liable to indemnify the owner thereof for any damage he may sustain by reason of such distress, or by reason of any payment he may make to avoid such distress or any sale under the same.

21. Every warrant of distress and sale under the last preceding section shall be issued by the Cantonment Authority, and shall be in the form marked "C" in the second schedule. Distress shall be made by actual seizure of moveable property and the officer charged with the execution of the warrant shall be responsible for the due custody thereof. (Ibid, s. 122.)

Distress how to be made.

Such officers shall make an inventory of all moveable property seized under the warrant, and shall give not less than ten days' previous notice of the sale and of the time and place thereof, by beat of drum, in the Cantonment and by serving on the defaulter a notice in the form marked "D" in the second schedule:

Provided that, if the property is of a perishable nature, it may be sold at once with the consent of the defaulter, or without such consent at any time after the expiry of six hours from the seizure.

22. The officer charged with the execution of the warrant may, under the special orders of the Cantonment Authority between sunrise and sunset, break open any outer or inner door or window of a house, in order to make the distress, if he has reasonable ground for believing that such house contains any moveable property belonging to the defaulter, and if, after notification of his authority and purpose and demand of admittance duly made, he cannot otherwise obtain admittance: (Ibid, s. 123.)

Officer may break open door.

Provided that he shall not enter or break open the door of any room appropriated for the zenana or residence of women, which by the usage of the country is considered private, except after three hours' previous notice and opportunity given for the retirement of the women.

23. If the sum due be not paid with costs before the time fixed for the sale or the warrant be not discharged or suspended by the Cantonment Authority the moveable property seized shall be sold by auction at the time and place specified, in the most public manner possible, and the proceeds shall be applied in discharge of the arrears and costs. (Ibid, s. 124.)

Sale how to be conducted.

The surplus sale-proceeds (if any) shall be credited to the Cantonment Fund, and may be paid on demand to any person who establishes his right to the satisfaction of the Cantonment Authority or in a Court of competent jurisdiction.

The tax-collector or other officer authorized in that behalf, shall make a return of all such sales to the Cantonment Authority in the Form marked "E" in the second schedule.

(Ben. Act III of 1884, s. 125.)

Certain persons prohibited from purchasing at sales.

24. All officers and servants of the Cantonment Authority and all chaukidars, constables and other officers of police, are prohibited from purchasing any property at any such sale.

(Ibid, s. 126.)

Cantonment Authority to keep an account of distresses and sales.

25. The Cantonment Authority shall cause a regular account to be kept of all distresses levied, and sales made, for the recovery of taxes under these rules:

(Ibid, s. 127.)

Sale of property beyond limits of Cantonment.

26. If no sufficient moveable property belonging to a defaulter, or being upon the premises in respect of which he is assessed or rated, can be found within the Cantonment, the Deputy Commissioner of Darjeeling, or any other Magistrate having jurisdiction over the Cantonment may, on the application of the Cantonment Authority, issue his warrant to any officer of his Court for the distress and sale of any moveable property or effects belonging to the defaulter within any other part of the jurisdiction of the Magistrate, or for the distress and sale of any moveable property belonging to the defaulter within the jurisdiction of any other Magistrate exercising jurisdiction within the territories administered by the Governor of Bengal; and such other Magistrate shall endorse the warrant so issued, and cause it to be executed, and the amount, if levied, to be remitted to the Magistrate issuing the warrant, who shall remit the same to the Cantonment Authority.

(Ibid, s. 128.)

Distress or sale not unlawful for want of form.

27. No distress or sale made under these rules shall be deemed unlawful, nor shall any party making the same be deemed a trespasser on account of any error, defect or want of form in the bill, notice, summons, warrant of distress, inventory, or other proceeding relating thereto.

(Ibid, s. 129.)

Cantonment Authority may bring suit instead of distraining or on failure of distress.

28. Instead of proceeding by distress and sale, or in case of failure to realize thereby the whole or any part of the tax or rate, the Cantonment Authority may sue the person liable to pay the same in any Court of competent jurisdiction.

(Ibid, s. 130.)

Irrecoverable taxes.

29. The Cantonment Authority may order to be struck off the books the amount of any tax or rate which may appear to them to be irrecoverable.

(Ibid, s. 44.)

Powers of President.

30. The President of the Cantonment Authority shall, for the transaction of business under these rules, exercise all powers vested in the Cantonment Authority but not any power directed to be exercised by the Cantonment Authority at a meeting.

In the case of the lighting rate the following provisions shall also apply.

(Ibid, s. 310.)

Rate payable by occupiers quarterly in advance.

31. The rate imposed shall be paid by the occupiers thereof by quarterly instalments in advance, but no rate shall be leviable until the lamps in the portion of the area to be lighted shall have been lighted; nor shall any rate be leviable for any quarter or portion of a quarter antecedent to such lighting.

(Ibid, s. 312.)

Power to assess owners in certain cases.

32. If any holding shall be occupied by more than one tenant holding severally, or shall be of less annual value than one hundred rupees, it shall be lawful for the Cantonment Authority to recover the rate from the owner of such holding.

(Ibid, s. 313.)

Owners to recover from the occupier rates paid by owner.

33. Whenever any rate shall be recovered from any owner of any holding under the provisions of the last preceding rule, it shall be lawful for such owner, if there shall be but one occupying tenant of such entire holding, to recover from such tenant the entire amount of the rate which shall have been so paid by such owner; and, if there shall be one occupying tenant of a part of such holding or more than one occupying tenant of such holding, then to recover from such tenant, or each of such tenants, such sum as shall bear to the entire amount of rate which may have been so recovered from such owner the same proportion as the value of the portion of such holding in the occupation of such tenant bears to the entire value of such holding subject, however, to the provisions of the next succeeding rule.

34. Every owner who, under the provisions of the last preceding rule, may be entitled to recover any sum from any occupying tenant of any holding or of any portion thereof shall have for the recovery of such sum all such and the same remedies, powers, rights and authorities as if such sum were rent payable to such owner by such tenant in respect of so much of such holding as may be in the occupation of such tenant. (Ben. Act III of 1884, s. 314.)

Owner may recover rate so paid as rent.

35. Every occupier shall be liable to the lighting-rate for the time of his occupation. When any person shall have been an occupier for a part only of any quarter, he shall be liable only for so much of the rate for that quarter as may be proportionate to the number of days during which he shall have been an occupier. (Ibid, s. 315.)

Occupier liable to the rate for time of occupation only.

If he shall have paid the rate in advance, the amount paid in excess of the sum due under this rule shall be refunded.

Excess paid in advance to be refunded.

No such rate shall be chargeable to any person on account of any unoccupied holding for the time during which it may remain unoccupied:

No rate to be charged during vacancy.

Provided always that, when any person ceases to be the occupier of any holding upon which the rate has been assessed, he shall give the Cantonment Authority notice to that effect within seven days from the date of the cessation of his occupancy. If the occupier fail to give such notice within such period, he shall be liable to the rate assessed on such holding for the whole quarter, although he may have occupied for a part only of such quarter; and, in cases to which the provisions of rule 32 apply, the rate assessed on such holding for the whole quarter shall be recoverable from the owner, if such owner has failed to give notice that such holding is unoccupied within seven days from the date on which it ceased to be occupied.

Notice of cessation of occupancy to be given within seven days.

36. When the name of the owner or occupier of any holding is not known, it shall be sufficient to designate him, in any notice served or proceeding held under these rules, as the owner or the occupier of the holding on which the rate is assessed, and without further description. (Ibid, s. 316.)

Unknown owner or occupier how to be designated.

In the case of the fees for the cleansing of latrines the following provisions shall also apply.

37. No fee shall be levied in respect of any shop or place of business which does not contain any privies, or cess-pools, when a fee under these rules is levied from the occupier thereof in respect of his dwelling-house within the Cantonment. (Ibid, s. 322.)

Recovery of fees.

38. If any holding is occupied in severalty by more than one person, the Cantonment Authority may levy the said fee from the owner of such holding, who may recover from each occupier such sum as shall bear to the entire amount of the fee so levied the same proportion as the value of the part of the holding in the occupation of such person bears to the entire value of such holding. (Ibid, s. 323.)

In certain cases fee may be levied from owner, who may recover from occupier.

39. Every owner who, under the provisions of the last preceding rule, is entitled to recover any sum from the occupier of any part of a holding, shall have for the recovery of the said sum all such and the same remedies, powers, rights and authorities in respect of such portion of the holding as may be in his occupation. (Ibid, s. 324.)

Owner may recover fees from occupier as rent.

40. The Cantonment Authority at their discretion may compound, for any period not exceeding one year, with any occupier or owner as aforesaid of any railway premises or of any premises used as a factory, dockyard, workshop, cooly depôt, school, hospital, market, court-house or other similar place, for a certain sum to be paid by such occupier or owner in lieu of such fee. (Ibid, s. 325).

Cantonment authority may compound with occupier or owner of certain premises for fee.

(Ben. Act III of 1884, s. 825.)

Cantonment Authority may levy a rate per head.

41. The Cantonment Authority may, in lieu of the aforesaid fee, levy a rate per head, to be fixed by the said Cantonment Authority on the number of persons living within or habitually resorting to any such railway premises, factory, dockyard, workshop, cooly depôt, school, hospital, market, court-house or other similar place.

(Ibid, s. 888.)

Cantonment Authority may require list of persons in a holding.

42. The Cantonment Authority may, for the purposes of these rules, by a notice in writing, require the owner or occupier of any holding to furnish, within a time to be specified in the notice, a list of the number of persons residing in, or habitually resorting to, such holding.

(Ibid, s. 884.)

Penalty.

43. Whoever, being the owner or occupier of any holding, fails to furnish such list within the time specified in such notice, after being required to furnish the same by the Cantonment authority, shall be liable to a fine not exceeding one hundred rupees.

2nd.—If the amount of purchase-money does not exceed Rs. 100, the whole amount must be paid down at once.

3rd.—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount must be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale shall be cancelled, the sum deposited being forfeited to Government, and the lot again put up for sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of original sale.

4th.—The plots of land will be sold revenue-free to the highest bidder.

5th.—The purchasers shall be put in possession on receipt by the Collector of the orders of the Commissioner confirming the sale.

Advertisement of Sale.

NOTICE is hereby given that the proprietary right of Government, as specified in the conditions of sale below, to the undermentioned estates situate in the district of Bankura will be put up to sale at the Bankura Collectorate on the 3rd January 1913, corresponding with 19th Pous 1319 B.S.

The purchasers will be subject to the following conditions of sale :—

Conditions of Sale.

1st.—The estate to be sold to the highest bidder above the upset price which will be fixed by the Collector at the time of sale. The purchaser of this estate will be considered as the proprietor of the estate, and the entire proprietary right of Government in such estate will be transferred to him, subject to the revenue fixed in perpetuity.

2nd.—The sale to be subject to existing leases and to the rights conferred by the settlement proceedings, and by the laws in force, and purchasers to be bound to respect the rights of resident cultivators who have signed the schedule of assessment prepared by the Revenue authorities.

3rd.—If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid down at once.

4th.—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale is to be cancelled (the sum deposited being forfeited to Government), and the estate to be again put up to sale at the risk of the defaulting purchaser, after issue of advertisement as in the case of original sale.

PUBLIC WORKS DEPARTMENT, BENGAL.

DISTRICT ROAD FUND.

Notification dated 13th December 1912.—The subjoined abstract of the annual report and accounts of the District Road Committee of the Darjeeling district for the year 1911-12 is published for general information.

B. K. FINNIMORE,
Secy. to the Govt. of Bengal.

Copy of letter No. 7P.W.ct., dated the 16th June 1912 from F. J. MONAHAN, ESQ., I.C.S., *Commissioner of the Rajshahi Division to the Secretary to the Government of Bengal, Public Works Department.*

I HAVE the honour to forward herewith the report on the Administration of the District Road Committee, Darjeeling, together with the annual accounts for the year 1911-12.

Abstract of the Report by the Chairman, District Road Committee of Darjeeling, on the operations of the District Road Fund of the district for the year 1911-12.

[*Vide* letter No. 59R.F., dated 30th May 1912, from J. Lang, Esq., I.C.S., Chairman of the District Road Committee, Darjeeling, to the Commissioner of the Rajshahi Division.]

1. *Working of Committees.*—(*a*) *District Committee.*—There were 18 members of the Committee—6 official and 12 non-official. Four meetings were held during the year. The average attendance was 9·5, or 55·77 per cent., at a meeting.

(*b*) *Kurseong Branch Committee.*—The Committee consisted of 9 members—2 official and 7 non-official. Five meetings were held during the year. The average attendance was 4·2. or 46·66 per cent., at a meeting.

(*c*) *Terai Branch Committee.*—The total number of the members of this Branch Committee was 16, of which 5 were official and 11 non-official. Eight meetings were held during the year. The average attendance was 9, or 56·25 per cent., at a meeting.

2. The year opened with a cash balance of Rs. 14,135-4-8 and an outstanding advance of Rs. 16,019-3-3. The total sum of Rs. 30,154-7-11 was available for expenditure during the year. The total receipts and expenditure during the year (1911-12) were Rs. 70,325-7-9 including outstanding advance of the preceding year and Rs. 39,809-9-3, respectively, leaving a cash balance of Rs. 20,218-7 and an outstanding balance of Rs. 10,297-7-6. The closing balance was more than one quarter's *kist*, mainly owing to the fact that the construction of three new bridges was not taken in hand during the year on account of certain unforeseen events, and a part of the balance, though actually spent during the year, could not be adjusted, no accounts having been received. It is expected that the cash balance will be considerably reduced as estimated in the budget for 1912-13.

RECEIPTS.

3. *Provincial rates.*—The road-cess was levied during the year 1911-12 in the district at the maximum rate of six pies in the rupee as in previous years. A sum of Rs. 25,229-0-3 was collected under the head "Cess on lands" during the year, against Rs. 25,229-10-10 of the preceding year (1910-11).

4. *Contribution.*—(*a*) *Grant from Government.*—The sum of Rs. 7,813-15-1 was credited during the year under this head, including Rs. 5,686 on account of augmenting the resources of the Committee, against Rs. 10,263-13-1 of the preceding year (1910-11). The decrease is mainly due to the arrear collection of the Government share of cost of the Road and Public Works Cess joint establishment and revaluation work in that year (1910-11).

(*b*) A contribution of Rs. 7,098 actually due was received from the Darjeeling Improvement Fund towards communication (Rs. 7,000) and share of the cost of the cess and tauzi joint establishment (Rs. 98) as usual.

(*c*) No contribution from private persons was received during the year.

EXPENDITURE.

5. *Original works.*—Out of the estimated sum of Rs. 19,767, Rs. 2,324-1-9 only was spent under this head during the year. This is due to the Committee's inability to construct the Chenga, Tepu and Boon bridges as already stated in paragraph 2 above.

6. *Repairs.*—The total sum of Rs. 22,968-12-6 as detailed below was spent under this head against Rs. 27,113-11-9 of the preceding year. The decrease is mainly due to non-adjustment of certain amounts spent during the year of which the accounts were not received in due time:—

Details of repairs.

	Total ...	......	22,770 4 0
	Village roads ...	......	198 8 6
	GRAND TOTAL ...	......	22,968 12 6

7. A total length of 9 miles out of 9 miles of metalled roads and 336 miles out of 372 miles of unmetalled roads and 9 miles of village roads were actually repaired by the Committee during the year at a cost of Rs. 1,076, Rs. 21,694 and Rs. 199, the cost per mile being Rs. 119·5, 64·56 and 22·11, respectively. A sum of Rs. 386-9-6 was spent during the year for putting up signboards of new pattern as in the year preceding on certain roads.

8. *Iron railings.*—The Committee decided to put up iron railings gradually on the dangerous parts of hill roads as funds permit. Rupees 62 only was accounted for this year under this head.

9. *Contribution.*—A sum of Rs. 1,200 was paid to the Deputy Conservator of Forests, Darjeeling Division, for widening a forest road from Sreekhola in continuation of Road Cess Road No. 18A (Kanjilia Bejanbari to Subarkam) *viâ* Rembik to Palmajua.

10. *Arboriculture.*—There was no expenditure under this head though a sum of Rs. 500 was provided in the revised budget estimate for 1911-12, which is expected to be spent in 1912-13.

11. *Loans.*—No fresh loan was taken during the year. Rupees 5,069-11-4 as principal and Rs. 2,241-6-4 as interest were paid during this year according to the terms of the loans granted by Government.

12. *Public Works Establishment.*—There was no District Engineer under this District Road Committee during 1911-12. All the works in the hills and most of those in the Terai were as usual executed by the members of the Committees and by the managers of tea gardens and private gentlemen. The thanks of the Committee are due to them for their valuable assistance. The important Road Cess bridges were repaired by the Public Works Department as in the previous years at the cost of the Road Fund. A sum of Rs. 1,186-11-9 including contingencies, or 4·7 per cent. of the total outlay on work, was spent for the entertainment of an overseer and a peon at Siliguri under the Terai Branch Road Committee. The pay of the Overseer was Rs. 60, plus a fixed allowance of Rs. 20 and that of the peon Rs. 7 per mensem.

13. *Administration.*—There were two Branch Committees under the District Road Committee, viz., Kurseong and Terai. Mr. H. T. S. Forrest, the Deputy Commissioner, was *ex-officio* Chairman of the District Road Committee and of the Terai Branch Committee throughout the year. Mr. F. G. E. Piffard, the senior Deputy Collector, was the Vice-Chairman of the District Road Committee during the whole year. Mr. J. C. B. Drake, the Subdivisional Officer of Kurseong, was the Chairman and Vice-Chairman of the Kurseong and Terai Branch Committees respectively for whole of the year 1911-12. Dr. A. D. Humphry, the Civil Medical Officer of Kurseong, was the Vice-Chairman of the Kurseong Branch Committee during 1911-12. The works of the District Committee as well as those of the Branch Committees were performed satisfactorily. The thanks of the Committee are due to the abovenamed gentlemen and other members of the Sadar and Branch Committees for the care and interest they took in their duties.

14. *Audit of Accounts.*—The Examiner of Local Accounts, Bengal, has audited the accounts up to November 1911, and the members of the Audit Sub-Committee have audited for the whole year.

Public Works Department, Bengal.

NOTICE.

FOR maintenance and working of the Barkal Tramway and rolling-stock from Peshkicherra to Chaltatali, 1½ miles long, on the right bank of the river Karnafuli in the Chittagong Hill Tracts—

The Superintendent, Chittagong Hill Tracts, Public Works Department, invites tenders for the above work for a period of 12 months from 1st April 1913. A copy of specification for the said work is given in Schedule A.

A summary of conditions, maximum rates for passengers and luggage, &c., on which the contract will be drawn up can be seen from the subjoined copy of current agreement with contractor Babu Kailash Chandra Mitra, of Svarnagram, Dacca, given in Schedule B.

The undersigned is prepared to consider any subsidy if required for the maintenance of the service.

A list of rolling stock, plant, bridges, buildings and furniture, &c., to be maintained is given in Schedule C.

Each tender must be accompanied by earnest-money in currency notes, amounting to Rs. 25 (twenty-five only), which will be returned in the event of the tender not being accepted, and will be treated as security in the case of the successful tenderer.

Tenders must be forwarded in sealed cover addressed to the Superintendent, Chittagong Hill Tracts, Public Works Department, Rangamati, and must reach him on or before 3rd January 1913. The cover should be endorsed on the outside with the sender's name and address and should be superscribed in red ink "Tender for working and maintenance of the Tramway line, rolling-stock, &c., at Barkal from April 1913, to be opened on the 3rd January 1913." Unless so superscribed they are liable to be returned without consideration.

The Superintendent, Chittagong Hill Tracts, does not bind himself to accept the lowest tender or to assign any reason for non-acceptance.

O. MAWSON, Superintendent, Chittagong Hill Tracts.

Rangamati, the 28th November 1912.

SCHEDULE A.

SPECIFICATION.

FOR working the Barkal Tramway and maintenance of the line and the rolling-rock the contractor will employ a clerk and a staff of (say) six men at Barkal, varying in strength according to the traffic and stress of work on the line.

The contractor will be responsible for keeping waterways and approaches of bridges perfectly clear all through the year and taking care of all bridges and culverts on the Tramway and of Government buildings and for executing petty repairs thereto as occasion arises (save annual repairs to bridges and buildings) and for the safe custody of all furniture and stores at Barkal. All stores used up or rendered unserviceable by the contractor must be replaced at his cost.

Except where the line is fairly level and straight, the trollymen must not get on the trolly especially when it is running down a slope.

Sleepers should be well packed with earth to give an even bearing surface and necessary camber to the rails. The line should be maintained in smooth uniform straight lines and curves, the inside of adjacent railheads being kept in one uniform line (to prevent jolting and breakage of wheels, axle, boxes, &c.), by properly placing the sleepers and keeping the rails thereto.

All worn-out parts of trucks and trollies to be renewed and all damaged or broken parts to be replaced by the contractor. Axle boxes of trucks should always be kept well lubricated with oil, &c., and be maintained in a perfectly clean condition. All wrought-iron or steel work to be painted with red lead paint.

The whole length of the line, about 1½ miles in length, to be kept clear of slips and caused by rain or otherwise and of all jungle growth all through the year for a width of about 60 feet. Similarly the approaches to the rest-houses and to the river in different places on the line should be properly maintained and kept clear of jungle, &c., to the usual width.

A clear width of ten feet for roadway with ordinary barrelled surface of road, side drains and cross drains for free drainage with small cut as outlets or water passage at short intervals from the outer drains to prevent the track being cut away by the drainage should be maintained by widening where necessary with about two feet wide side parapet of earth to prevent accidents and to stop derailed trucks.

After the rains are over, all irregularities or hollows in the roadway should first be levelled off, and when this is done, fresh earth cut from the hill side added so as to make up the road to the prescribed section, that is to give a camber or rise of one in twelve inch the centre of the roadway. The new earthwork must be consolidated by ramming or rolling early in the morning of the day following that on which it is put on the road, so as both to retain the moisture in the soil and to take the advantage of the dew before it evaporates.

N. N. DAS, District Engineer.

The 23rd December 1911.

SCHEDULE B.

Contract between the Superintendent, Chittagong Hill Tracts, on behalf of the Secretary of State for India in Council on one side and on the other Babu Kailash Chandra Mitra, son of late Ram Kinkar Mitra, of Svarnagram, thana Munshiganj, district Dacca, the executor of the estate of the late Rai Abhoya Charan Mitra Bahadur.

THE INDIAN LAW REPORTS.

Published in FOUR SERIES, viz.

CALCUTTA, MADRAS, BOMBAY AND ALLAHABAD

THE Indian Law Reports, published under the authority of the Governor-General in Council, are printed in monthly Parts, which are issued, as soon as possible after the first of each month, at Calcutta, Madras, Bombay and Allahabad, respectively.

The Reports comprise four Series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court.

The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depôt: and the Madras, Bombay and Allahabad Series are distributed direct from Madras, Bombay and Allahabad, respectively.

Persons desiring to subscribe for or purchase the Reports should apply to—

the Officer in charge Bengal Secretariat Book Depôt, Calcutta, or
the Superintendent, Government Press, Madras, or
the Superintendent, Government Central Press, Bombay, or
the Curator of Government Books, United Provinces of Agra and Oudh, Allahabad.

Bills introduced into the Council of the Governor General for making Laws and Regulations, or published under Rule 23.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

NOTIFICATION.

Simla, the 29th November, 1912.

No. 70.—The Governor General has been pleased, under Rule 23 of the Rules for the conduct of the Legislative Business of the Council of the Governor General, to order the publication in the *Gazette of India* in English of the following Bill, together with the Statement of Objects and Reasons relating thereto, and the Bill and Statement of Objects and Reasons are accordingly hereby published for general information :—

No. 12 OF 1912.

A Bill to prohibit the importation, manufacture and sale of matches made with white phosphorus.

WHEREAS it is expedient to prohibit the importation, manufacture and sale of matches made with white phosphorus; It is hereby enacted as follows :—

Short title, extent and commencement.

1. (*1*) This Act may be called the White Phosphorus Matches Prohibition Act, 1912.

(*2*) It extends to the whole of British India ;

(*3*) It shall come into force on the first day of July 1913, with the exception of section 6 which shall come into force on the first day of July 1914.

Definition.

2. In this Act, "white phosphorus" means the substance commonly known as white or yellow phosphorus.

Prohibition of importation by addition to section 18, Act VIII of 1878.

3. To section 18 of the Sea Customs Act, 1878, VIII of 1878. the following clause shall be added, namely :—

"(*g*) matches made with white phosphorus."

Prohibition of use of white phosphorus in manufacture of matches.

4. (*1*) No person shall use white phosphorus in the manufacture of matches.

(*2*) Any person who uses, or permits the use by any person under his control of, white phosphorus in the manufacture of matches, shall be punishable with fine which may extend to two hundred rupees.

Power of Inspector of Factories to take samples of material used in manufacture.

XII of 1911.

5. (1) Every person who manufactures matches shall allow an Inspector of Factories appointed under the Indian Factories Act, 1911, at any time to take for analysis sufficient samples of any material in use, or mixed for use, in such manufacture:

Provided that any such person may at the time the sample is taken, and on providing the necessary appliances, require the Inspector to divide the sample so taken into two parts, and to mark, seal and deliver to him one part.

(2) Any person who refuses to permit any such Inspector of Factories as aforesaid to take a sample in accordance with the provisions of sub-section (1) shall be punishable with fine which may extend to two hundred rupees.

Prohibition of sale.

6. (1) No person shall sell, or offer or expose for sale, or have in his possession for the purposes of sale, any matches made with white phosphorus.

(2) Any person who contravenes the provisions of sub-section (1) may, on complaint to a Magistrate, be ordered to forfeit any such matches in his possession, and any matches so forfeited shall be destroyed or otherwise dealt with as the Magistrate may direct.

STATEMENT OF OBJECTS AND REASONS.

The object of this Bill is to prohibit the importation into, and the manufacture and sale in, British India of matches which contain white (yellow) phosphorus.

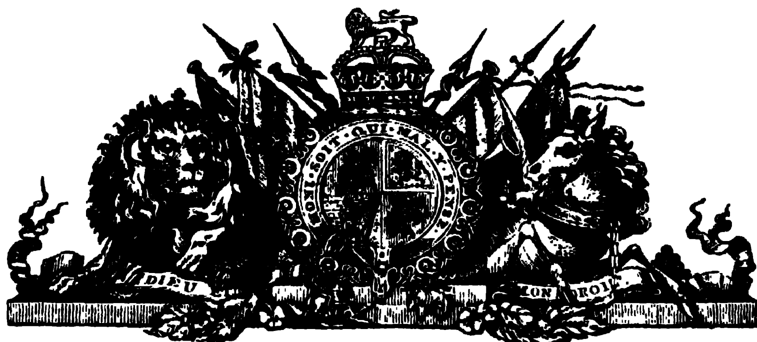
The provisions of the Bill follow, so far as is necessary and practicable, the lines of the English White Phosphorus Matches Prohibition Act, 1908 (8 Edw. 7, ch. 42).

The Bill was introduced into the Council of the Governor-General for making Laws and Regulations on the 22nd September 1911. At the Council meeting of the 1st March 1912, however, objections were raised to its passage on the ground that the necessity for the proposed legislation had not been substantiated; and it was decided to postpone the consideration of the Bill for one year and to obtain, in the meantime, additional information regarding (1) the accuracy or otherwise of the statement that modern methods of manufacture have eliminated the danger of necrosis, and (2) the availability of suitable brands of non-phosphorus strike-anywhere matches for use in India, having in view the climatic conditions and the importance of not increasing the cost of matches to consumers of the lower classes. The Bill was accordingly withdrawn on the understanding that it would be re-introduced in the cold weather of 1913.

With reference to the first point the following facts have been ascertained regarding the continued occurrence of necrosis in Sweden, Norway, Belgium and the United States of America, which have not joined the Berne International Convention and which profess to have adopted the latest and most improved methods of manufacture. In Sweden, between the years 1902 and 1910, as shown by the official reports of the Inspectors of match factories in that country, there were 16 admitted cases of necrosis besides a number of doubtful cases. In 1905 there were no cases, and the Inspectors' reports announced the extinction of the disease; but in 1906 there were no less than seven cases, and there was one case in each of the years 1908 to 1910. In Norway, the number of persons exposed to poisonous fumes in match manufacture is only about 250. In their report for 1907-08, the Factory Inspectors in that country stated that it might be assumed that the precautionary measures adopted, the introduction of new systems of ventilation, and the observance of the special regulations had resulted in the complete elimination of the disease. Notwithstanding, there was a case of necrosis in each of the years 1909 and 1910. In Belgium, where four factories use white phosphorus, there was a case of necrosis in 1908, and the Belgian Annual Report on Factory Inspection in 1909 discloses the fact that there were two cases of phosphorus poisoning in that year in spite of strict observance of the required precautions. In the United States of America, in a joint investigation recently undertaken by the American Bureau of Labour and the American Section of the International Association of Labour Legislation, 15 cases of phosphorus necrosis were discovered by Federal officials in an investigation covering 15 out of the 16 American match factories; and subsequent personal enquiries conducted by the President of the American Section indicated that for four of these factories alone the number should have been increased to 80. In view of these and similar disclosures an Act was passed in the United States of America on the 9th April 1912 imposing a tax on white phosphorus matches and prohibiting their import and export. The facts stated above show that the latest information available does not substantiate the assertion that improved methods of manufacture are sufficient to stamp out necrosis.

The Vienna Medical Society in 1908, also, in reporting after detailed enquiry that about 20 deaths from phosphorus necrosis occurred annually in Austria, declared that the best regulations fail to stamp out the disease. The experience of the United Kingdom was similar, the Chief Inspector of Factories in England reporting in June 1910 that the absence of known cases of necrosis is itself inconclusive, the cases which occurred in Great Britain being (at first) ascertained with difficulty.

That a similar view is held in almost all civilized countries is indicated by the list of countries which have joined the Convention or have, without joining it, effectually controlled the manufacture of matches. The European countries adhering to the Convention are France,



Germany, Holland, Denmark, Switzerland, Luxembourg, Italy, Finland, Spain and the United Kingdom. In Austria, an Act prohibiting the use and manufacture of white phosphorus matches was passed in July 1909, and in Hungary and Mexico similar Acts were passed in 1912. In Russia, as now in the United States of America, a differential tax is imposed on white phosphorus matches, and in the latter country, as already stated, their import and export is prohibited. In Greece, Portugal, Roumania, Bulgaria, Servia and Venezuela the manufacture of matches is a State monopoly and is therefore under control, and in Sweden the importation and consumption of white phosphorus matches is prohibited though their manufacture for export is allowed. The Convention has also been joined by almost all the French, Dutch and British Colonies, including the Union of South Africa and New Zealand. Australia also has prohibited the importation of white phosphorus matches since December 1908, and Tasmania has prohibited both their sale and manufacture.

With regard to the second question, it has been ascertained that a large proportion of the brands of strike-anywhere matches in use in the United Kingdom do not contain white phosphorus. The results of the official tests made in England by the Board of Customs and Excise for the purpose of distinguishing white phosphorus matches, up to December 1911, showed that, out of 271 brands of strike-anywhere matches tested, only eleven were found to contain white phosphorus. Figures have been obtained from the Indian Custom Houses of the imports of matches during the year 1911-12. The proportion of strike-anywhere matches imported was *nil* in Rangoon, 25 per cent at Calcutta, 51·8 per cent at Karachi, 60 per cent at Bombay, and 76·8 per cent at Madras. All these, with the exception of half a dozen brands from Austria, were found by chemical test to contain white phosphorus. The fact that the use of white phosphorus matches is smaller in Bengal than in other parts of India, and has for years been non-existent in Burma without causing any practical inconvenience, goes to disprove the assertion that the white phosphorus match is the only one which is suitable for a damp climate such as India in the monsoon, Bengal and Burma being two of the provinces with the heaviest rainfall. An additional argument to this effect is provided by the list of tropical countries which, as already stated, have joined the Berne Convention; for instance—British East Africa, Mauritius, the Seychelles, Southern and Northern Nigeria, Uganda, Fiji, Gambia, the Gold Coast, Sierra Leone, Bermuda, Somaliland, Madagascar, etc. Moreover, as a result of experiments made in England on behalf of the Home Office, it has been definitely stated that there is no evidence that a match containing white phosphorus is of necessity, as regards resistance to damp, in any way superior to a phosphorus sesqui-sulphide match not containing white phosphorus. Figures have been obtained of the prices in different parts of India, during 1911-12, of cheap safety matches, and strike-anywhere matches with and without white phosphorus. It has been ascertained that there is practically no difference in price between the cheap safety match and the lucifer match (whether containing white phosphorus or not).

SOUTH AFRICA—PROVINCE OF CAPE OF GOOD HOPE.

Simons bay—Regulations for Dockyard port.

No. 568 (third publication).—The following particulars, etc., relative to the above, issued by the British Admiralty (No. 1439 of 1912), are republished:—

HIS EXCELLENCY THE GOVERNOR-GENERAL IN COUNCIL has been pleased, under section *four* of the Simons Bay Dockyard Port Regulation Statutes, 1898-1912, to make the following regulations and to

cancel those published in the *Gazette* of the Colony of the Cape of Good Hope under Government Notice No. 732, dated 11th September 1899:—

1. The area of the Dockyard Port as defined by the statutes above mentioned is included within the following boundaries:—

> On the east so much as is comprised within a line drawn due south (true) from the Phœnix Buoy to the shore, meeting a line drawn north 32° west (true) from the Phœnix Buoy to the shore on the south of Elsey Bay; on the north-west, west, and south, the line of highwater-mark of spring tides between the points where the above defined lines meet the shore, with all bays, creeks, lakes, pools, and rivers as far as the tide flows, which boundaries are delineated on a plan filed in the office of the Surveyor-General, marked 2,554 MM.

2. No vessel shall moor or anchor so as to obstruct navigation in or out of the Dockyard Port.

3. The Senior Naval Officer shall have exclusive right to lay down moorings within the area of the Dockyard Port. Merchant ships must anchor only in berths assigned to them by the Senior Naval Officer or his representative. Freedom of access will be given at all times when the space is not required for His Majesty's ships and vessels.

4. No gunpowder or other explosive shall be allowed on board merchant vessels without the written permission of the Senior Naval Officer, and no merchant vessel shall be allowed to discharge loaded ordnance within the whole area of the Dockyard Port as laid down in section *one* of the "Simons Bay Dockyard Port Regulation Statutes, 1898-1912." The loading or unloading of gunpowder or other explosives shall be regulated by the Senior Naval Officer.

5. No merchant vessel shall be permitted to have on board any quantity of tar, oil, or other combustible substances beyond such as may be required for her general use within the limits of the Dockyard Port without the permission of the Senior Naval Officer.

6. The Senior Naval Officer is authorized from time to time, where the Naval Service requires it, to limit the speed of steam vessels to a speed not to exceed four knots per hour within the limit of the Dockyard Port, as laid down in section *one* of the Act above quoted.

7. Every merchant vessel of and above 150 tons anchored or moored within the Dockyard Port shall have on board at least one person at all hours of the day and night.

8. If at any time the anchor of any merchant or other private vessel hooks any Government moorings, or any electric cables, or moorings of buoys, the master or other person having the charge or command of such vessel shall not proceed to unhook the same, but shall forthwith give notice thereof to the Senior Naval Officer in order that aid may be given for clearing such moorings or cables without doing damage to the same.

9. No merchant or other private vessel or boat shall, without license in writing from the Senior Naval Officer, be moored or fastened to any Government moorings, buoys, piles, or vessels in the Dockyard Port.

10. No ballast, stones, earth, clay, refuse, ashes, rubbish, dust, filth of any description, and no refuse from any quarry, mine, or pit shall be unladen, cast, or allowed to fall into the waters of the Dockyard Port, except in such places as are appointed by the Senior Naval Officer, or into or upon the banks, or any portion of the shore of the said Dockyard Port, or into or upon the shores of any rivers or streams discharging into the said Dockyard Port where the same may be liable to be washed into the waters of the Dockyard Port by rain, tide, or otherwise.

11. Nothing, however, in the foregoing provision shall be deemed to exclude such vessels as require admission to the town pier for loading and unloading cargoes; and all such vessels shall continue to enjoy their accustomed privileges in this respect as fully as if these regulations had not been made, provided they do not impede or interfere with the navigation of His Majesty's vessels.

12. The master of every vessel to which these regulations relate shall observe and cause them to be observed so far as they relate to his vessel, and if any master or other person acts in any respect in contravention of any of these regulations, or fails to observe or cause to be observed, in any respect, any of them, he shall be liable on conviction to a penalty not exceeding ten

pounds, or to imprisonment with or without hard labour for a period not exceeding three months.

Note.

The limits of the inner anchorage have been erased from chart No. 1849, and the limits of the Dockyard Port placed on the undermentioned charts:—

First Forecast of the Wheat Crop of Bengal, 1912-13.

[NOTE.—On the average of the five years ending 1910-11, the area under wheat in Bengal represents some 0·6 per cent. of the total area under wheat in India.

The ratio of the irrigated wheat acreage to total acreage in (a) British India and (b) in the territory now reported on has, in the five years ending 1910-11, averaged (a) 40·0 per cent. and (b) 10·7 per cent., respectively.]

Explanatory.—Three forecasts of the wheat crop are published. The first forecast deals only with the area sown and the general character of the crop.

Area sown.—The total area sown with the crop up to date this year as reported by the District Officers is 145,100 acres against 143,000 acres last year.

Character of the season.—The rainfall in September and October was general and sufficient for sowings of the crop in normal time. The sowings were a little late only in Malda and in parts of Burdwan and Rangpur owing to want of timely rain. Good showers of rain in the beginning of November generally facilitated the growth of the crop. The season has been favourable so far, and the present condition and prospects of the crop are reported to be fairly good.

DEPARTMENT OF AGRICULTURE, BENGAL.

Second Forecast of the Winter Rice Crop of Bengal, 1912-13.

(Note.—On the average of the five years ending 1910-11, the area under winter rice in Bengal represents 19·5 per cent. of the total area under rice in British India.)

Character of the season.—The rainfall in April was excessive in the Eastern Bengal districts, and not much above the normal in most other districts. In May the fall was slightly defective. The season for the preparation of seed-beds and for ploughing was generally favourable. In June the rainfall was approximately normal with a tendency to defect. The rainfall in July was slightly below the normal in the Burdwan, Dacca and Chittagong Divisions, and was in excess in the rest of the province; but it was on the whole favourable for transplantation, which generally commenced in normal time, although the work was retarded subsequently in parts of the Chittagong Division owing to insufficient rainfall. The rainfall during August and September, though below the normal, was not so unfavourable to the crop as might have been expected; but a little more rain would have benefited the growth of the crop greatly. There was a good rainfall in October which proved beneficial to the crop at the time of maturity. The cyclonic storm accompanied with heavy rain which occurred at the end of the month, caused slight damage to early varieties of the crop. Some damage was also done by floods in Rajshahi, Bogra and Dacca and by insect-pests in Noakhali. On the whole the season has been favourable to the crop.

Acreage.—According to the figures furnished by district officers, the area sown this year is 15,295,400 acres against 14,963,900 acres last year, or a small increase of 331,500 acres. The normal area under the crop is returned as 16,075,300 acres.

Outturn.—From the summary of the district returns appended, it will be seen that six districts report more than a normal crop, viz., Noakhali (125 per cent.), Rangpur, Pabna and Chittagong (each 110 per cent.), Khulna (108 per cent.) and Mymensingh (101 per cent.). Six districts report an average crop. Thirteen districts report a crop between 82 and 94 per cent., and only two districts, namely, Dacca and Rajshahi, report a crop as low as 79 and 75 per cent., respectively, due chiefly to damage done by the cyclonic storm and floods. According to district officers' estimates the provincial outturn works out to 95 per cent. of the normal against 103 per cent. last year.

On the basis of the normal yield of 12 maunds of clean grain per acre, the provincial outturn, as worked out from district officers' estimates, is 128,106,800 cwts., against 135,884,400 cwts. last year, or a decrease of 6 per cent.

Jessore	568,100	478,200	466,300*	98	92*	Not yet commenced ...	The weather was occasionally rainy with high wind. The rainfall in the beginning and end of October having somewhat improved the growth of the crop, the outturn is expected to be normal.
Khulna	655,700	651,200	759,500*	94	108*	Beginning of November. Normal.	The increase in area since the first forecast is due to inclusion of the area under "rainda paddy" in Bagerhat subdivision and to extension of cultivation in the Sundarbans and to revision of figures after careful enquiry. The weather was favourable, but a little damage was done to the crop by the last cyclonic weather. The damage done is estimated to the extent of one anna. The outturn has exceeded the normal owing to favourable weather.
Burdwan	874,800	742,200	706,000*	85	92*	End of November. Normal.	The weather was favourable except in Asansol subdivision where it was unfavourable in October, when the crop suffered for want of timely rainfall. The rainfall and high wind in the latter part of October have also done some damage in the Kalna subdivision, though the condition of the crops improved elsewhere. The damage in Kalna is estimated at two annas. The outturn is better than last year except at Asansol where it is below the normal.
Birbhum	604,600	584,600	498,800	103	70*	Not yet begun	Since the submission of the first forecast the crop has suffered owing to insufficient rain.
Bankura	510,600*	475,000	476,400	83	63*	Ditto	The weather and rainfall were not favourable for the growth of the crop during the latter part of September and the beginning of October. The cyclonic weather in the end of October and the beginning of November has done some damage to the crop. Hence the fall in outturn since the submission of the first forecast.
Midnapore	1,106,000	1,275,000	1,618,400*	84	100*	Third week of November.	There has been an increase of 343,400 acres over last year's area and of 243,500 acres over that of the first forecast, which is attributed to better rainfall in the sadar and Contai subdivisions and to the fact that sowing being late, the entire area was not included in the first forecast. The weather has been favourable all along, but the last wind and rain have caused some damage to the crop.
Hooghly	276,700	234,300	251,200	72	94*	First week of December. Normal.	The increase in area was due to timely rainfall. The weather was favourable to the growth of the crop, though the recent storm and rain damaged the crop to a slight extent. The outturn is expected to be better than that of last year, though there is a decrease owing to recent rain and storm.
Howrah	125,200	94,500	106,600	65	83	End of November ...	The cessation of rain in September retarded the growth of the crop to some extent, but the rainfall in the latter part of the season did much good to the crop. The recent cyclone did slight damage and but for it the crop would have been normal.
Rajshahi	697,000	502,500	502,400*	115	75	Will commence from first week of December. Normal.	The weather was not favourable. About one-fourth of the crop has been damaged by floods and drought in Naogaon subdivision. Hence the outturn is below the normal.

Dinajpur	1,120,300	945,000	966,000	150	82*	Not yet commenced ...	The increase of area was due to early rainfall. The weather since the submission of the first forecast has not been favourable. The crop was slightly damaged by the cyclonic weather in the latter part of October. The outturn has fallen below the normal owing to drought in the latter part of September and first part of October.
Jalpaiguri ...	551,300	523,000	527,400*	120	90*	Beginning of December. Normal.	This year's area has been increased after further enquiry since the first forecast. The weather was seasonable, but the growth of the crop was partly retarded for want of sufficient rainfall. The recent cyclonic weather also damaged the crop to some extent. Hence the outturn is below the normal.
Darjeeling ...	65,200	37,100	37,100	99	100	November. Normal ...	The weather was favourable and the outturn is expected to be normal.
Rangpur ...	822,300	745,000	746,500	116	110*	First week of December. Normal.	The weather was all along favourable but the recent cyclone has done damage to the paddy plants to the extent of two per cent. The outturn is anticipated to exceed the normal.
Bogra ...	303,000	303,000	303,000	101	85	Not yet commenced ...	Want of seasonable rainfall at first and heavy rain afterwards retarded the growth of the plants in the beginning. Excessive rainfall and flood caused damage to the crop in the eastern parts and in the khas mahal in the beginning of the season. The recent storm at the close of October and in the beginning of November also contributed to the falling off in outturn.
Pabna ...	566,000	500,000	470,000	105	110*	Middle of November. Normal.	The decrease in area was due to extension of jute cultivation. The crop suffered to some extent for want of sufficient rain in October. The showers at the end of October and in the beginning of November improved the condition. There was no damage from flood, insect pest or blight. The outturn will be slightly better than that of last year.
Malda	300,000	307,000	309,000	125	100*	End of November. Normal.	For want of rain from the latter part of September to end of October the crop could not grow well. About four annas crop has been damaged owing to drought only. The outturn would have been 125 per cent. if favourable rain had fallen throughout.
Dacca	633,100	678,300	677,300	96	79*	November. Normal ...	The weather has been characterised by alternate rain and drought. At the end of October there was a cyclonic storm and some damage has been caused to the crop in places which is estimated to be about 20 per cent. Hence the fall in outturn.
Mymensingh ...	1,126,700	971,700	993,800*	110	101*	Not yet commenced ..	The increase in area since the submission of the first forecast is due to the fact that a portion of the area under *bhadoi* crop was transplanted with winter rice. The weather has on the whole been favourable but much damage was done to the crop by the cyclonic r. in in the beginning of November in Tangail.
Faridpur	561,000	487,900	427 600*	94	87	Ditto ...	Slight revision of the area has been made since the first forecast. The weather was not favourable at sowing time but since then it has been fairly favourable.
Bakarganj	1,200,000	1,329,200	1,329,200	120	100	Not yet begun ...	The heavy rainfall with high wind in October caused a slight damage to the crop.
Chittagong	418,400	419,000	419,800	100	110*	First part of November. Normal.	The unusual rainfall in September and October made good the previous deficiency in rainfall, and the outturn is expected to be above the normal.
Tippera	724,800	725,000	735,000	95	100*	11th November Normal.	Since the submission of the first forecast the rainfall was not sufficient in some parts but was fair on the whole and the growth of the crop was good. There has been no damage to the crop and the outturn is expected to be normal.
Noakhali	566,900	644,000	644,500	110	125*	Latter part of November. Normal.	The increase in area is due to transfer to winter rice crop of fields originally sown with jute, which was damaged by flood. Prospects have considerably improved since the first forecast. The weather was favourable during September and October and though a little damage has been done by insect pests in Feni subdivision and by fungus diseases in lowlying fields in Sadar subdivision, a very good crop is expected.
Chittagong Hill Tracts.	15,500	22,800	23,000	100	100*	Not yet commenced ...	Heavy rainfall in the latter part of October did considerable good to the crop. Some slight damage has been done to the crop in some parts by rats. The outturn is estimated to be same as last year.

MONTHLY WEATHER AND CROP REPORT OF BENGAL FOR NOVEMBER 1912.

I. *Character of the season.*—During the month under review rainfall was general and much above the normal throughout the province. A statement showing the rainfall in the several districts of the province is appended.

II. *Progress of agricultural operations.*—The sowing of ***rabi*** crops continued. The harvesting of ***aman*** paddy, winter *til*, cotton and sugarcane commenced during the month.

III. *State of standing crops.*—The condition of standing crops was fairly good.

IV. *Prospects and probable outturn of crops.*—The outturn of the ***bhadoi*** crops for the province as a whole is estimated at 87 per cent. of the normal. The prospects of winter rice were fairly good and the outturn was expected to be normal for the province as a whole. The prospects of the various kinds of ***rabi*** crops were reported to be fairly good.

V. *Damage to crops.*—The violent cyclonic storm which occurred at the end of October lasted during the first two days of the month and did some damage to the early varieties of the winter rice crop.

VI. *Condition of agricultural stock.*—The condition of agricultural stock was on the whole good. Cattle-disease was, however, reported to be prevalent in parts of the districts of Nadia, Jessore, Khulna, Burdwan, Midnapore, Hooghly, Bankura, Mymensingh and Tippera.

VII. *Failure of pasturage and fodder.*—The supply of fodder was sufficient throughout the province, except in parts of Tippera, where scarcity of fodder was reported during the first week of the month.

VIII. *Prices of food-grains.*—During the second fortnight of the month under review the price of common rice rose in five districts, fell in ten districts and remained stationary in the rest. It varied from 7 seers a rupee in the Chittagong Hill Tracts to $10\frac{6}{16}$ seers in Midnapore.

IX. *Condition of agricultural people.*—The condition of the agricultural population continued to be good.

DISTRICT REPORTS ON WEATHER AND CROPS

For the week ending on the 16th December 1912.

Summary.—During the week no report of rainfall was received. The weather was seasonable. The harvesting of winter rice and the sowing of *rabi* crops are proceeding. Standing crops are generally reported to be doing well. The average price of common rice for the province has fallen by about 1 per cent. as compared with that of the previous week. Cattle-disease is reported from six districts.

3. (*a*) Government reserves to itself the right to alter the quantity and class of opium to be offered for sale in each month. No reduction in the quantities to be sold, however, will be made without three months' previous notice.

(b) The chests sold for China will be marked in a distinguishing manner and covered by a special permit to be granted by Government.

(c) All chests of certified opium sold for export to China must be shipped from Calcutta, on or before the 15th of December 1913, and if they are not so shipped, the option will be cancelled, and permits for their export to China will not be given either in 1913 or at any future time.

4. The following are the conditions of sale. Government reserves to itself the right of altering all or any of these conditions after giving three months' previous notice, and power is reserved to vary the upset prices referred to in condition (ii) at any time without such previous notice:—

(i) The opium will be sold for exportation by sea only, and no certificate will be granted except to cover such export.

(ii) The opium will be ordinarily offered for sale at an upset price of Rs. 2,000 per chest of certified opium and of Rs. 1,200 per chest of uncertified opium and will be sold to the highest bidder above these prices except under the circumstances for which provision is made by clause xiii of these conditions of sale. The bids must advance by Rs. 5 at a time.

(iii) The sale shall commence at the hour of 11 A.M. of the day fixed by previous notification, and shall not be continued after the hour of 5 P.M., but if at that hour any of the lots advertised for sale shall remain unsold, the sale may, at the discretion of Government, be resumed on the next day following (not being Sunday or a public holiday), at the hour of 11 A.M., and so on until the whole of the remaining lots are disposed of; or if the whole quantity advertised shall not be sold on the day appointed, the Government may dispose of the lots which remain on hand at a future sale.

(iv) Each lot shall contain five chests.

(v) A Promissory Note for a sum, calculated according to the scale noted in the margin, shall be taken as a deposit on each lot from the purchaser in the sale-room and before the lot is registered in the sale-book, and all such Promissory Notes shall be redeemed on the part of the purchasers at this office by Bank of Bengal receipts, or by substitution of other public securities of the Government of India, on or before 3-30 P.M., in the afternoon of the fifth day after the sale, provided it does not fall on a Saturday; if it falls on a Saturday, the said notes must be redeemed by 1-30 P.M., or, on the other hand, failing such redemption by the time aforesaid, then the lot or lots for which no Bank of Bengal receipts or deposit of other public securities as aforesaid shall have been delivered in, shall be re-sold at such time or times and under such conditions of re-sale as Government shall see fit; and all losses and expenses whatsoever attending such re-sale shall be borne and paid by the defaulters, whilst any profit accruing from such re-sale shall be forfeited to Government.

DEPOSIT

When the amount bid is less than Rs 1,200 per chest, Rs 200 per chest

On bids of Rs 1,200 and upwards, but less than Rs 1,600 per chest, Rs 300 per chest

On bids of Rs 1,600 and upwards but less than Rs 2,000 per chest, Rs 400 per chest

And so on, Rs 100 being added to the deposit for every bid additional to the extent of Rs 400

(vi) The said Promissory Notes shall be absolutely payable in any event, and the amount thereof shall be absolutely forfeited upon such default as before mentioned, and the amount thereof shall not go or be credited in reduction of any loss on re-sale or expenses thereby incurred; but shall be recoverable whether such re-sale shall be had or not, or whether there shall be a loss on such re-sale or not.

(vii) The Promissory Notes taken on the day of sale under the fifth condition, if remaining unredeemed at 3-30 P.M. of the fifth day following the day of sale, or 1-30 P.M., if the last day falls on a Saturday, will be placed in the hands of the Solicitor to the Government for realization in such manner as to him shall seem fit.

(viii) No tender of money, Bank of Bengal receipts, or public securities, on account of opium upon which the prescribed deposit may not have been made before the prescribed time in clause (v) on the fifth day following the day of sale, will be afterwards accepted; Provided [illegible] that money [illegible] subsequently tendered may be taken in payment of the said Promissory Note, but such acceptance of money shall in no way [illegible] to any right to delivery of the lot or lots in respect [illegible]

given, or to any of the rights of a purchaser thereof, or release the payer from liability for any unpaid balance of such notes or from the additional liability for the loss and expenses of such re-sale as provided for in clauses No. (v) and No. (vi).

(ix) The opium advertised for sale shall be paid for not later than by 3-30 P.M. of the fifteenth day from the day of sale, provided it does not fall on a Saturday; if it falls on a Saturday, the opium must be paid for by 1-30 P.M.; and, in case any lots of such opium shall not be so paid for and adjusted, then the cash deposit made under the fifth condition, or any public securities that may have been deposited on account of such lots or chests, shall be forfeited, and the opium shall be disposed of on account of Government at such time and in such manner as Government shall think fit; and the first purchaser shall further be required to make good all expenses and any loss or difference of price between that obtained at the re-sale and the amount at which the opium was first purchased, forfeiting all advantages that may arise from such re-sale, and the liability for the loss or difference of price and expenses shall be in addition to, and wholly independent of, the amount of the deposit so forfeited.

(x) Purchasers taking out certificates or orders for the delivery of opium, after making full payment as above prescribed, shall have the option of naming the number of lots of their purchase, which they may desire to be included in each certificate or order; and it is to be clearly understood that the certificates or orders so taken out shall be considered final, and not afterwards changeable for other certificates or orders authorizing the delivery of single lots or of a different number of lots or chests, whether more or less, than the number of lots or chests ordinarily required to be included in each certificate or order.

(xi) No deposit of public securities under the fifth of the present conditions will be received in this office except from the party recorded as the purchaser in the sale-book, or his authorized agent. The receipt for deposit of public securities will be granted only in the name of such purchaser, and the securities so deposited will be returned when payment in full has been made by the said purchaser or his order.

(xii) The officer superintending the sale on the part of the Government is empowered to reject, at his discretion, the bid of any individual, unless such individual shall on demand render at the time a deposit either in Government of India Notes, Bank of Bengal receipts, or Government securities, a sum equal to the amount for which a Promissory Note would otherwise be taken under the fifth of these conditions.

(xiii) With a view to prevent fictitious biddings designed to obstruct the sale, it is hereby notified that the officer of Government superintending the sale shall be competent, at any time during the sale, to withdraw any unsold lot, and immediately to put it up again for sale at a maximum upset price, diminishing the same gradually by Rs. 5 at a time until a bid is obtained; and the first *bona fide* bidder for a lot, after it has been offered for sale in the mode here described, shall be held and declared to be the purchaser of the said lot, and the officer of Government superintending the sale shall also be competent to dispose, in the same manner, of as many of the subsequent lots as he may think proper, provided always that no lot shall be sold below the minimum prices of Rs. 2,000 and Rs. 1,200 specified in the second of these conditions.

(xiv) The purchaser of any lot shall have the option of naming and purchasing in immediate succession, at the same price and under the same conditions, any number of lots of the same Agency opium not exceeding altogether fifteen lots, provided always that there remain a sufficient number of lots of the opium to complete the said fifteen.

(xv) In the event of any dispute or difference touching or concerning any matter or question arising out of the sale of the opium included in this notification, or adjustment of the account thereof, the same shall and may be tried and decided in the High Court of Judicature at Fort William in Bengal.

(5) The following papers will be exhibited for inspection on the day of sale, or may be seen previously to that date by personal application at the office of the Government of Bengal:—

No. 1—Certificate of the opium advertised for sale.
No. 2—Report of the examination of such opium.

(6) The public are hereby informed that in providing the investment of the opium manufactured at the Patna Factory and the opium manufactured at the Ghazipur Factory, the same precautions have been taken as those which have been observed during past years to have the drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the cakes, and to have the due proportion of opium put into each cake. An account of the weight of the drug, when packed at the Patna and Ghazipur Factories, and a statement of the average weight of the chests, indiscriminately taken, for the purpose of comparison, from the despatches on arrival at Calcutta, may be seen on personal application at the office of the Government of Bengal.

(7) Any further information respecting weight or quality of the opium advertised for sale that may be desired by parties connected with the trade will, as heretofore, be furnished to them on personal application at the office of the Government of Bengal. But, in accordance with established usage, under no circumstances will the Government entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of opium, or adulteration of the drug, which may be preferred on reference to chests after the sale and delivery of the opium for shipment.

NOTICE.

FOR maintenance and working of the Barkal Tramway and rolling-stock from Peshkicherra to Chaltatali, 1½ miles long, on the right bank of the river Karnafuli in the Chittagong Hill Tracts—

The Superintendent, Chittagong Hill Tracts, Public Works Department, invites tenders for the above work for a period of 12 months from 1st April 1913. A copy of specification for the said work is given in Schedule A.

A summary of conditions, maximum rates for passengers and luggage, &c., on which the contract will be drawn up can be seen from the subjoined copy of current agreement with contractor Babu Kailash Chandra Mitra, of Svarnagram, Dacca, given in Schedule B.

The undersigned is prepared to consider any subsidy if required for the maintenance of the service.

A list of rolling stock, plant, bridges, buildings and furniture, &c., to be maintained is given in Schedule C.

Each tender must be accompanied by earnest-money in currency notes, amounting to Rs. 25 (twenty-five only), which will be returned in the event of the tender not being accepted, and will be treated as security in the case of the successful tenderer.

Tenders must be forwarded in sealed cover addressed to the Superintendent, Chittagong Hill Tracts, Public Works Department, Rangamati, and must reach him on or before 3rd January 1913. The cover should be endorsed on the outside with the sender's name and address and should be superscribed in red ink "Tender for working and maintenance of the Tramway line, rolling-stock, &c., at Barkal from April 1913, to be opened on the 3rd January 1913." Unless so superscribed they are liable to be returned without consideration.

The Superintendent, Chittagong Hill Tracts, does not bind himself to accept the lowest tender or to assign any reason for non-acceptance.

O. MAWSON, Superintendent, Chittagong Hill Tracts.

Rangamati, the 28th November 1912.

SCHEDULE A.

SPECIFICATION.

FOR working the Barkal Tramway and maintenance of the line and the rolling-rock the contractor will employ a clerk and a staff of (say) six men at Barkal, varying in strength according to the traffic and stress of work on the line.

The contractor will be responsible for keeping waterways and approaches of bridges perfectly clear all through the year and taking care of all bridges and culverts on the Tramway and of Government buildings and for executing petty repairs thereto as occasion arises (save annual repairs to bridges and buildings) and for the safe custody of all furniture and stores at Barkal. All stores used up or rendered unserviceable by the contractor must be replaced at his cost.

Except where the line is fairly level and straight the trollymen must not get on the trolly especially when it is running down a slope.

Sleepers should be well packed with earth to give an even bearing surface and necessary camber to the rails The line should be maintained in smooth uniform straight lines and curves, the inside of adjacent railheads being kept in one uniform line (to prevent jolting and breakage of wheels, axle, boxes, &c.), by properly placing the sleepers and keeping the rails thereto.

All worn-out parts of trucks and trollies to be renewed and all damaged or broken parts to be replaced by the contractor. Axle boxes of trucks should always be kept well lubricated with oil, &c., and be maintained in a perfectly clean condition. All wrought-iron or steel work to be painted with red lead paint.

The whole length of the line, about 1½ miles in length, to be kept clear of slips and caused by rain or otherwise and of all-jungle growth all through the year for a width of about 60 feet. Similarly the approaches to the rest houses and to the river in different places on the line should be properly maintained and kept clear of jungle, &c., to the usual width.

A clear width of ten feet for roadway with ordinary barrelled surface of road, side drains and cross drain for free drainage with small cut as outlets or water passage at short intervals from the outer drains to prevent the track being cut away by the drainage should be maintained by widening where necessary with about two feet wide side parapet of earth to prevent accidents and to stop derailed trucks.

After the rains are over, all irregularities or hollows in the roadway should first be levelled off, and when this is done, fresh earth cut from the hill side added so as to make up the road to the prescribed section, that is to give camber or rise of one in twelve inch the centre of the roadway. The new earthwork must be consolidated by ramming or rolling early in the morning of the day following that on which it is put on the road, so as both to retain the moisture in the soil and to take the advantage of the dew before it evaporates.

N. N. DAS, District Engineer.

The 23rd December 1911.

SCHEDULE B.

Contract between the Superintendent, Chittagong Hill Tracts, on behalf of the Secretary of State for India in Council on one side and on the other Babu Kailash Chandra Mitra, son of late Ram Kinkar Mitra, of Svarnagram thana Munshiganj, district Dacca, the executor of the estate of the late Rai Abhoya Charan Mitra Bahadur.

Know all men by these presents that I, Kailash Chandra Mitra, of Svarnagram, thana Munshigunj, district Dacca, executor of the estate of the late Rai Abhoya Charan Mitra Bahadur, residing at present at Chittagong, do hereby contract with the said Secretary of State for India in Council or his successor, and do hereby also agree and bind myself by the said contract to carry on the working and maintenance of the Tramway line about 1½ miles in length (excluding bridges and buildings) and of the rolling-stock at Barkal together with the upkeep, repairs and sweeping of the line and the approach road at that place for an annual subsidy of Rs. 600 only to be paid me by instalments subject to the conditions enumerated below :—

1. That the contract for the said work be for a period of twelve months from the 1st April 1912 to 31 March 1913 with the option of renewal on terms to be then settled.

2 That the undertaking and everything appertaining thereto shall be maintained and repaired efficiently to the satisfaction and according to the instructions and orders of the Superintendent and the District Engineer, Chittagong Hill Tracts, and that it be open to the inspection of the said officers at all times, and without the permission of the said Superintendent and District Engineer nothing shall be removed nor any alteration in the work made. In the event of any defects in the maintenance, repairs or proper working, the same can be mended by the said officers at my expense and the contract may also be summarily terminated, all losses being recovered from me.

3. That a list of all line, rolling stock, etc, constituting the undertaking be made and given to me, the same to be delivered to the said Superintendent or the District Engineer on termination of the lease in good order after making all proper allowances for fair wear and tear.

4. That the rates of carriage shall be as per details given below and to continue to be in force during its currency —

(a) All stores, materials ordered or required by the Superintendent or the Engineer for transport in trucks over the line at Barkal to be allowed free of charge without objection.
(b) All other goods conveyed to be charged at the rate of 2 annas per maund.
(c) Goods weighing less than half maund to be charged as half maund at the rate of one anna.
(d) Goods weighing more than half a maund to be charged as one maund.
(e) Light goods weighing less than six maunds but occupying a whole truck shall be charged for at the rate of 12 annas per truck, i e, for six maunds, which is the carrying capacity of a truck
(f) Goods weighing more than six maunds and carried in one truck to be charged at 2 annas per maund.
(g) That in the event of any dispute arising an appeal shall lie to the Superintendent, Chittagong Hill Tracts, whose decision shall be final

THE INDIAN LAW REPORTS.

Published in FOUR SERIES, viz.

CALCUTTA, MADRAS, BOMBAY AND ALLAHABAD

THE Indian Law Reports, published under the authority of the Governor-General in Council, are printed in monthly Parts, which are issued, as soon as possible after the first of each month, at Calcutta, Madras, Bombay and Allahabad, respectively.

The Reports comprise four Series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court.

The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depôt: and the Madras, Bombay and Allahabad Series are distributed direct from Madras, Bombay and Allahabad, respectively.

Persons desiring to subscribe for or purchase the Reports should apply to—

the Officer in charge Bengal Secretariat Book Depôt, Calcutta, or

the Superintendent, Government Press, Madras, or

the Superintendent, Government Central Press, Bombay, or

the Curator of Government Books, United Provinces of Agra and Oudh, Allahabad.

PART VI.—*Select Committees.*

PART VII.—*Consideration and Amendment of Bills.*

PART VIII.—*Passing of Bills and Publication of Acts.*

RULE.—

47. Passing of Bills.
48. Revision of marginal notes, and submission of Bill to Governor.
49. Submission of Bill to Government of India.
50. Publication of Bills as Acts.

PART IX.—*Duties of Secretary.*

51. List of Business for each meeting.
52. Journal.
53. Full report of proceedings.
54. Other duties.

PART X.—*Miscellaneous.*

55. Admission of strangers.
56. Withdrawal of strangers.
57. Publication and sale of papers.
58. Withdrawal of Bills.
59. Dropped Bills.
60. Suspension of rules.

PART I.—*Preliminary.*

Short title. 1. These rules may be called the Bengal Legislative Rules, 1912.

Definitions. 2. In these, rules, unless there is anything repugnant in the subject or context,—

(*1*) "Council" means the Bengal Legislative Council;

(*2*) "President" means—

(*a*) the Governor, or

(*b*) in the absence of the Governor, the Vice-President appointed by the Governor under section 4 of the Indian Councils Act, 1909: or — 9 Edw 7, c. 4.

(*c*) in the absence of the Governor and the Vice-President, any other Member who is entitled to preside at a meeting of the Council during the conduct of any business under these rules.

(*3*) "Member" means a Member of the Council, whether Ordinary or Additional;

(*4*) "Secretary" means the Secretary to the Bengal Legislative Council, and includes the Assistant Secretary and every person for the time being exercising the functions of the Secretary; and

(*5*) "Bill" means—

(*i*) a proposed Act before it has received the assent of the Governor and the Governor General, or

(*ii*) a document embodying amendments in these rules, proposed in Council under section 37 of the Indian Councils Act, 1861, before such document has received the assent of the Governor. — 24 & 25 Vict., c. 67.

PART II.—*Summoning the Council.*

Notification and summons or meeting. 3. (*1*) Whenever it appears to the Governor to be advisable that the Council should assemble,—

(*a*) he shall cause a notification to be published in the Calcutta Gazette, appointing the day, hour and place for a meeting of the Council, in pursuance of section 36 of the Indian Councils Act, 1861, and — 24 & 25 Vict., c. 67.

(*b*) the Secretary shall send to each Member a summons to attend the meeting.

(*2*) When any day, hour and place have been appointed under clause (*1*) for a meeting of the Council, the President may change such day, hour or place, and the Secretary shall send written notice of the change to each Member.

PART III.—*Meetings of the Council.*

Members' places. 4. Seats shall be allotted to Members in such order as the President may direct.

Adjournments. 5. (*1*) The President, when the business of a meeting is concluded, shall adjourn the meeting.

(*2*) He may adjourn at any time, without discussion or vote, any meeting or any business, whether there be a quorum present or not, to any future day or to any hour of the same day.

(*3*) Whenever any meeting is adjourned to a future day, the Secretary shall send notice of the adjournment to each Member who was not present at such meeting.

(*4*) When any meeting has been adjourned, in Council, to a future day, the President may change such day to any other day, and the Secretary shall send written notice of the change to each Member.

Order of business. 6. The President shall regulate the order of business at meetings of the Council, and may at any time refer for consideration at a meeting any particular matter coming properly under the consideration of the Council.

Permission required to transaction of business not entered in list.

7. No business not entered in the List or Appendix sent to Members under rule 51 shall be transacted at any meeting without the permission of the President previously obtained and announced by him.

Preservation of order.

8. (1) The President shall preserve order, and all points of order shall be decided by him.

(2) No discussion on any point of order shall be allowed unless the President thinks fit to take the opinion of the Council thereon.

(3) Any Member may at any time submit a point of order for the decision of the President.

(4) The President shall have all powers necessary for the purpose of enforcing his decisions.

Members how to speak.

9. (1) A Member desiring to make any observations on any subject before the Council shall speak from his place, shall rise when he speaks, and shall address the President.

(2) At any time, if the President rises, any Member speaking shall immediately resume his seat.

On what business Members may speak.

10. No Member shall be heard except upon business then regularly before the Council, or, by permission of the President, specially obtained, in personal explanation in connection with a previous debate.

Order of speeches, and right of reply and explanation.

11. (1) When any Member has made a motion, other Members may speak to it in such order as the President may direct.

(2) After all the Members have had an opportunity of speaking,—

(a) notwithstanding that the Member in charge of the Bill has already spoken, if other Members, speaking after him, have introduced new points, the Member in charge of the Bill shall have a right of reply on such new points,

(b) the mover may speak once by way of reply, and

(c) any other Member may, with the permission of the President, speak once by way of explanation.

(3) A Member who has spoken upon a motion may speak again upon any amendment thereof afterwards moved.

(4) Before a Member who has made a motion speaks by way of reply, any Member who has moved an amendment to such motion may speak by way of reply.

Identical motions.

12. Where identical motions stand in the names of two or more Members, the President shall decide whose motion shall be moved, and the other motions shall thereupon be deemed to be withdrawn.

Time-limit for speeches.

13. When any motion referred to in rule 32 has been carried in respect of any Bill, no speech upon such Bill or any amendment thereof shall, except with the permission of the President, exceed fifteen minutes in duration:

Provided that the mover of a motion, when moving the same, and the Member in charge of the Bill, may speak for thirty minutes.

The closure.

14. (1) When any motion is under discussion, any Member who has not taken part in the discussion may move "that the question be now put."

(2) The President may, at his discretion, either reject such motion or put it to the Council.

(3) If such motion be put to the Council and carried by the votes of at least two-thirds of the Members present and voting, the question shall be put accordingly:

Provided that the President may, before putting the question, permit the mover of the original motion and the Member in charge of the Bill to exercise their right of reply.

Right of President to address the Council before putting the question.

15. The President may, in any case, address the Council before putting the question.

Questions to be asked through President.

16. When, for the purpose of explanation during discussion, or for any other sufficient reason, any Member has occasion to ask a question of another Member relating to business of the Council, he shall ask the question through the President.

Voting.

17. (1) Every matter to be determined by the Council shall take the form of a motion by a Member, to be put to the Council by the President and decided by a majority of votes.

(2) Votes shall be taken by voices, by show of hands, or by division, and shall always be taken by division if any Member so desires.

(3) The President shall determine the method of taking votes by division.

Requisitions by Members for papers or returns

18. (*1*) Any Member may ask for any papers or returns connected with any Bill before the Council.

(*2*) The President shall determine, either at the time or at the meeting of the Council next following, whether the papers or returns asked for can be given.

Communications as to Bills.

19. (*1*) Communications on matters connected with any Bill before the Council, and proposals for the enactment of any law, must be addressed in the form either of a petition to the Governor in Council or of a letter to the Secretary, and must in either case be sent to the Secretary.

(*2*) Ordinarily such communications will not be answered.

Circulation of communications

20. The Secretary shall either cause such communications to be printed, sending a copy to each Member, or circulate them for the perusal of each Member; and shall also refer them to the Select Committee sitting on any Bill to which they may relate.

PART IV.—*Motions.*

Notice of original motions

21. Members who wish to make any original motion at any meeting (other than a motion for leave to introduce a Bill) must either give notice of their intention at the next previous meeting, or send such notice to the Secretary five days before the day of the meeting at which they intend to make the motion.

Notice of amendments

22. (*1*) Any Member who wishes to move an amendment to any Bill about to be brought before the Council must send written notice thereof to the Secretary so as to reach him at least five days before the day on which the Bill is to be taken into consideration by the Council, and shall, together with the notice, send a copy of the amendment which he desires to move.

(*2*) Where the consideration of a Bill by the Council extends over two or more meetings held at an interval or intervals of less than six days from each other, the said notice must be sent so as to reach the Secretary at least five days before the first of such meetings.

(*3*) Notwithstanding anything contained in the foregoing clauses, the President may, in his discretion, direct that longer notice, not exceeding a maximum period of fifteen days, shall be given to the Secretary, of amendments which any Member may wish to move in respect of any Bill.

(*4*) When any direction is given by the President under clause (*3*), in respect of any Bill, the Secretary shall communicate the same to each Member, and shall simultaneously send him a copy of the Bill (with the Statement of Objects and Reasons or the Report of the Select Committee, as the case may be), unless a copy has already been sent to him.

(*5*) The said communication shall be made at least as many days before the commencement of the prescribed period of notice as are comprised in that period.

Power to admit motions or amendments at short notice

23. Notwithstanding anything contained in rules 21 and 22, the President may admit any original motion (other than a motion for leave to introduce a Bill) or any amendment at shorter notice than that prescribed by those rules or under rule 22.

Bar to amendments having effect of negative vote.

24. Amendments having merely the effect of a negative vote shall not be moved.

Entry of motions in List of Business

25. Every motion (whether an original motion or an amendment) of which due notice is given shall be entered in the List or Appendix sent to Members under rule 51:

Provided that, if the President decides that any motion is out of order, it shall be excluded from such List and Appendix, and the Secretary shall communicate the President's decision to the Member concerned.

Withdrawal of motions.

26. A Member who has made a motion (whether an original motion or an amendment) may withdraw the same, unless some other Member desires that it be put to the vote.

Procedure of President when amendment moved.

27. (*1*) When any amendment upon any motion is moved, the President, when putting the amendment to the Council, shall read the terms of the amendment.

(*2*) It shall be in the discretion of the President to put first to the Council either the original motion or any of the amendments which have been moved.

Power of President to divide motion

28.* If any motion, as made, involves many points, the President may, at his discretion, divide it so that each point may be determined separately.

PART V.—*Introduction and publication of Bills.*

Introduction of Bills.

29. (*1*) Any Member desiring to move for leave to introduce a Bill in accordance with the provisions of section 37 or section 38 of the Indian Councils Act, 1861, shall give the Secretary at least five days' previous notice of his intention, and shall, together with the notice, send a copy of the Bill and a full Statement of Objects and Reasons. 24 & 25 Vict., c 67.

(*2*) If such motion be carried, the Secretary shall cause the Bill, together with the Statement of Objects and Reasons, to be printed (if not already in print), and shall send a copy to each Member, and the Bill shall thereupon be deemed to have been introduced in Council.

Publication of Bills after introduction

30. When a Bill has been introduced, it shall, together with the Statement of Objects and Reasons, be published in the Calcutta Gazette.

Publication of Bills before introduction

31. (*1*) The Governor may order the publication of a Bill, together with the Statement of Objects and Reasons which accompanies it, in the Calcutta Gazette, although no motion has been made for leave to introduce the Bill.

(*2*) In that case, if the Bill be afterwards introduced in Council without material alteration, it shall not be necessary to publish it again under rule 30.

Motions after introduction.

32. (*1*) When a Bill has been introduced, the Member in charge of it may make one or more of the following motions:—

(*a*) that it be referred to a Select Committee, or

(*b*) that it be taken into consideration by the Council, either at once or at some specified future day, or

(*c*) that it be circulated for the purpose of eliciting opinion thereon.

(*2*) No motion referred to in clause (*1*) shall be made until after a copy of the Bill and a copy of the Statement of Objects and Reasons have been furnished to each Member.

(*3*) Any Member may object to any such motion unless such copies have been furnished to him at least seven days previously; and such objection shall prevail unless the President, in exercise of his power to suspend any of these rules, allows the motion to be made.

Discussion of principle and general provisions of Bill

33. On the day on which any motion referred to in rule 32 (*1*) is made, or on any subsequent day to which the discussion is postponed, the principle of the Bill and its general provisions may be discussed.

PART VI.—*Select Committees.*

Appointment of Select Committees

34. Select Committees may be appointed by the Council for any purpose connected with the Legislative business of the Council.

Chairman of Select Committee

35. (*1*) The Member in charge of a Bill shall ordinarily be Chairman of any Select Committee to which the Bill is referred.

(*2*) In case of an equality of voices at any meeting of a Select Committee, the Chairman shall have a second or casting vote.

Select Committee to examine Bill and make a Report.

36. When a Bill is referred to a Select Committee,—

(*a*) the Committee shall examine the Bill, clause by clause, and, if they or a majority of their number decide to recommend any alteration in the Bill, the Bill shall be revised so as to bring it into conformity with such recommendation; and

(*b*) the Committee, or a majority of their number, shall make a Report on the Bill—

(*i*) not less than one month after the Bill has been published in the Calcutta Gazette, or

(*ii*) at any time that the Council may direct.

Nature and contents of Report

37. (1) Such Report may be either preliminary or final or sole.

(2) Such report shall be confined to a statement of the alterations (if any) made by the Committee or a majority of their number, and of their reasons for such alterations, and

(a) (in the case of a final Report or a sole Report) a recommendation that the Bill be passed, or

(b) a recommendation that the Bill be republished, with the Report or

(c) a recommendation that the Bill be not further proceeded with.

Notes of Dissent

38. (1) Any member of a Select Committee who desires to record a Note of Dissent from any such Report must forward the same to the Secretary at or before the time at which the Report is sent to such Member for signature; and the Secretary shall thereupon annex such note to the Report.

(2) Every such Note of Dissent must be confined to a discussion of matter contained in the Report, and must be free from personal remarks.

(3) If any such Note of Dissent is open to objection under clause (2) of this rule, the President shall cause it to be returned to the Member concerned for the purpose of amendment; and if the Member does not, within such time as the President may fix in this behalf, resubmit the note duly amended, the note shall be deemed to have been withdrawn.

Printing, circulation and publication of Bills and Reports.

39. Every Report made by a Select Committee or a majority of their number, with the Bill to which it relates and any Notes of Dissent received under rule 38,—

(a) shall be printed, a copy thereof being sent by the Secretary to each Member, and

(b) shall be published in the Calcutta Gazette, and may, if the President so directs, be so published before presentation to the Council.

Proceedings of Select Committee to be treated as confidential.

40. All proceedings of a Select Committee shall be treated as confidential, and its recommendations shall not be disclosed until the Report of the Committee is published in the Calcutta Gazette or presented to the Council.

Presentation and consideration of Select Committee's Report

41. (1) Every Report by a Select Committee shall be presented to the Council, and shall be taken into consideration by the Council as soon as conveniently may be.

(2) Any Member may object to a Report being so taken into consideration when he has not been furnished for a week with a copy of the Report; and such objection shall prevail unless the President, in exercise of his power to suspend any of these rules, allows the Report to be taken into consideration.

Form in which clauses of Bill to be considered.

42. (1) When a Report is taken into consideration, it may be moved that the clauses of the Bill be considered for settlement in the form recommended by the Select Committee; and, if the motion be carried, the clauses shall be so considered.

(2) If no such motion is carried, the clauses shall be considered for settlement in the form in which they stood when the Bill was introduced in Council.

PART VII.—*Consideration and Amendment of Bills.*

Proposal of amendments

43. When a Bill is taken into consideration by the Council any Member may, subject to the provisions of rules 22, 23, 27 (2) and 28, propose an amendment of such Bill.

Order of considering amendments

44. Amendments shall ordinarily be considered in the order of the clauses to which they respectively relate.

Submission of Bill clause by clause

45. (1) Notwithstanding anything in the foregoing rules, it shall be in the discretion of the President, when a motion that a Bill be taken into consideration has been carried, to submit the Bill, or any part of the Bill, to the Council, clause by clause.

(2) When that procedure is adopted, the President shall call each clause separately, and, when the amendments relating to it have been dealt with, shall put the question "that this clause (*or*, as the case may be, this clause, as amended) stand part of the Bill."

Re-publication or re-commitment of amended Bill.

46. (*1*) Any Member may move that a Bill which has been amended by the Council or by a Select Committee be republished or be recommitted to the Select Committee.

(*2*) Such recommitment may be either—

(*a*) without limitation, or

(*b*) with respect to particular clauses or amendments only, or

(*c*) with instructions to the Select Committee to make some particular or additional provision in the Bill.

(*3*) If the Council so decide, the President may order that the Bill be republished or recommitted, as the case may be.

PART VIII.—*Passing of Bills and Publication of Acts.*

Passing of Bills.

47. (*1*) If no amendment be made when a Bill is taken into consideration by the Council, the Bill may at once be passed.

(*2*) If any amendment be made, any Member may object to the passing of the Bill at the same meeting; and such objection shall prevail, unless the President, in exercise of his power to suspend any of these rules, allows the Bill to pass.

(*3*) Where the objection prevails, the Bill shall be brought forward again at a future meeting, and may then be passed, with or without further amendment.

Revision of marginal notes, and submission of Bill to Governor.

48. When a Bill is passed by the Council, the Secretary shall, if necessary, revise and complete the marginal notes thereof, and shall submit it to the Governor for his assent.

Submission of Bill to Government of India.

49. (*1*) If the Governor assents to a Bill, as defined in sub-clause (*i*) of clause (*5*) of rule 2, the Secretary shall submit it to the Government of India for the assent of the Governor General.

(*2*) If the Governor assents to a Bill, as defined in sub-clause (*ii*) of clause (*5*) of rule 2, the Secretary shall submit it to the Government of India for information.

Publication of Bills as Acts.

50. If the Governor General assents to a Bill, as defined in sub-clause (*i*) of clause (*5*) of rule 2, it shall be published in the Calcutta Gazette as an Act of the Governor in Council of Fort William in Bengal assented to by the Governor General.

PART IX.—*Duties of Secretary.*

List of Business for each meeting.

51. At least two days before each meeting of the Council, the Secretary shall send to each Member a list of the business to be brought forward at such meeting:

Provided that, if motions of amendment are numerous, they or any of them may be entered in an Appendix to the said list, to be sent to each Member at least one day before the meeting.

Journal.

52. (*1*) The Secretary shall keep a journal, in which all the proceedings of the Council shall be fairly entered.

(*2*) The journal shall be submitted after each meeting to the President for his confirmation and signature; and, when so signed, shall be the record of the proceedings of the Council.

Full report of proceedings.

53. (*1*) The Secretary shall also cause to be prepared a full report of the proceedings of the Council at each of its meetings, and publish it in the Calcutta Gazette as soon as practicable.

(*2*) He shall send a copy of such report to each Member of the Council and to the Permanent Under-Secretary of State for India.

Other duties.

54. In addition to the other duties specially imposed upon him by these rules, it shall be the duty of the Secretary—

(*1*) to draft all Bills originated by the Government of Bengal, the Statements of their Objects and Reasons, and the Reports of Select Committees to which such Bills are referred;

(*2*) to take charge of the copies of Bills signed by the Governor and Governor General, and of all other records of the Council;

(*3*) to keep the books of the Council;

(*4*) to keep a list of the business for the time being before the Council;

(*5*) to superintend the printing of all papers printed in pursuance of these rules;

(6) to make out from time to time a list of all Select Committees' sittings;
(7) to assist the Council and all Committees in such manner as they may direct;
(8) to examine all Bills deposited by Additional Members, and to report to the President any such Bill which contains clauses trenching on subjects coming within section 38, section 42, or section 43 of the Indian Councils Act, 1861; and 24 & 25 Vict., c. 67
(9) to write all letters which the Council or the President or any Select Committee directs to be written.

PART X.—*Miscellaneous.*

Admission of strangers.

55. (*1*) Strangers may be admitted into the Council Chamber during any meeting of the Council, on the order of the President.

(*2*) Application for orders of admission must be made, through a Member, to the Secretary, at least two days before the meeting: and the order, if made, shall be sent to such Member.

Withdrawal of strangers.

56. The President, whether on the application of any Member or otherwise, may direct, at any time during a meeting of the Council, that strangers withdraw.

Publication and sale of papers.

57. (*1*) Any paper relating to any measure before the Council may be published by order of the President.

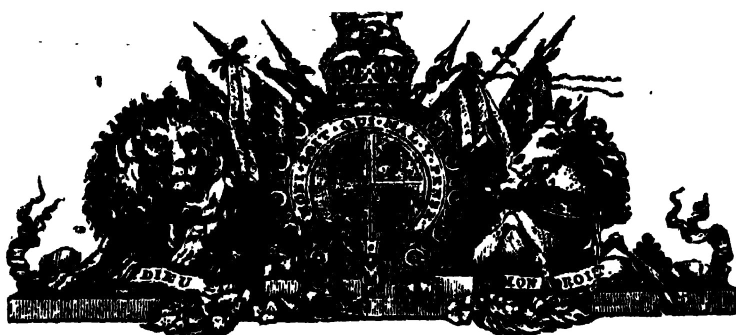
(*2*) Copies of papers so published shall be sold at such rates as may be fixed by the Secretary.

Withdrawal of Bills.

58. (*1*) At any time during the progress of a Bill, it may be moved by the Member who for the time being is in charge of the Bill that it be withdrawn.

(*2*) If such motion be carried, the Bill shall be withdrawn accordingly.

Dropped Bills.



59. Any Bill respecting which no motion has been made in the Council for two years may, by order of the President, be removed from the list of business referred to in rule 54, clause (*4*).

Suspension of rules.

60. The President, for sufficient reason, and whether upon the application of a Member or otherwise, may suspend any of the foregoing rules for a particular purpose.

RESOLUTION REVIEWING THE REPORTS ON THE WORKING OF MUNICIPALITIES IN THE BENGAL PRESIDENCY (EXCEPT CALCUTTA) DURING THE YEAR 1911-12.

MUNICIPAL DEPARTMENT.

MUNICIPAL.

CALCUTTA, THE 20TH DECEMBER 1912

RESOLUTION—No. 1837M.

READ—

The Reports from the Commissioners of Divisions on the working of Municipalities in the Bengal Presidency (except Calcutta) during the year 1911-12.

THE reports have been prepared for the Presidency as it stands after 1st April 1912, and therefore though the figures for divisions and for individual

municipalities can be usefully compared with those of previous years, the Provincial figures throw little light on the general question of municipal progress. A perusal of the reports leaves the impression that, while municipal administration in Bengal has achieved a very considerable and creditable amount of success, it has not kept pace with the progress that has been so noticeable in other directions in the last few years. Generally, the rate-payers seem to have been rather apathetic, and, where a keen interest has been displayed, party spirit has often taken the place of that public spirit which is so essential to real municipal self-government. It is however gratifying, to observe that some of the large municipalities—Howrah, Cossipore-Chitpur, Dacca, Darjeeling, Kurseong and others—have shown great energy in grappling with the problems presented to them, and considerable appreciation of the true ideals of municipal administration, but the majority having not shown any great anxiety to improve their present condition, have often too readily accepted the usual plea of poverty, and have shown a disposition to wait till improvements are forced upon them. A hopeful sign is the increasing extent to which Municipal Commissioners recognize that their duties and responsibilities are not confined to attendance at meetings; while spasmodic interference with the working of the municipal machine may often do more harm than good, the willingness of Municipal Commissioners to give their services freely to the municipality under an organized system of division of the work of supervision can only lead to good results. Sanitation is the chief work of municipalities, and, largely owing to liberal grants from Government, very considerable progress has been made in the improvement of the urban water-supply in the last few years and many municipalities have undertaken costly schemes of surface drainage; the influence of such works on the public health and convenience cannot be overestimated, and His Excellency trusts that every municipality will endeavour to provide itself with a pure water-supply and, wherever practicable, with an efficient drainage system. These are undoubtedly the two most important requirements of sanitation in the province, but they do not by any means exhaust its demands. There are constant complaints from all the divisions that the present system of conservancy leaves much to be desired. Inadequate attention is given to the cleansing of drains and tanks, jungle-cutting, and the filling-up of insanitary hollows, and the demand is growing for the supervision and inspection of food-supplies and the conditions under which they are sold. The great drawback hitherto has been the lack of a trained executive agency for general sanitation, but steps have now been taken to provide a service of Health Officers and Sanitary Inspectors for employment in municipalities, and it is hoped that Municipal Commissioners will welcome the opportunity of obtaining a trained sanitary agency which will undoubtedly be more efficient and will probably be very little more expensive. Even after sanitation has been provided for, there is a wide scope for the further extension of municipal activities, and the only practical limits are those imposed by financial considerations. The general scale of municipal taxation throughout the province is by no means excessive, and is lower than that which prevails in other provinces; the percentage of rate-payers to the municipal population is also low, and it is reported that the burden is not always equitably distributed. The first essential is a fair distribution of the incidence of municipal taxation, and experience has shown that this can best be effected by an assessment of a carefully selected officer whose work the Commissioners are willing to accept, unless very good reasons are shown for interference in particular cases. Equally important is the organization of an efficient Collection Department; when the rates that it is considered reasonable to levy from individuals have been fixed, there is no reason why the collections should not be made punctually and in full, and there should be but little scope for arrears or remissions. There is little doubt that these measures would considerably improve the financial condition of many of the municipalities without any increase in the present rates, while there would still remain in many cases a reasonable margin for further taxation. The advantages of efficient municipal administration are [illegible], and if the people concerned

desire these advantages they must be prepared to pay for them, it is not reasonable for them to expect that these advantages should be secured to them at the expense of the general tax-payer.

2. The reconstitution of the province from the 1st April 1912 has resulted in a decrease of 19 in the total number of municipalities in Bengal; 54 out of the 130 referred to in last year's resolution have been transferred to the new province of Bihar and Orissa, while 35 previously in Eastern Bengal and Assam are now within the boundaries of this Presidency. No new municipalities were established during the year, but a proposal to constitute a municipality at Bhola is at present under consideration.

3. *Results of elections held during the year.*—The elective system was extended during the year to Sonamukhi in Bankura, Kamarhati in 24-Parganas and Chakdah in Nadia. There were general elections held in 24 municipalities, and a fair amount of interest was taken in them by the rate-payers; the percentage of attendance of voters in Western Bengal varied from 80 to 27, but it must be remembered that the percentage of rate-payers to population in the whole province was only 15·9, while it is reported that, in the Presidency Division, only 66 per cent. of the rate-payers pay not less than 6 annas a quarter, which is the minimum rate necessary to qualify for a vote. The elections at Barisal were declared invalid by the District Magistrate, owing to certain irregularities in the poll.

4. *Number of meetings, and attendance of Commissioners.*—The total number of meetings held was 1,980 against 1,879 in the previous year. Of these 146 had to be adjourned owing to there being no quorum. Eight municipalities—Sonamukhi, Ramjibanpur, Rajpur, Garulia, Kandi, Basirhat, Cox's Bazar and Jalpaiguri—failed to hold 12 meetings in the year, while in Suri, Ranaghat, Kushtia, Jangipur, Khulna, Mymensingh, Comilla and Pabna the interest in municipal affairs, as judged by the attendance of Municipal Commissioners at meeting, was not very great. On the other hand, in 72 municipalities the average attendance was over 50 per cent., and at North Barrackpore, Bhatpara, Baduria and Patuakali three-quarters of the Commissioners attended every meeting.

5. *Number of rate-payers.*—The total number of rate-payers rose from 311,798 to 312,338, and the percentage of rate-payers to population was 15·9. The percentage was lowest in Titagarh (3·5), Garulia (5·2), Bhatpara (5·9), Bhadreswar (6·2), Garden Reach (8·8) and Narayanganj (8·9). The low percentage in Narayanganj, one of the most advanced and thriving municipalities in the province, is explained by the presence in the town of a large number of factory labourers whose rates are paid by their employers. The decrease of 494 rate-payers in Kamarhati was mainly due to the discontinuance of the former practice of counting owners of arable holdings as separate rate-payers. In the Bhadreswar Municipality, the number of rate-payers fell from 2,155 to 1,525, but the decrease has not been explained.

6. *Assessment and taxation.*—In 37 municipalities and in certain wards of the Bhadreswar, South Dum-Dum, South Barrackpore and Rampur Boalia Municipalities the rate on holdings is the principal form of taxation. In 70 municipalities and in the remaining portions of the four municipalities mentioned above a tax on persons was in force. In addition latrine-fees were levied in 92 municipalities, a water-rate in 14 and a lighting-rate in 4. The average incidence of taxation per head of population for the whole province was Re. 1-14-8 as compared with Re. 1-12-7 during 1910-11, the increase being shared by all the divisions. Omitting the hill municipalities of Darjeeling and Kurseong where the incidence was Rs. 8-3-7 and Rs. 4-15-4 respectively, it varied from Rs. 4-15-3 in the Cossipore-Chitpur Municipality to annas 4-4 in Debhatta. The Presidency Division, where the greatest demand for a progressive municipal administration might be expected, still shows the lowest incidence of taxation though it has risen from Re. 1-7-6 to Re. 1-10-1, and many municipalities appear to regard municipal improvement as too expensive a luxury.

7. *Revision of assessments.*—A general or partial revision was made in 82 municipalities, with noticeably satisfactory results in the following instances :—

	Increase of revenue.
	Rs.
Howrah	17,282
Budge-Budge	12,880
Dacca	8,621
South Suburban	7,560
Tollyganj	5,450
Darjeeling	4,900
Narayanganj	4,684
Maniktala	3,778
Cossipore-Chitpur	3,412
Dinajpur	3,173
Burdwan	3,040

In the Midnapore Municipality the assessment was found to be insufficient and inequitable, and after the close of the year an order has been passed under section 111A of the Bengal Municipal Act, 1884, requiring the municipality to revise and amend the assessment. At the request of the Municipal Commissioners a Sub-Deputy Collector has been deputed for the work.

8. *Collections.*—The percentage of total collections on current demand was 97·8 compared with 94·7 in the previous year. The improvement was common to all divisions and it was most marked in the Dacca and Rajshahi Divisions where 102·4 and 97·6 per cent. were collected as against 88·3 and 90·5 per cent., respectively, in 1910-11. Of individual municipalities those showing the best results were Khirpai (117·2), Raniganj (114·06), Dacca (108·7), Halisahar (106·2) and Patuakhali (105·0). The Garulia Municipality succeeded in collecting the entire amount of its demand, and showed neither remissions nor outstandings at the close of the year. Twenty-one municipalities against 13 in 1910-11 were able to show collections of cent. per cent. and over, while in the Debhatta, Hooghly-Chinsura, Rampur Boalia, Chandrakona and South Suburban Municipalities, the collections declined by about 72, 22, 15, 14 and 12 per cent., respectively. The percentage of total remissions on current demand rose from 3·0 to 4·1 and the Provincial figure was greatly exceeded in the Garden Reach (37·5), Dhulian (25·4), Halisahar (19·3) and Burdwan (15·4) Municipalities. Though the outstanding balances in Dacca and Burdwan declined by Rs. 32,694 and Rs. 11,294, respectively, they still amounted to Rs. 20,803 and Rs. 17,928 at the end of the year. Large outstanding balances were also shown by the municipalities of Hooghly-Chinsura (Rs. 18,656), Mymensingh (Rs. 17,177) and Maniktala (Rs. 11,516), and ten municipalities showed unrecovered balances of Rs. 5,000 or more. Attention is again invited to the following remarks made by the Government of Bengal in paragraph 7 of its Resolution reviewing the reports for 1910-11 :—

"With municipal revenues made up, as they are, of a multitude of petty items, it cannot be too strongly insisted upon that the only hope of efficient collections is promptitude in realising what can be paid, and the writing off forthwith of what is irrecoverable; the accumulation of heavy arrears upon the books impedes the administration at every turn, and it is well worth while to employ a temporary special staff if the accounts can thereby be brought up to date. It is hoped that the matter will receive the special attention of all concerned."

9. *Income and Expenditure.*—The total receipts of the municipalities in the province including the opening balances amounted to Rs. 78,08,750 as compared with Rs. 75,31,496. The increase occurred chiefly under the following heads :—

	Rs.
Opening balance	53,105
Municipal rates and taxes ...	[illegible]
Sources other than taxation, loans and advances	[illegible]

The total disbursements amounted to Rs. 59,76,731 as against Rs. 60,77,206 in the previous year. There was a decrease of Rs. 3,60,242 under the head "Extraordinary and Debt" while increased expenditure was incurred under the heads "Public health and convenience" (Rs. 1,84,265), "Miscellaneous" (Rs. 38,892) and "General administration and collection charges" (Rs. 21,894).

10. *Closing balances.*—The closing balances rose from Rs. 14,54,290 to Rs. 18,31,999. The largest balances were held by Howrah (Rs. 4,40,446). Hooghly-Chinsura (Rs. 1,57,768) and Burdwan (Rs. 1,10,126). The increase in Burdwan was due to abnormal receipts by way of contributions on account of drainage scheme. In Hooghly-Chinsura it was due to non-payment of money owing for the water-works.

11. *Income (Rs. 63,54,253).*—The total income of the year excluding that under the heads of "Opening balance" and "Extraordinary and Debt" amounted to Rs. 50,85,013 showing an increase of Rs. 1,67,756 over the figures of the preceding year. Details of the main items of revenue are given below.

12. *Taxes on houses and lands (Rs. 14,23,662).*—Under this head there was an increase of Rs. 1,29,221, of which Rs. 54,637 was due to collection of large arrears in Dacca and Rs. 36,183 to better collections and the revision of assessments in Garden Reach.

13. *Tolls on roads and ferries (Rs. 88,194).*—This source of revenue becomes every year of less and less importance to municipalities. The receipts fluctuate from year to year, but the tendency on the whole is downward chiefly owing to the improvement of communications and increased facilities for railway and steamer traffic.

14. *Water-rate (Rs. 5,08,616).*—This rate was levied in 14 municipalities and the total receipts showed an increase of Rs. 65,483. The increase at Dacca (Rs. 27,516), however, was only nominal as the rate was only in force for a portion of the previous year. The settlement of their dispute with the Port Commissioners has enabled the Garden Reach Municipality to show an increase of Rs. 14,378. The only other large increase was in Maniktala where the enhancement of the rate from the second quarter and the assessment of new and improved holdings resulted in an increase of Rs. 10,086, but a portion of this was illegally levied and will have to be refunded. As the water-rate is a direct payment for benefit received, it should in all cases be sufficient to fully pay the cost of the water-works up-keep and loan charges leaving the general tax free for general sanitation and improvement.

15. *Lighting rate (Rs. 1,55,677).*—The rate is levied only in the four municipalities of Howrah, Cossipore-Chitpur, Maniktala and Darjeeling. The receipts under this head rose by Rs. 8,344. The Darjeeling Municipality has credited the receipts from this source amounting to Rs. 45,397 to the head "Electric light installation" and these have been shown in column 35(*b*) of Form II headed "Other fees."

16. *Conservancy (including scavenging and latrine rates (Rs. 9,48,624).*—The income under this head shows an increase of Rs. 39,975 mainly in the Dacca Division (Rs. 21,872). The receipts from the sale of night-soil and the disposal of refuse and street sweepings are still very small (Rs. 2,323) and are slightly lower than in the previous year. In other provinces some municipalities make a considerable revenue from this source and even allowing for the difference of conditions it does not seem that the municipalities in this province have yet realised the agricultural value of this refuse and the possibility of increasing their income from this source. In Eastern Bengal the receipts are not shown separately, but this should be done in future.

17. *Tax on persons according to their circumstances and property and the tax on professions and trades.*—The receipts from the tax on persons increased from Rs. 3,69,094 to Rs. 3,70,376, while those from the tax on professions and trades declined from Rs. 57,659 to Rs. 57,110. The variations were slight and call for no remarks.

18. *Receipts under Hackney Carriage Act (Rs. 15,046).*—Fifty-three municipalities as compared with 51 in the previous year derived an income under this head, the aggregate amount showing an inprovement of Rs. 2,29[illegible] over the revenue of the previous year. The municipalities of Kamarhati [illegible] against which receipts were shown in the preced[illegible] [illegible] this source during the year under review.

19. *Prevention of cruelty to animals.*—The fines realised under Act I (B. C.) of 1869 or Act XI of 1890 and credited to municipal funds in the Burdwan and Presidency Divisions amounted to Rs. 4,318. Fines realized in Howrah were made over to a special committee and those in the district of Darjeeling to the Society for the prevention of cruelty to animals working in that district. Under the orders of the Government of India the arrangements under which the municipalities in Eastern Bengal enjoy the income from this source have been made permanent and these receipts are not specified in the divisional reports.

20. *Grants from Provincial and Local Funds and contributions from private individuals.* (*Rs. 7,05,550*).—The receipts under this head show a decline of Rs. 48,378. The most noticeable grants made by Government during the year were to the municipalities of Howrah (Rs. 2,50,000 for the extension of the water-supply), Hooghly-Chinsura (Rs. 50.000 for water-supply), Dacca (Rs. 40.000 for the improvement of the conservancy tramway line and for the improvement of the pathways giving access to private privies), Chittagong (Rs. 20.000 for general improvement), Midnapore (Rs. 11,907 for education), South Suburban (Rs. 11.700) for water-supply), Serampore (Rs. 10,000 for water-supply), Bhatpara (Rs. 10,000 for drainage), Jessore (Rs. 10,000 for water-supply), Chandpur (Rs. 8,180 for the old bazar waterworks), Ranaghat (Rs. 7,000 for drainage) and Comilla (Rs. 7,000 for the survey of the town). There were few striking instances of private liberality during the year, but the following deserve special mention :—Rai Jyot Kumar Mukharji Bahadur made a donation of Rs. 35,000 towards the water-supply scheme at Uttarpara and the Maharajadhiraja of Burdwan contributed Rs. 10,000 for the drainage scheme at Burdwan. The Midnapore Municipality received Rs. 13,669 from the King Edward Memorial Fund for the construction of a new ward of the Pierce Hospital. In the Kotrung Municipality Babu Kristo Nath Mukharji of Barrackpore is reported to have erected a *pucca* bathing *ghât* at Shiotala at a cost of Rs. 25,000 for the use of the public.

21. *Expenditure—Office and collection establishment* (*Rs. 3.30,082*).—The total expenditure under this head showed an increase of Rs. 16,433. The percentage calculated on the total ordinary expenditure was highest in Taki (25·3), Nalchiti, Debhata and Bazitpur following with 22·3, 22·1 and 21·1, respectively. The high percentage in Taki is due to the cost of the assessment of the municipality carried out during the year. It is satisfactory that the percentage in the new municipality of Dhulian has been further reduced to 13·7 from 18·5 in the previous year and 39·7 in 1909-10.

22. *Prevention of fire (Rs. 59.073)* :—As in the preceding year 23 municipalities showed expenditure under this head, that incurred by Howrah (Rs. 21,481), Cossipore-Chitpur (Rs. 28,420), Maniktala (Rs. 2,824) and Garden Reach (Rs. 4,707) representing the amount contributed towards the maintenance of the Metropolitan Fire Brigade. In comparison with the expenditure of the previous year the expenditure showed an increase of Rs. 10,492.

23. *Lighting (Rs. 2,79,603).*—The expenditure under this head showed a small increase of Rs. 2,519. As in the previous year the municipalities of North Barrackpore, Taki, Birnagar, Chakdah and Debhatta did not incur any outlay at all on this important branch of administration, and although the attention of the local officers was drawn to the same omission in the last resolution no explanation has been offered. The South Barrackpore Municipality which spent a small amount under this head in the previous year did not spend anything in 1911-12. The lighting is reported to be defective in many municipalities and complaints are specially made regarding Bankura and Hooghly-Chinsura. The matter is one that directly affects the convenience and safety of the inhabitants and it is hoped that all municipalities will pay greater attention to it in future.

24. *Water-supply. (Rs. 6,35,870).*—The expenditure under this head rose by Rs. 1,70,822 and the bulk of the increase (Rs. 1,58,781) occurred under the head "Capital outlay." The outlay under the heads "Establishment, repairs, etc.," declined in the Dacca and Rajshahi Divisions. The most important scheme undertaken is the extension and improvement of the water-supply of Howrah which is now estimated to cost Rs. [illegible] Government promised to contribute Rs. 5,00,000 and [illegible] was paid during the year. [illegible]

completed during the current year. At Narayanganj the Municipal Commissioners have recently erected a second pump, for which a project amounting to Rs. 25,000 was sanctioned by the late Government of Eastern Bengal and Assam. The Mymensingh water-works were improved at a cost of Rs. 60,803 by the installation of a new engine and a boiler and the construction of a third sand filter-bed. The work in connection with the water-supply schemes at Hooghly-Chinsura, Serampore, Perojpur and Khulna was in progress, while schemes for Uttarpara and for the extension of the Narayanganj water-supply to the east side of the river Lakhya were under preparation during the year. A regular system of water-works has been initiated at Chandpur for which the Government has recently sanctioned a loan of Rs. 15,000. The Barisal water-works to which Government has largely contributed were opened during the year, but they were not completed owing to the failure to collect Rs. 8,000 out of the promised local subscriptions. The Sanitary Engineer reports that the works will be a failure unless they are completed in accordance with the scheme, and it is incumbent on the municipality to rouse sufficient public spirit to prevent this catastrophe. A scheme for water-supply at Nator on what is known as the "Faridpur system" is under the consideration of the Municipal Commissioners.

The reports show that there is a danger of municipalities overlooking the limitations of a water-supply scheme. After completion the works require constant and skilled supervision, and it is most wasteful to stint the expenditure on up-keep or employ a cheap supervising agency. But a greater danger is a disregard of the limit of the capacity of the pumping plant or filter beds; a scheme designed to deliver a fixed maximum of gallons cannot be forced to deliver more without endangering all the works. The commonest form of improvidence in this direction is a too liberal grant of unmetered house-connections with the consequent inevitable waste of water, and Mymensingh and Dacca have both experienced trouble in this way. The provision of a meter in all house-connections as provided for in the model rules is a most important safeguard againt waste and enables the benefits of a water-supply to be far more wide reaching than they can possibily be when so much of the water is wasted by the comparatively small number of fortunate people who obtain house-connections.

25. *Drainage* (*Rs. 2,82,507*).—The total capital outlay declined from Rs. 2,33,651 to Rs. 1,65,933, while the expenditure on account of establishment, repairs, etc., rose from Rs. 1,15,636 to Rs. 1,16,574. The Municipality of Howrah incurred the largest capital expenditure, viz., Rs. 59,358. Schemes were under consideration at Dacca, Mymensingh and Suri. Drainage projects for Ranaghat and Kushtia have been sanctioned and the work will be commenced shortly. Administrative approval of Government was conveyed to the Katwa drainage scheme and to the combined drainage and water-supply scheme for Bankura. The detailed plans and estimates for the latter have since been sanctioned. The Baruipur scheme and the second portion of the Bhatpara scheme were completed during the year under review, and the Burdwan Municipality has taken up the work in connection with the drainage of the town according to a modified scheme costing Rs. 1,50,000. The drainage work of the Serampore Municipality will be taken up as soon as the water-supply scheme is completed, while the undertaking at Hooghly-Chinsura has been postponed indefinitely in view of the large expenditure on the water-works now in progress. The Baranagar Municipality completed its drainage with the exception of the outfall channel and the sluice at the mouth of the Dantia khal. The municipalities connected with the Bagjolla khal project are considering a revised scheme. In this connection the following remarks of the Commissioner of the Presidency Division are of interest:—

"No work of importance under this head was carried out in the districts of Jessore and Khulna. The district reports do not show that the municipalities in these two districts, and the smaller ones in the other districts, made any systematic effort to carry out drainage schemes. Their resources are limited; and unless they make a genuine effort to expand their income by increased taxation they cannot expect to undertake any expensive scheme of improvement. It may be said generally of the mufassal municipalities that the prevailing tendency is to keep down taxation as low as possible, and the natural consequence is that though many of them have long been in existence [illegible] sanitary improvement."

26. *Conservancy (including road-cleaning and road-watering) and latrine (Rs. 14,59,739).*—The expenditure under this head shows an increase o Rs. 1,03,914. It rose in 66 municipalities, the most noticeable increase bein in Dacca (Rs. 63,194) and Howrah (Rs. 22,397). The increase in the forme was due to improvements to the conservancy tramway line. The difficultie in the way of efficient conservancy are great and this branch of administra tion is weak in most municipalities, special complaints being made i Hooghly-Chinsura, Krishnagar, Bankura, Berhampore and Dacca where th difficulties are specially great. It is in the matter of conservancy that th utility of trained Sanitary Inspectors will be most apparent, and it may b anticipated that as soon as these are ready for employment a general advanc will be made in conservancy arrangements which will be much appreciate by the rate-payers.

27. *Hospitals and dispensaries (Rs. 2,88,204).*—The expenditure unde this head declined in all the divisions, the total decrease being Rs. 85,093 It rose in 39 municipalities only, while in the rest it was either stationary o showed a decrease. The decrease was most marked in Burdwan, viz. Rs. 42,107, but it was mainly due to the fact that in the previous year th municipality contributed a sum of Rs. 40,000 towards the construction of th new Fraser Hospital which raised its medical expenditure abnormally. I other Municipalities the decrease was due either to less expenditure on th construction of new buildings or to an adjustment of accounts during the yea The provision of local medical aid is one of the duties of local bodies, and ther is no reason to suppose that the decrease in expenditure is due to a decreas in local needs or to private charity taking the place of municipal subvention The advance in the standard of medical requirements must involve increase expenditure and economy on hospitals and dispensaries must act very hardl on the poorer inhabitants of the municipalities and cannot be without it effect on the general health of the towns.

28. *Plague and other epidemic disease charges (Rs. 17,705).*—Th expenditure under this head was incurred only in the Burdwan and Presi dency Divisions. It rose in the former but fell in the latter, resulting in net decrease of Rs. 2,588. The increase in the Burdwan Division was chiefl due to an outbreak of plague in Burdwan town.

29. *Public works (Rs. 7,97,025).*—The expenditure under this hea showed an increase of Rs. 18,429 over the figures of the previous year. Th increase occurred under all the sub-heads except "Buildings" under which th expenditure fell from Rs. 96,389 to Rs. 61,839. In 33 municipalities in th province the percentage borne by the outlay on public works on the tota ordinary expenditure was 25 per cent. or more, and the rate varied from 54' in the Dhulian Municipality to 2·2 in Kurseong. It was unduly small i Garulia (4·4), Ramjibanpur (5·4) and Suri (5·7). The condition of the roads i Berhampore and Krishnagar is reported to be unsatisfactory.

30. *Public instructions (Rs. 1,59,023).*—The total expenditure rose b Rs. 5,150 as compared with the previous year, the increase being commo to all the divisions except Rajshahi. The ratio of expenditure on primar education to the total ordinary income of the municipalities in the Burdwa and Presidency Divisions and of the municipalities of Darjeeling and Kurseon varied from 12·6 in Debhatta to ·78 in Darjeeling. Of these 30 municipaliti spent less than 3·2 per cent, of their ordinary income on primary education.

31. *Loans.*—Forty municipalities were in debt at the close of the yea and their total indebtedness, after deducting Rs. 4,909, the amount of th sinking fund investments of the Burdwan Municipality on account of loan raised in the open market, was Rs. 40,08,654. The largest outstanding liabili ties were those of Howrah (Rs. 21,09,452), Darjeeling (Rs. 7,19,081), Dacc (Rs. 3,35,359), and Narayanganj (Rs. 1,53,686). Twelve municipalitie received loans during the year, namely, Darjeeling (Rs. 1,43,000 for th construction of bazar barracks and for water-supply and drainage), Howra (Rs. 35,000 for the extension of the water-works), Jessore (Rs. 30,000 fo water-supply), Narayanganj (Rs. 25,000 for water-works), Dacca (Rs. 20,00 for the improvement of the conservancy tramway line), Ranaghat (Rs. [illegible] for drainage), Baranagar (Rs. 15,000 for drainage), Garulia (Rs. 10,000 fo drainage), Budge-Budge (Rs. 5,000 for the extension of the [illegible]) Khulna (Rs. 5,000 for water-supply), Maheshpur (Rs. 1,250 for [illegible] and Bansberia (Rs. 1,200 for the [illegible] of office [illegible]).

32. On 31st March 1912, 58 municipalities in the Burdwan and Presidency Divisions together with Darjeeling and Kurseong in the Rajshahi Division had outstanding liabilities on account of unpaid bills and unfinished works amounting to Rs. 71,267 which represented 2·8 per cent. of their current demand. In four municipalities, viz., Kamarhati, Baduria, Satkhira and Vishnupur, the outstanding liabilities exceeded the closing balance.

33. *Audit of accounts and embezzlement.*—Embezzlements were detected in the municipalities of South Suburban, Nadia, Bhadreswar and Kotechandpur. No case of misappropriation has been reported from the Eastern Bengal divisions.

34. *Howrah.*—The record of the Howrah Municipality during the year has been one of great progress. The ordinary revenue of the year was Rs. 8,87,728 and the collections amounted to 99·84 of the net current demand leaving a total outstanding balance of Rs. 3,333 only at the close of the year. The ordinary expenditure was Rs. 7,99,028 leaving a surplus of revenue over expenditure of Rs. 88,700. The outstanding debt is Rs. 21,09,452, and the municipality is committed to improvement schemes which will absorb the growing revenues for some time. The extension of the water-works at a cost of nearly 17 lakhs is in progress and will provide for an immediate increase of supply from 1¾ to 5 million gallons with an ultimate supply of 8 million gallons. The surface drainage scheme is progressing and will eventually cost 19 lakhs, while the sewerage scheme, which must be undertaken as soon as the municipality has finished the water-supply and drainage, will cost 20 lakhs. Much no doubt remains to be done and the cleanliness of Howrah is of great importance to Calcutta, but great credit is due to the Commissioners for the work already done and they have shown that they fully realise their responsibility and are prepared to grapple with the difficulties. An application has been made to Government to extend certain sections of the Calcutta Municipal Act to Howrah to enable the Commissioners to deal with the evils that have been experienced in Calcutta. Road repair which has been somewhat neglected in the past has now been taken up systematically and the Commissioners have decided to light the town with electricity in future.

35. The general record of the year's municipal administration is reviewed by the Divisional Commissioners and there are no very striking features. In the Burdwan Division, Burdwan and Midnapore are again unfavourably mentioned as the worst administered towns in the division and Hooghly-Chinsura and Bankura have both very great room for improvement while in Uttarpara party feeling still exists to a deplorable extent. The assessment at Midnapore is being revised by a especially selected officer and the probable increase of income should be followed by very considerably increased efficiency. In the Presidency Division most of the advanced municipalities conducted their affairs with credit to themselves, but the Maniktala, South Suburban and Krishnagar Municipalities leave very much to be desired and the administration in Taki, Nadia and Debhatta was much hampered by the existence of strong party feeling. In the Dacca Division Narayanganj has enhanced its reputation for efficient management, but Barisal seems likely to get into financial difficulties unless a more careful and reasonable system of administration is adopted. In the Rajshahi Division, Darjeeling, Kurseong, Dinajpur and Bogra have been well administered, and the municipalities in the Chittagong Division are reported to be satisfactory. All the Commissioners of Divisions, are impressed by the languid interest taken generally in the affairs of the smaller municipalities and by the influence of the fear of unpopularity in retarding sanitary improvement.

36. Under Government circular No. 2 T.—M., dated the 20th April 1910, the municipalities of Burdwan, Howarh, Cossipore-Chitpur and Maniktala were allowed a free hand in framing their budgets according to their discretion. The manner in which these municipalities utilised the concession during the year under review has not been reported by the Commissioners concerned, although a special notice of the matter in future reports was specifically enjoined in the Resolution for 1910-11.

37. The acknowledgments of Government are due to the following gentlemen whose names have been mentioned in the reports of the Divisional Commissioners for the good work done by them :—

RESOLUTION ON THE REPORT ON THE WORKING OF CO-OPERATIVE SOCIETIES IN BENGAL FOR THE YEAR 1911-12.

CALCUTTA, THE 23RD DECEMBER 1912.

RESOLUTION—No. 1431M.R.

READ—

The Report on the Working of Co-operative Societies in Bengal for the year 1911-12.

THE report for the year 1911-12 deals with the working of co-operative societies in the districts of the Burdwan Presidency, Dacca, Chittagong and Rajshahi Divisions, which now constitute the Presidency of Bengal. In the former province of Bengal the official year of the department ended on the 31st March, whereas in Eastern Bengal and Assam it closed on the 30th June. For the purposes of the present report, the year ending on the 30th June has been adopted, so that, so far as the Presidency and Burdwan Divisions are concerned, it covers a period of 15 months.

The late Mr. Buchan and Mr. Scott were Registrars of the department in Bengal and in Eastern Bengal and Assam, respectively, up to the 31st March 1912, and the former continued to hold charge in the reconstituted province of Bengal till the 26th June, when he went on leave and was succeeded by Mr. J. M. Mitra, his Personal Assistant.

2. The report is a record of steady progress, and indicates that the benefits of the co-operative movement are gradually becoming better known to the people of Bengal. During the past year the number of societies in the province has risen from 718 to 913, and the number of members from 29,506 to 38,569, an increase in each case of about 30 per cent.; while the working capital, excluding the value of grain, has risen from Rs. 11,96,833 to Rs. 26,07,573, or by 74 per cent.

3. While, however, these numerical increases are important and satisfactory, the report clearly shows that at the present stage special attention must be paid to the work of consolidation. One of the chief considerations in forming societies during the initial stages of the movement was necessarily the existence of a local demand or the presence in the neighbourhood of persons willing and able to foster the growth of the infant societies and to supervise their management. It has not hitherto been possible to deal effectively with the relation of individual societies to one another. It is now, however, clear that another stage in the evolution of the movement has been reached, and that future expansion must depend, not so much on the creation of individual societies in isolated places, as on the formation of associations of societies within definite areas, which will not only beget new societies, but will also provide that supervision and control over the organization and financing of individual societies which it would be impossible, even if it were desirable, to supply through the medium of Government agency. Great interest therefore attaches to the growth of central unions, of which seven have already been established in different parts of the province. They are not all organized on the same lines, and some of them have defects to which the Registrar is fully alive, but the Governor in Council agrees with the Registrar that their working so far gives ground for confidence that the development of the movement on sound lines is assured. His Excellency

in Council trusts that the present year will show a still further increase of central co-operative unions, particularly in the eastern districts of the Presidency.

4. The co-operative movement in urban areas, though perhaps of less moment and interest than that among the rural population, is evidently proving of great benefit to a certain proportion of the inhabitants of towns and large villages. The number of societies has increased during the year from 47 to 61, and the number of members from 6,727 to 9,557, while their working capital exceeds 8 lakhs. Many of the societies are however but little imbued with the true co-operative spirit, and some of them, which do not limit their rate of dividend, appear to be in danger of succumbing to the tendency to become mere joint-stock associations. It is reported that in some cases a dividend of 20 per cent. has been paid, and that the societies are reluctant to admit new members, thus showing clearly that they exist for the benefit of their shareholders and not for that of the borrowers, who supply the greater part of the profits. The new Act, which was passed during the year, enables rules to be framed fixing the maximum rate of dividend, and the proposals which the Registrar is drawing up on this question will receive the careful consideration of Government. Measures of this nature, even though they may involve the removal of some of these societies from the list of co-operative societies, should lead to the restoration of a real co-operative spirit among the rest.

5. In rural areas there has been steady progress, and the suitability of the principles of the Raiffeisen system to Indian conditions has now been thoroughly established. Management is on the whole satisfactory, and, though in some instances the general assembly of members, which is in theory the ultimate governing body, allows its powers to be usurped by the Chairman or the Secretary, the Registrar is able to say that the co-operative spirit is steadily growing. The practice noticed in the report of some Chairmen or Secretaries using the cash balances of a society for their own purposes, though it is said to be usually due only to ignorance and not to dishonesty, is a serious danger, and will require very careful watching and prompt suppression. Any losses incurred in this way might do much to damage the reputation of the societies.

The majority of societies are working satisfactorily, but it is observed that the Registrar in his report classes about 300 societies as "very bad." Early steps should be taken to close these altogether, or to reconstitute them on a sound basis. The financial condition of the generality of the village societies is good on the whole. There has been an increase in the amount of members' deposits, which have risen from Rs. 1,58,993 to Rs. 2,61,581, but they still form only a small proportion, less than one-fifth, of the total working capital. The Registrar notices rigidity as a defect in the existing system of finance. Although the societies have no difficulty in obtaining sufficient money for the ordinary needs of their members, they must lend out all their capital for this purpose, and have none left, until the repayment season comes round, to meet emergent demands for loans. In this respect a co-operative society is seriously handicapped in competing with the *mahajan*, who always has money at command. The expansion of the system of central banks should do much to remedy this difficulty.

The percentage of loans taken by the members of rural societies for productive purposes was 33·91, and for repayment of debts 48·79, while loans taken for social ceremonies, such as marriages, etc., amounted to only 4·36 per cent. These figures, which are very satisfactory, are similar to those of previous years, and show that the co-operative movement in the villages is not leading to extravagance or to any of the dangers of "facile" credit.

The report contains indications that the rural societies are influencing their members in directions other than those which are purely economic. In one thana in the Dacca district, the decrease in both civil and criminal litigation is attributed to the establishment of a co-operative society. In Midnapore, the societies are said to have decided over 100 village disputes during

the year. In Kalimpong, the very interesting minutes of a general meeting of a society show that the discussions ranged far beyond the financial requirements of their members to such subjects as the abuses of *hâts* and the evils of cigarette smoking, for the prevention of which practical measures were suggested. In other areas it is reported that monthly contributions to the village schools by the societies are becoming very common, and that the members display an eagerness to be instructed in such subjects as sanitation and agriculture.

6. Experiments in forms of co-operation other than those relating to credit are not yet numerous. The most interesting is a scheme started by the Mahakali Moslem Bank in the Dacca district at the instance of the Agricultural Department for the joint purchase of bonemeal for use as manure. It affords a good instance of the manner in which the Agricultural and Co-operative Departments can work together to enable the peasantry to take advantage of agricultural improvements which are beyond the means of the individual cultivator, and the Governor in Council hopes that it may be found possible to initiate further schemes of this nature.

7. The process of co-ordinating the divergent methods of work adopted in the two parts of the province, will require careful consideration and cautious handling. While it is desirable that improvements suggested by experience in one area should be introduced into the other, the Governor in Council has no doubt that the Registrar will realize the danger of unduly pressing new methods, however admirable, upon a rural population to whom the unknown or the unusual is always apt to be suspect.

The new Co-operative Societies Act, 1912 (II of 1912), came into force from 1st March 1912. The new rules necessitated by the Act and by the reconstitution of the province are at present under consideration.

8. Finally the Governor in Council desires to place on record his appreciation of the services rendered by the late Mr. Buchan and by Messrs. Scott and J. M. Mitra (the present Registrar of Co-operative Societies and the writer of the present excellent report), all of whom did admirable work during the year. By Mr. Buchan's premature death the province has lost an able and energetic officer whose sound commonsense and keen sympathy have left their impress in a remarkable degree on the movement whose progress he guided for four and-a-half years. Maulavi A. K. Fazlul Huq rendered excellent service as Assistant Registrar in the Eastern Bengal districts, and his resignation has deprived Government of an officer who showed great zeal in furthering the movement. He has recently been appointed an honorary organizer, and his experience of the department will make his work in that capacity especially valuable. His Excellency in Council acknowledges also the assistance rendered by district officials, and his special thanks are due to the honorary organizers and other non-officials who are mentioned in the report. They are still unfortunately few in number, but it may be hoped that the interesting and responsible work involved in the creation of central unions will induce gentlemen of position and education to come forward in larger numbers than at present to assist the movement.

By order of the Governor in Council,

J. H. KERR,

Secretary to the Govt. of Bengal.

RESOLUTION ON THE EMBANKMENT AND DRAINAGE REPORTS FOR THE YEAR 1911-12.

No. 5668*I*.

GOVERNMENT OF BENGAL.

IRRIGATION DEPARTMENT.

Dated Calcutta, the 23rd December 1912.

RESOLUTION.

READ—

The Embankment and Drainage Reports for the year 1911-12.

The expenditure incurred on works and repairs (exclusive of book charges for Establishment and Tools and Plant) during the year amounted to Rs. 6,42,335.

2. The total length of embankments of all classes maintained by Government in this Presidency is 1,356 miles and 966 feet, and these protect an area of 3,786,124 acres. These embankments are generally effective against ordinary high floods, but a few are liable to be overtopped during exceptionally high floods.

3. *Floods.*—There were no high floods during the year in any of the rivers, except in the Damodar and Ajai rivers in the South-Western Circle. The floods in the Damodar did no damage to the embankments while the damage to crops in the spill area appears to have been very slight. The flood-level in the Ajai river was only 2 inches lower than the highest recorded flood of 15th July 1899. There were three breaches in the Ajai right embankment (schedule D No. 29), while embankments Nos. 27 and 28 were overtopped at several places. Some damage was done to standing crops and houses.

4. *Breaches.*—Altogether five breaches occurred in schedule D embankments in the South-Western Circle, viz., one in the 13th mile of the Chetua Circuit embankment, one in the 35th mile of the Bhagirathi embankment and three in the 3rd, 4th and 5th miles of the Ajai right embankment.

5. *Surveys and Investigations.*—The survey of schedule D embankments in the Luchmapur subdivision of the Cossye Division was completed during the year. Survey was also made of the schedule D embankments in the Panskura subdivision.

Surveys for the drainage of the country within the Hara basin were completed during the year.

Another survey was also made for the proposed retired line at Diamond Harbour.

The survey of the Moraganga river from Garia to Surjipur was in progress during the year.

6. *Original Works.*—The outlay under this head during the year amounted to the sum of Rs. 27,081 which was chiefly expended on the re-excavation of the Kausiki channel, and on the construction of inspection bungalows at Uttarbhag and Gillarchat and office and quarters for the Public Works Department Subdivisional Officer, Diamond Harbour.

7. *Ordinary repairs.*—The expenditure during the year was Rs. 3,71,803 as against Rs. 4,23,290 in the year 1910-11. The reduction in outlay was due to the fact that there was less expenditure during the year on retired lines.

8. *Retired lines.*—During the year the amount spent on retired lines including breach-filling and flood-damage repairs was Rs. 1,17,361 as against Rs. 1,81,375 in the preceding year.

9. *Works undertaken under the provisions of the Bengal Drainage Act VI of 1880.*—The Dankuni, Howrah, Rajapur and Burrajolla drainage works in charge of the Executive Engineer, Northern Drainage and Embankment Division, were maintained in good order during the year at a cost of Rs. 12,951 against the average amount of Rs. 11,300 fixed for their maintenance. The maintenance charges of all these works were capitalized and included in the capital cost of the projects payable by the persons benefited. As a result, the [illegible] liability of maintaining the works in perpetuity rests upon Government.

10. *Works undertaken under the provisions of the Bengal Sanitary Drainage Act VIII of 1895.*—The only work which has as yet been carried on under this Act is the Magra Hât Drainage Scheme in the 24-Parganas District, the object being to drain the swamps in an area of 290 square miles around Magra Hât, within the embankments of the 24-Parganas. The work is estimated to cost Rs. 21,20,966, and the expenditure up to date amounts to Rs. 19,46,580, of which Rs. 1,06,530 were expended during the year. The work is nearly completed.

11. *Drainage works carried out under the provisions of the Bengal Embankment Act II of 1882.*—A second revised estimate amounting to Rs. 1,65,549 for the Argowal Drainage Project in the Midnapore District was sanctioned during the year and the construction of the bridges over the main drainage khal was in progress. The improvement of some minor drainage channels and the raising of the banks of the main drainage khal to the sanctioned height still remained to be done at the end of the year. The total expenditure on the project to the end of the year amounted to Rs. 1,52,588. The work of the extension of the Panchannagram embankment, taken up in 1909-10, was in progress during the year under report, the outlay of the year amounting to Rs. 5,078. For draining a portion of the Tangraberiah basin, the construction of a one-vented sluice at Goredoho on the left bank of the Peali river was nearly completed, the outlay during and to the end of the year being respectively Rs. 7,247 and Rs. 9,184. Work in connection with the three-vented sluice at Alampur in the 15th mile of the Hooghly left embankment was in progress, the outlay of the year being Rs. 17,647. The construction of a seven-vented sluice at Mahamaya on the right bank of the Moni river at an estimated cost of Rs. 96,084 was taken in hand, and an expenditure of Rs. 5,111 was incurred during the year. A large number of sluices in the schedule D embankments are maintained under the provisions of this Act. at the cost of the estates benefited.

12. *Drainage works carried out at the cost of Government but not under the provisions of any Act.*—The construction of the main drain of the Bagjolla Drainage Scheme with its outfall into the Kristopur canal, which was taken in hand in the previous year for the efficient drainage of certain municipalities in the 24-Parganas District near Calcutta was completed during the year with the exception of the closing of the culvert at its head. The total expenditure to the end of the year was Rs. 73,672 against the sanctioned estimate for Rs. 1,28,439, the outlay of the year being Rs. 40,073. The land charges have not yet been finally adjusted by the Civil Department. The work has proved very satisfactory, and it is expected that, with the improvement of its subsidiary drains, the sanitary condition of the locality will be greatly improved.

The construction of a masonry sluice and a retired line of embankment for the drainage of the Government Estate Tona in the 24-Parganas District was completed during the year. The work was made over to the Collector of the district in September 1911.

13. *Maintenance and Repairs.*—The Bullee bhil drainage works in the 24-Parganas District, the Balliaghye main and branch drains and the 22 khas tahsil khals in the Midnapore District were maintained by this Department.

ORDER—Ordered that a copy of the Resolution be published in the Supplement to the *Calcutta Gazette*, and that a copy thereof and of the appendices be submitted to the Government of India, Public Works Department, for information.

Ordered also that copies of the Resolution and of its appendices be forwarded to the Revenue and Financial Departments of this Government, the Commissioners of the Presidency, Burdwan, Rajshahi, Dacca and Chittagong divisions, the Director-General of Commercial Intelligence, the Superintending Engineers, South-Western, Central, Northern and Eastern Circles, and the Accountant-General, Bengal, for information.

By order of the Governor in Council,

F. A. A. COWLEY,

Deputy Secretary to the Government of Bengal.

RESOLUTION.

Administration Report on the Howrah Bridge for the year 1911-12.

READ—

The Administration Report on the Howrah Bridge for the year 1911-12.

THE income derived from the bridge during the year 1911-12 amounted to Rs. 2,41,708, and the expenditure, to Rs. 2,14,450 as against Rs. 2,28,250 and Rs. 2,18,388, respectively, in 1910-11.

The receipts from railway traffic, the main source of revenue, show an increase of Rs. 7,910 over those of the previous year. There was also an increase, in the earnings of the ferry steamers, of Rs. 1,425.

2. The following statement shows the number of vessels that passed through the bridge during 1911-12 and the four previous years:—

	1911-12.	1910-11.	1909-10.	1908-09.	1907-08.

Secretary.

DEPARTMENT OF AGRICULTURE, BENGAL.

First Forecast of the Spring Oilseed Crops of Bengal, 1912-13.

(NOTE.—On the average of the five years ending 1910-11 the area under linseed in Bengal represents some 7·5 per cent., and that under rape and mustard 22·9 per cent., of the total area under these crops in British India.)

Explanatory.—Three forecasts are issued for the spring oilseed crops. The first forecast deals only with the area sown and the general condition of the crops.

Area sown.—Oilseeds are chiefly grown in the Dacca, Rajshahi and Presidency Divisions. In the other two Divisions the area under the crops is limited. The total area under the crops sown up to now this year (excepting *til* for which separate forecasts are issued) is reported to be 1,573,600 acres against 1,574,900 acres last year.

Character of the season.—The rainfall in September and October was general and sufficient for the sowings of the crops in normal time. The sowings were a little late only in Khulna, Malda and Noakhali, and in parts of Jalpaiguri, Dacca and Chittagong. There were good showers of rain in the beginning of November which generally favoured the growth of the crops. The season has been on the whole favourable, and the present condition of the crops is reported to be fairly good.
